

Soul Eater post 5

Raven of the Saintry
DAV

What happened

I-I is it already-

N-nothing, my dear, just a nightmare...

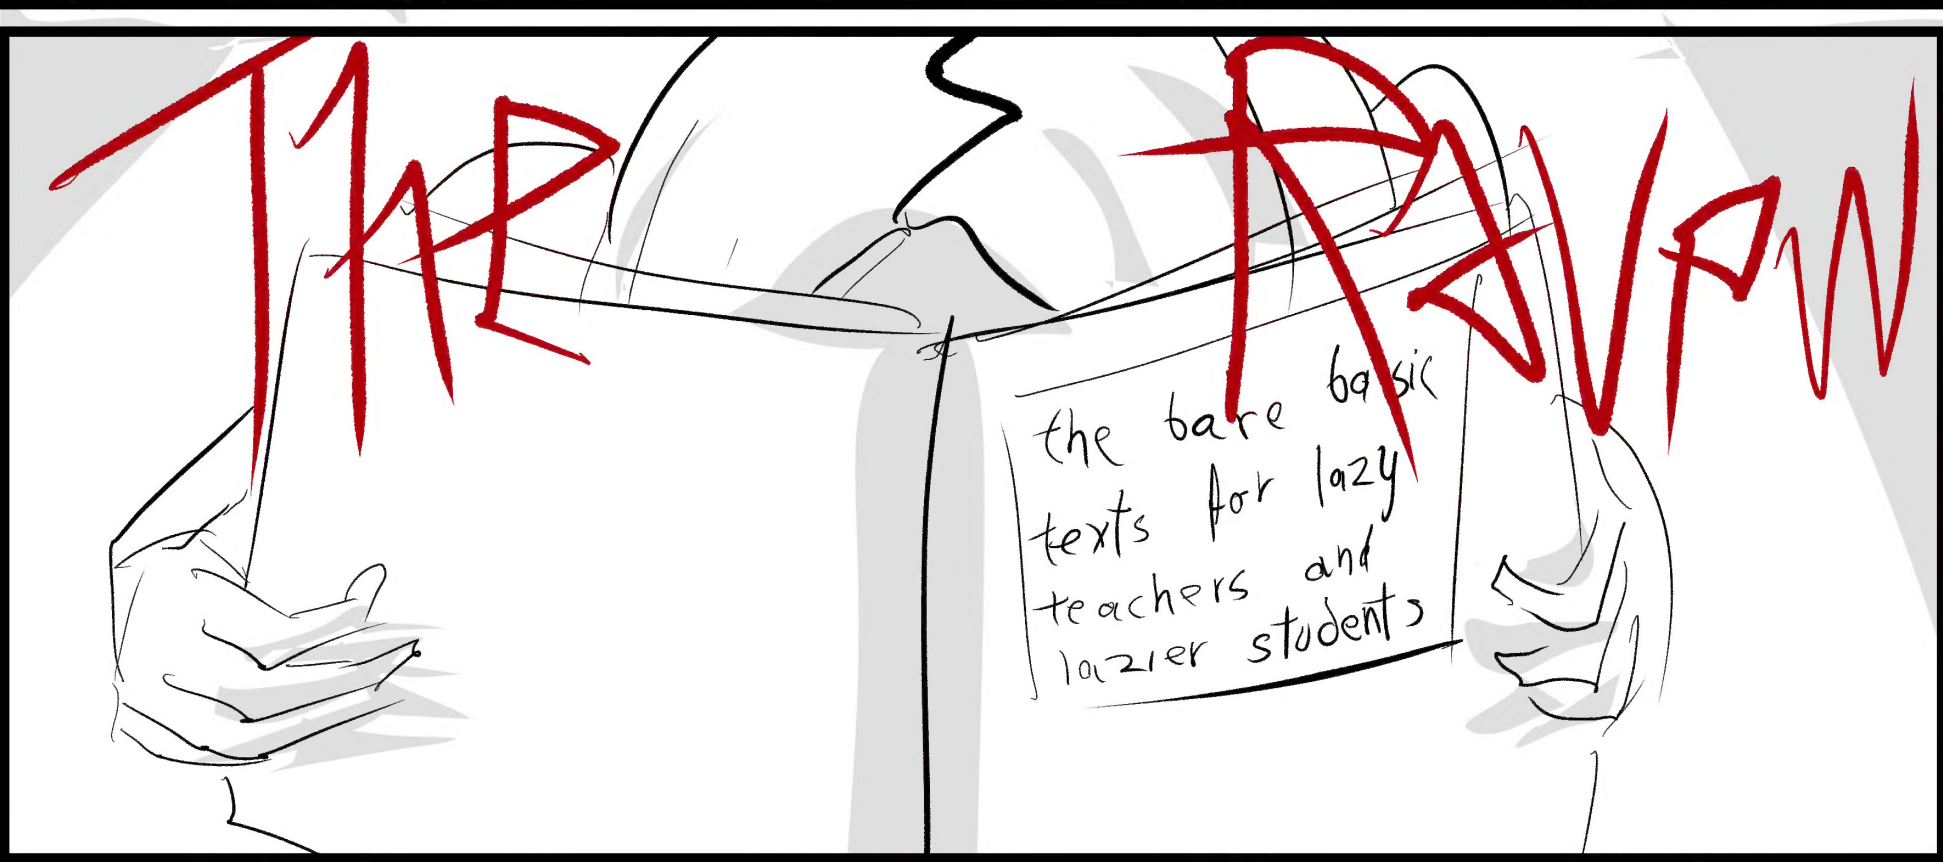

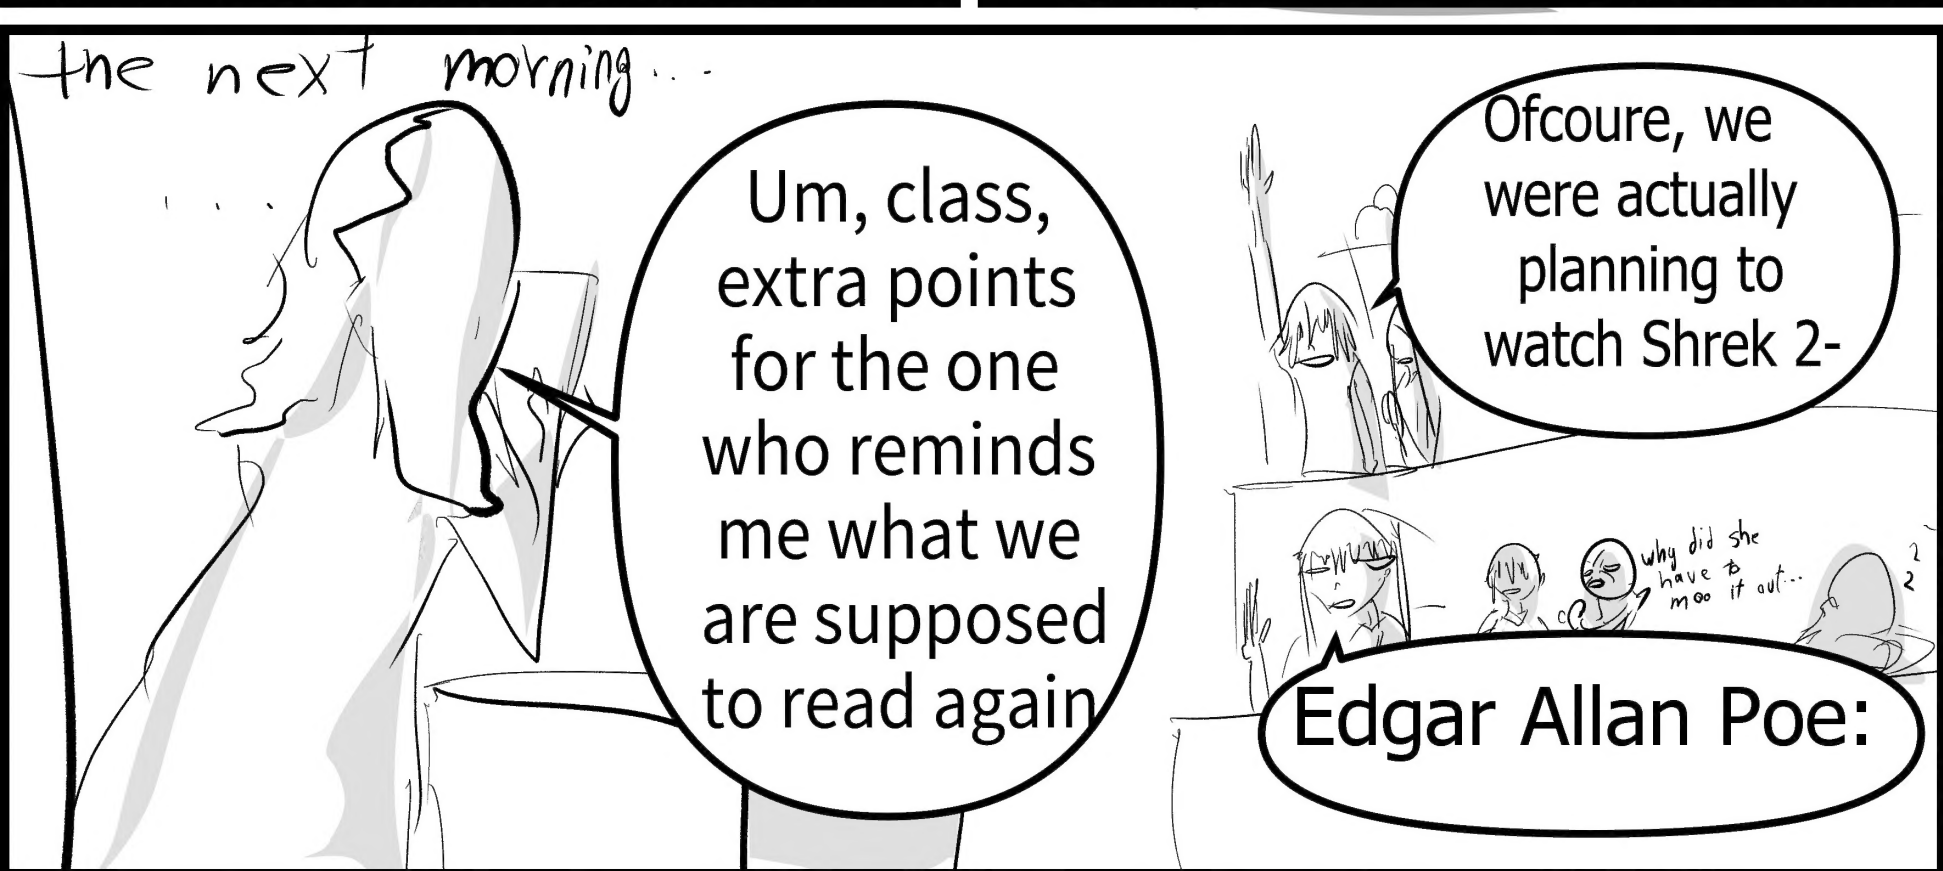

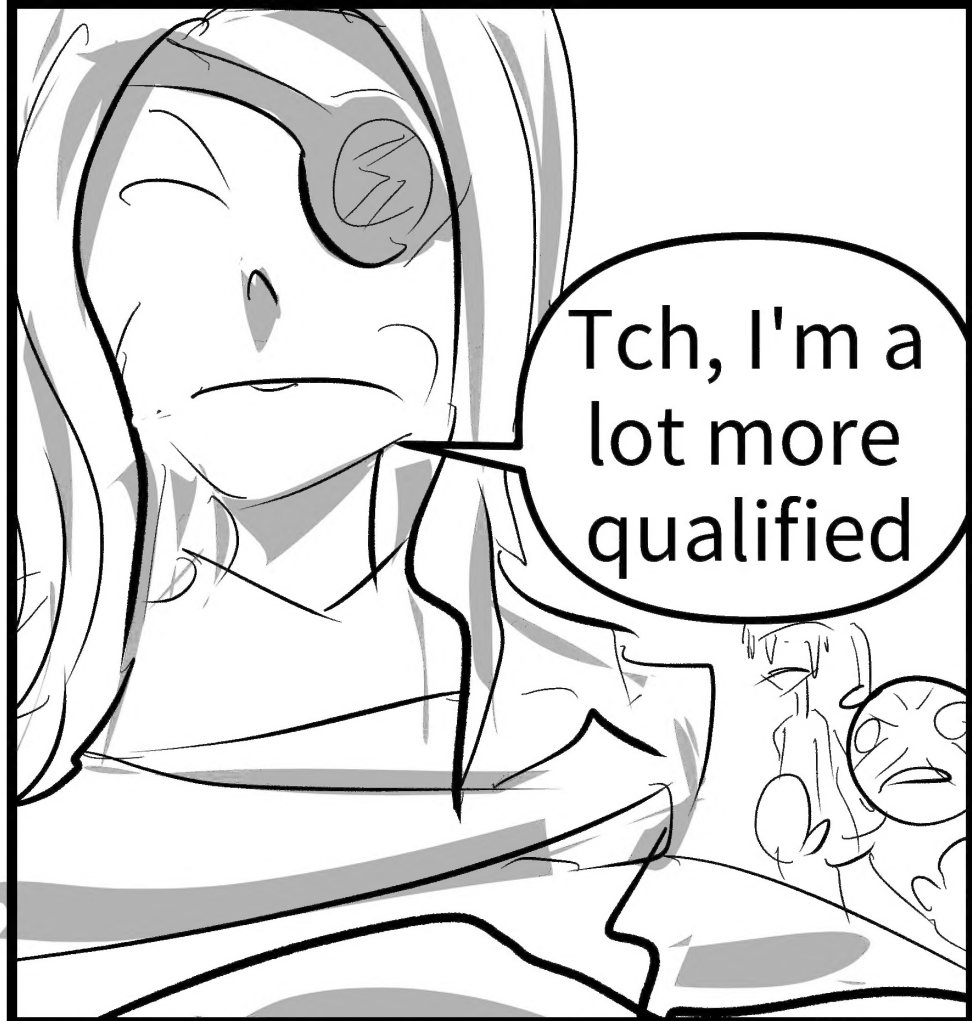

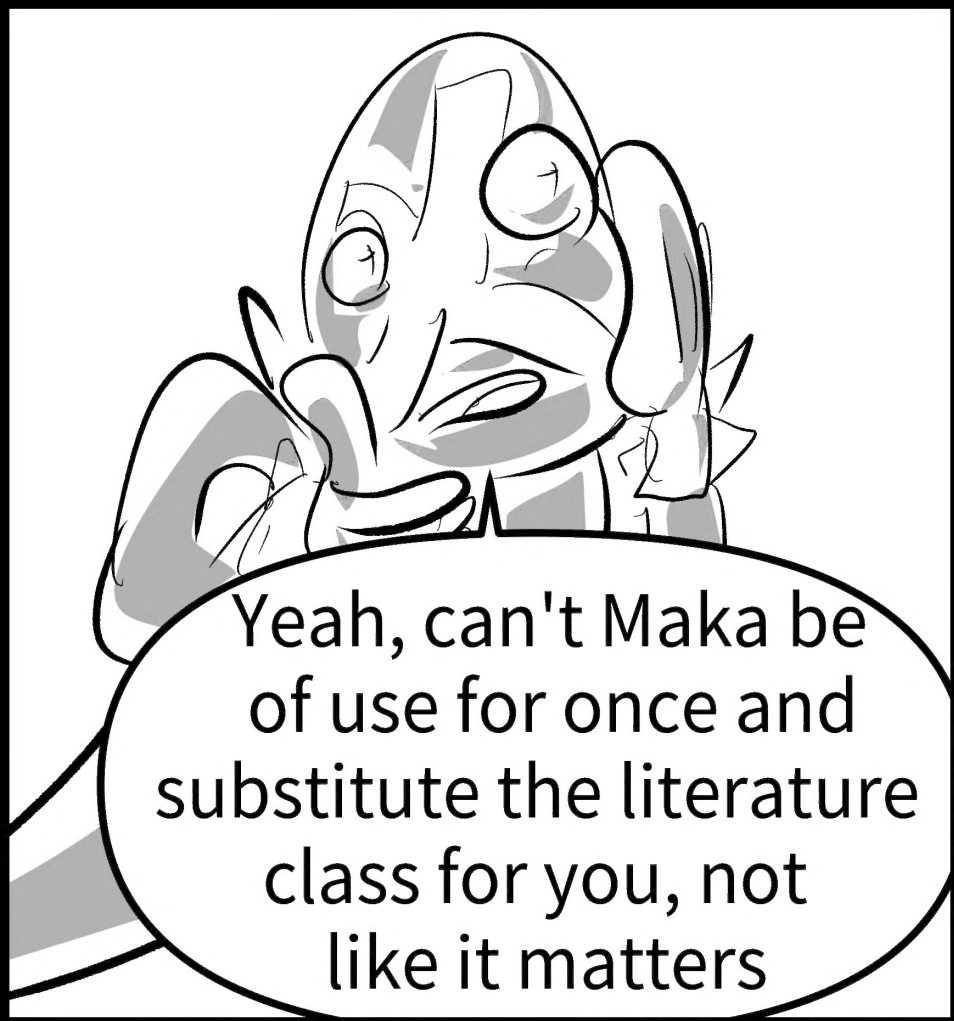

M-maybe you should call in sick tomorrow

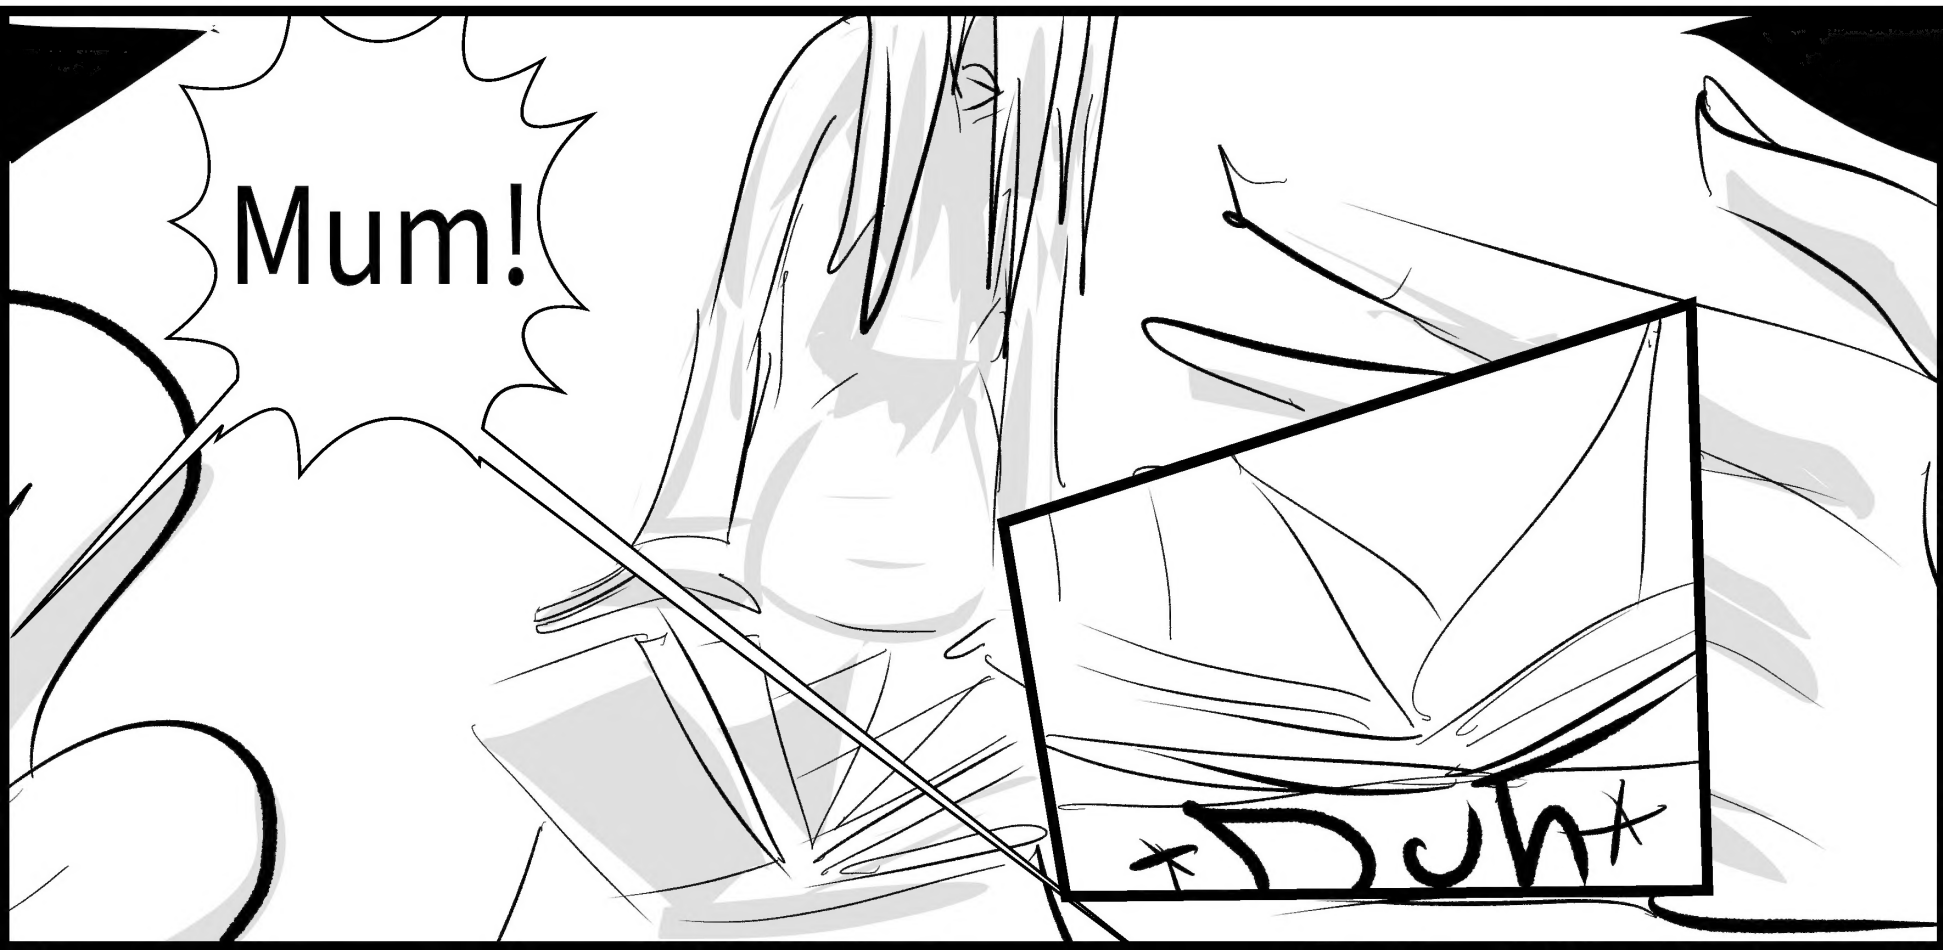

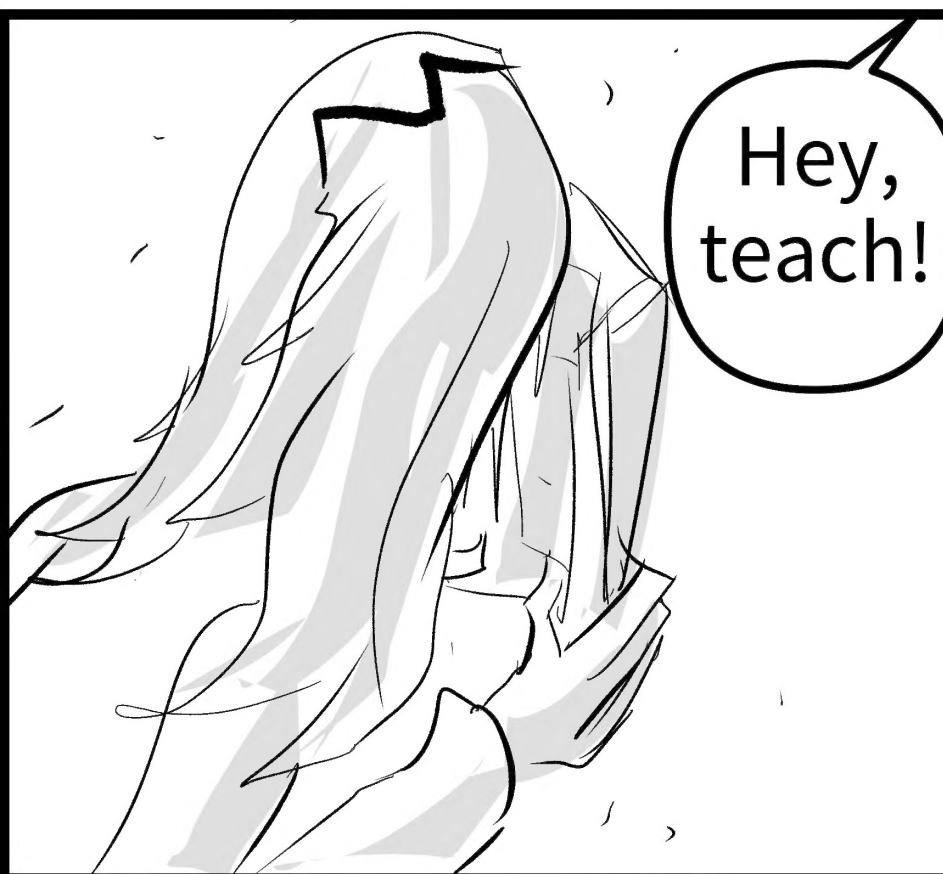

Yeah, let's stay at home

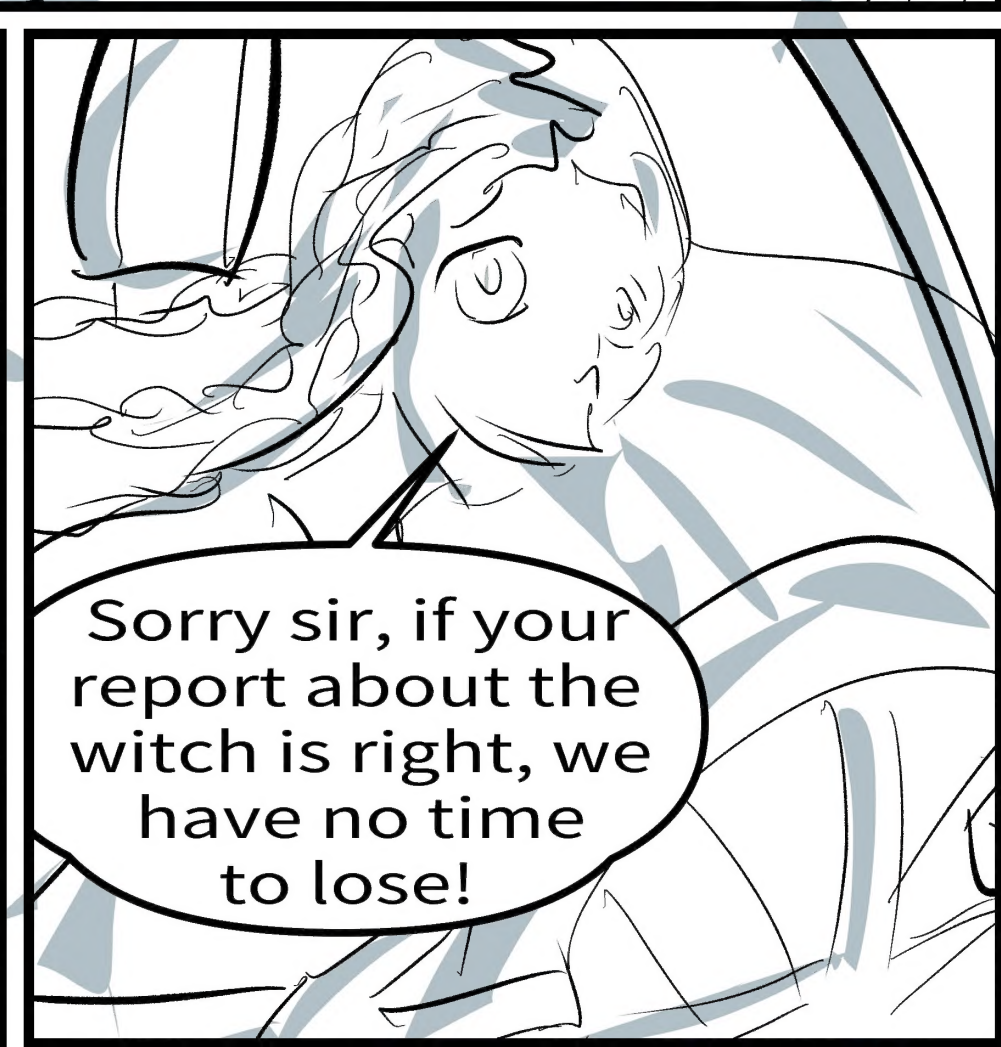

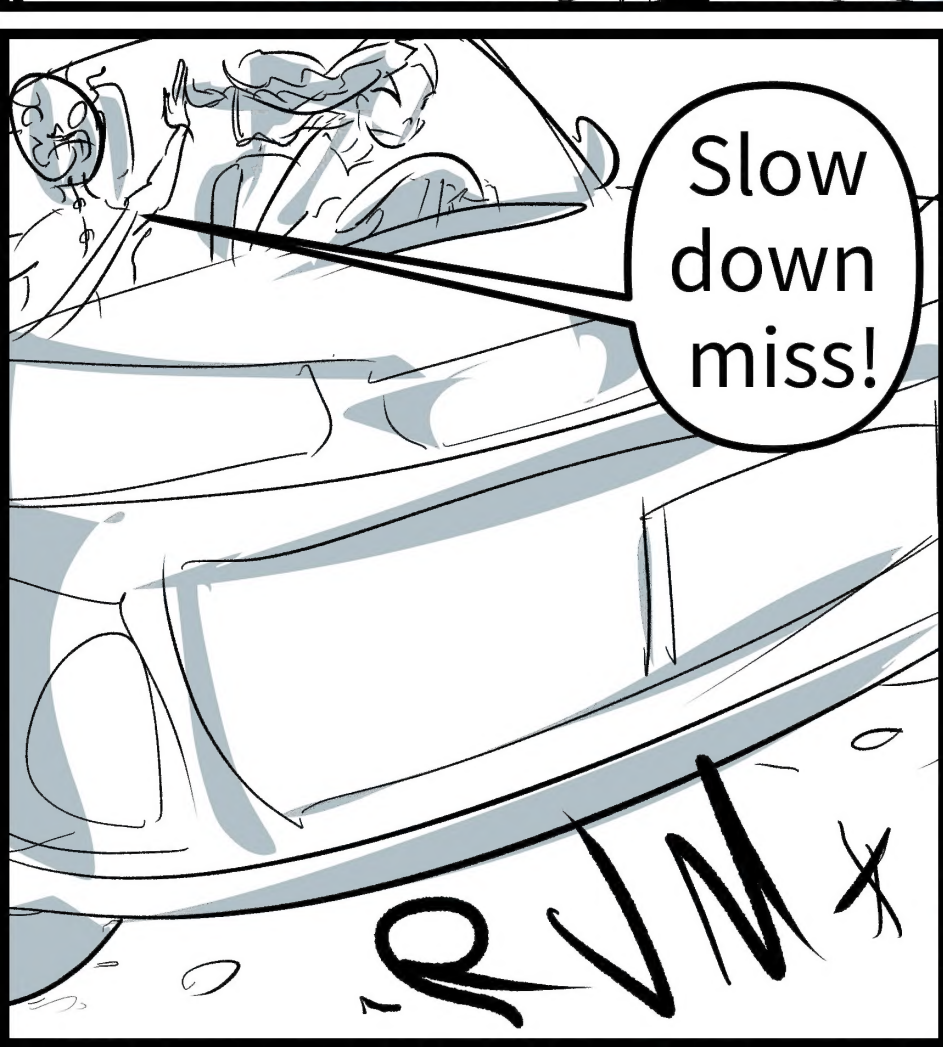

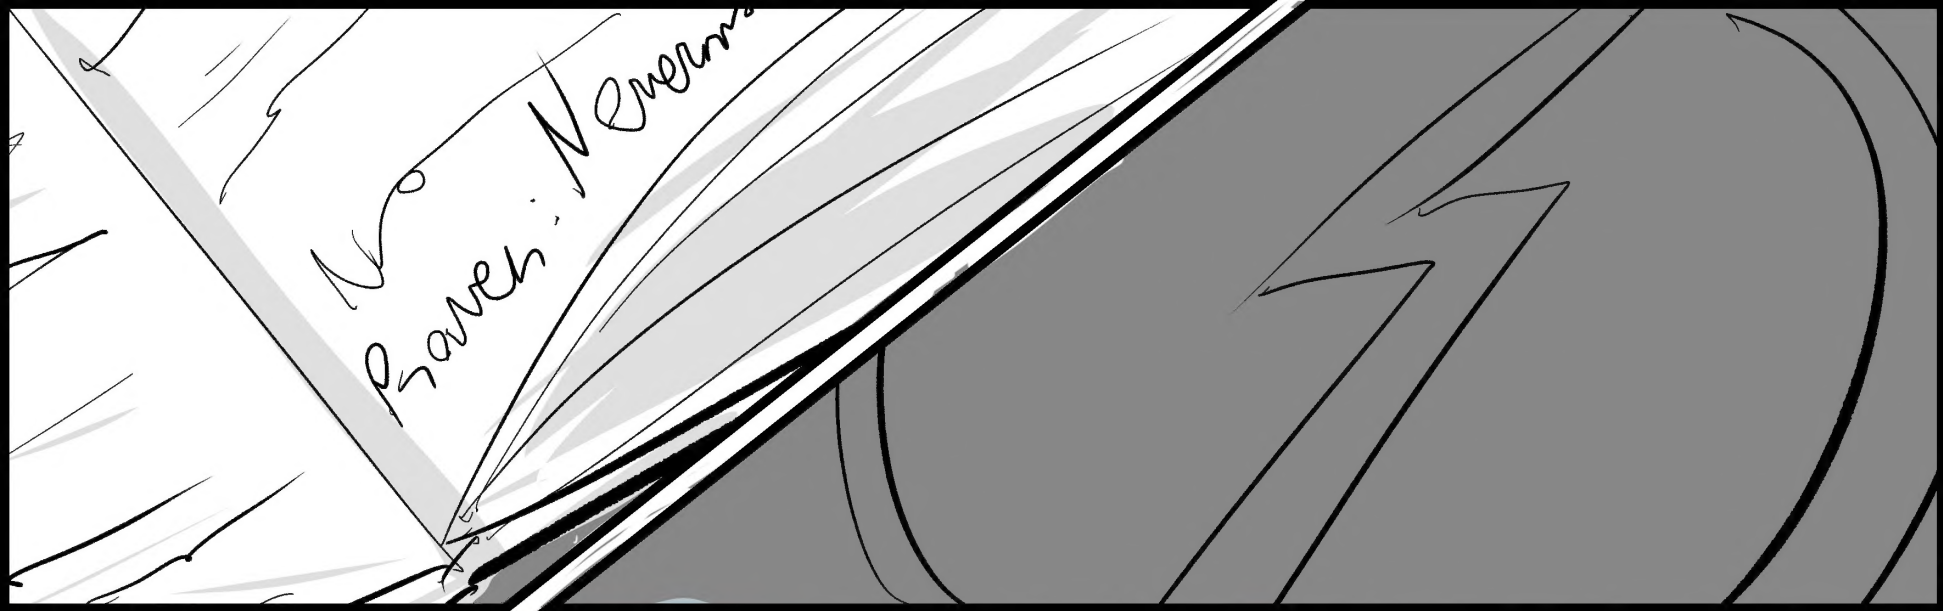

Nono, with all the teachers away, somebody has to hold the fort

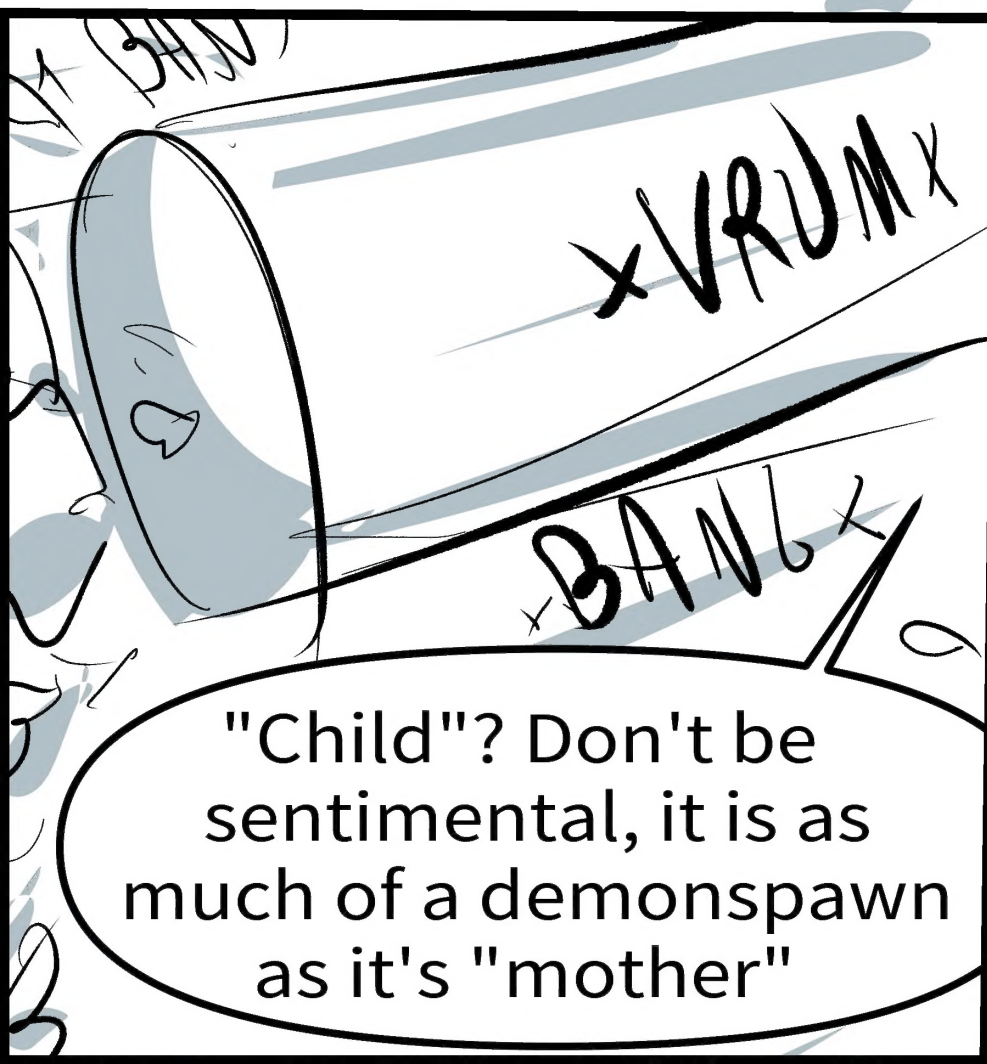

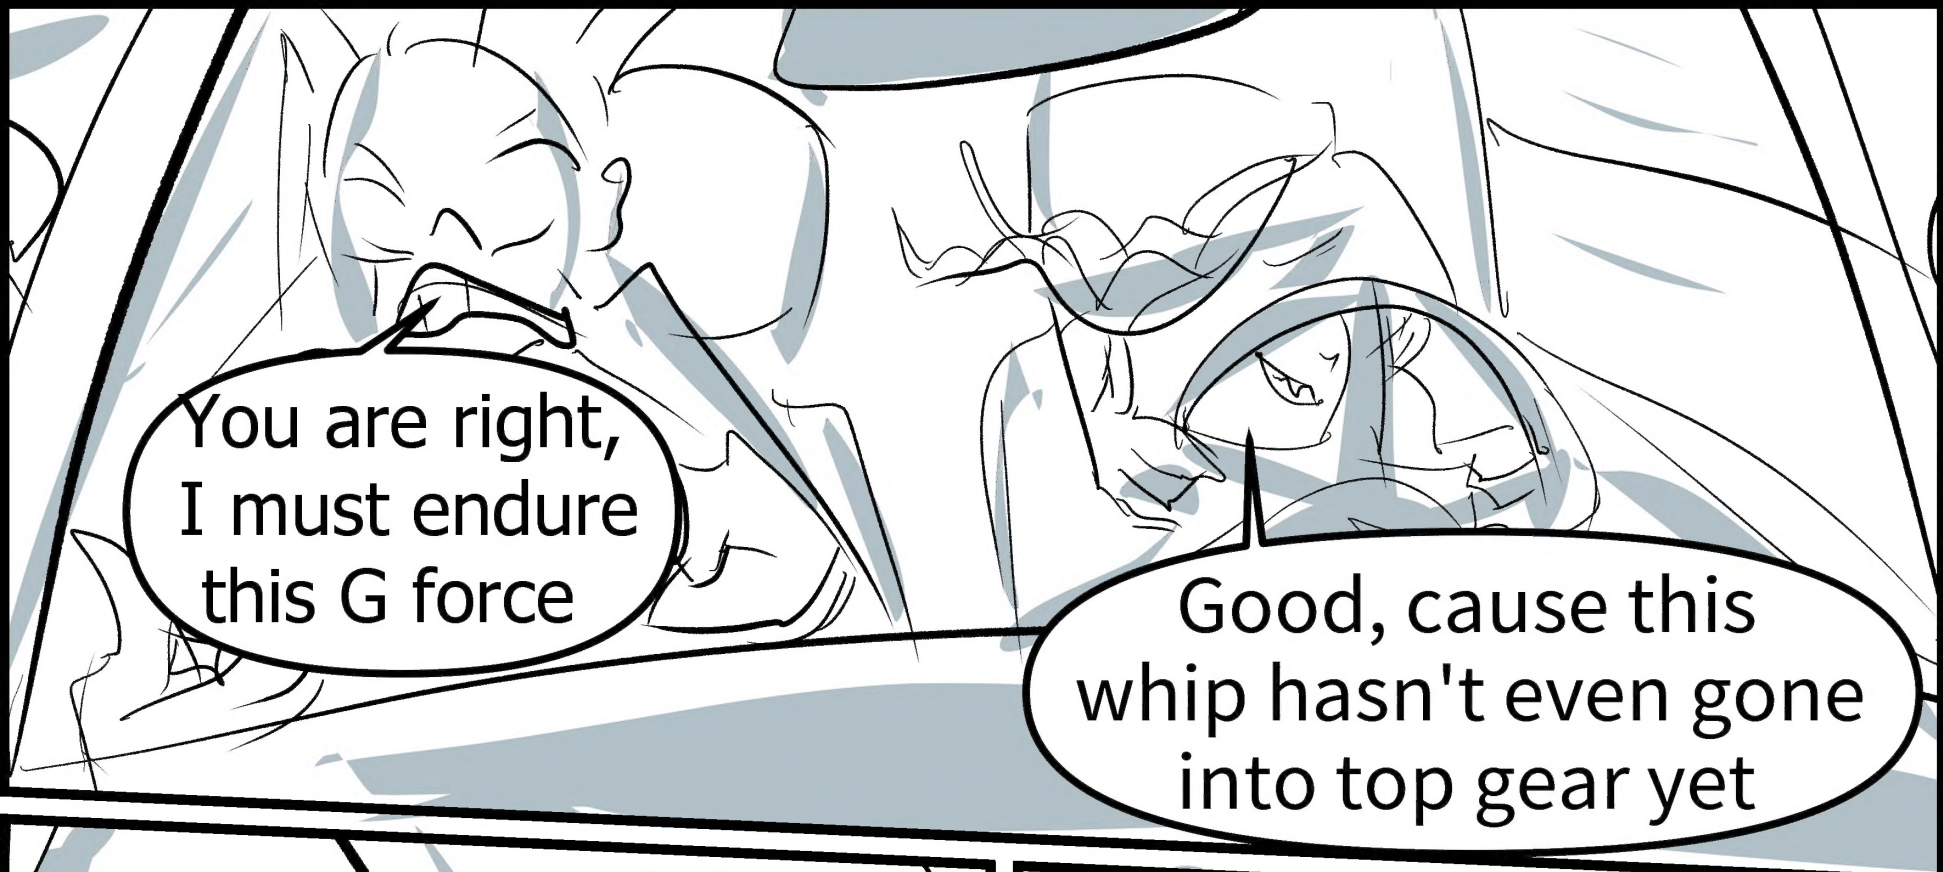

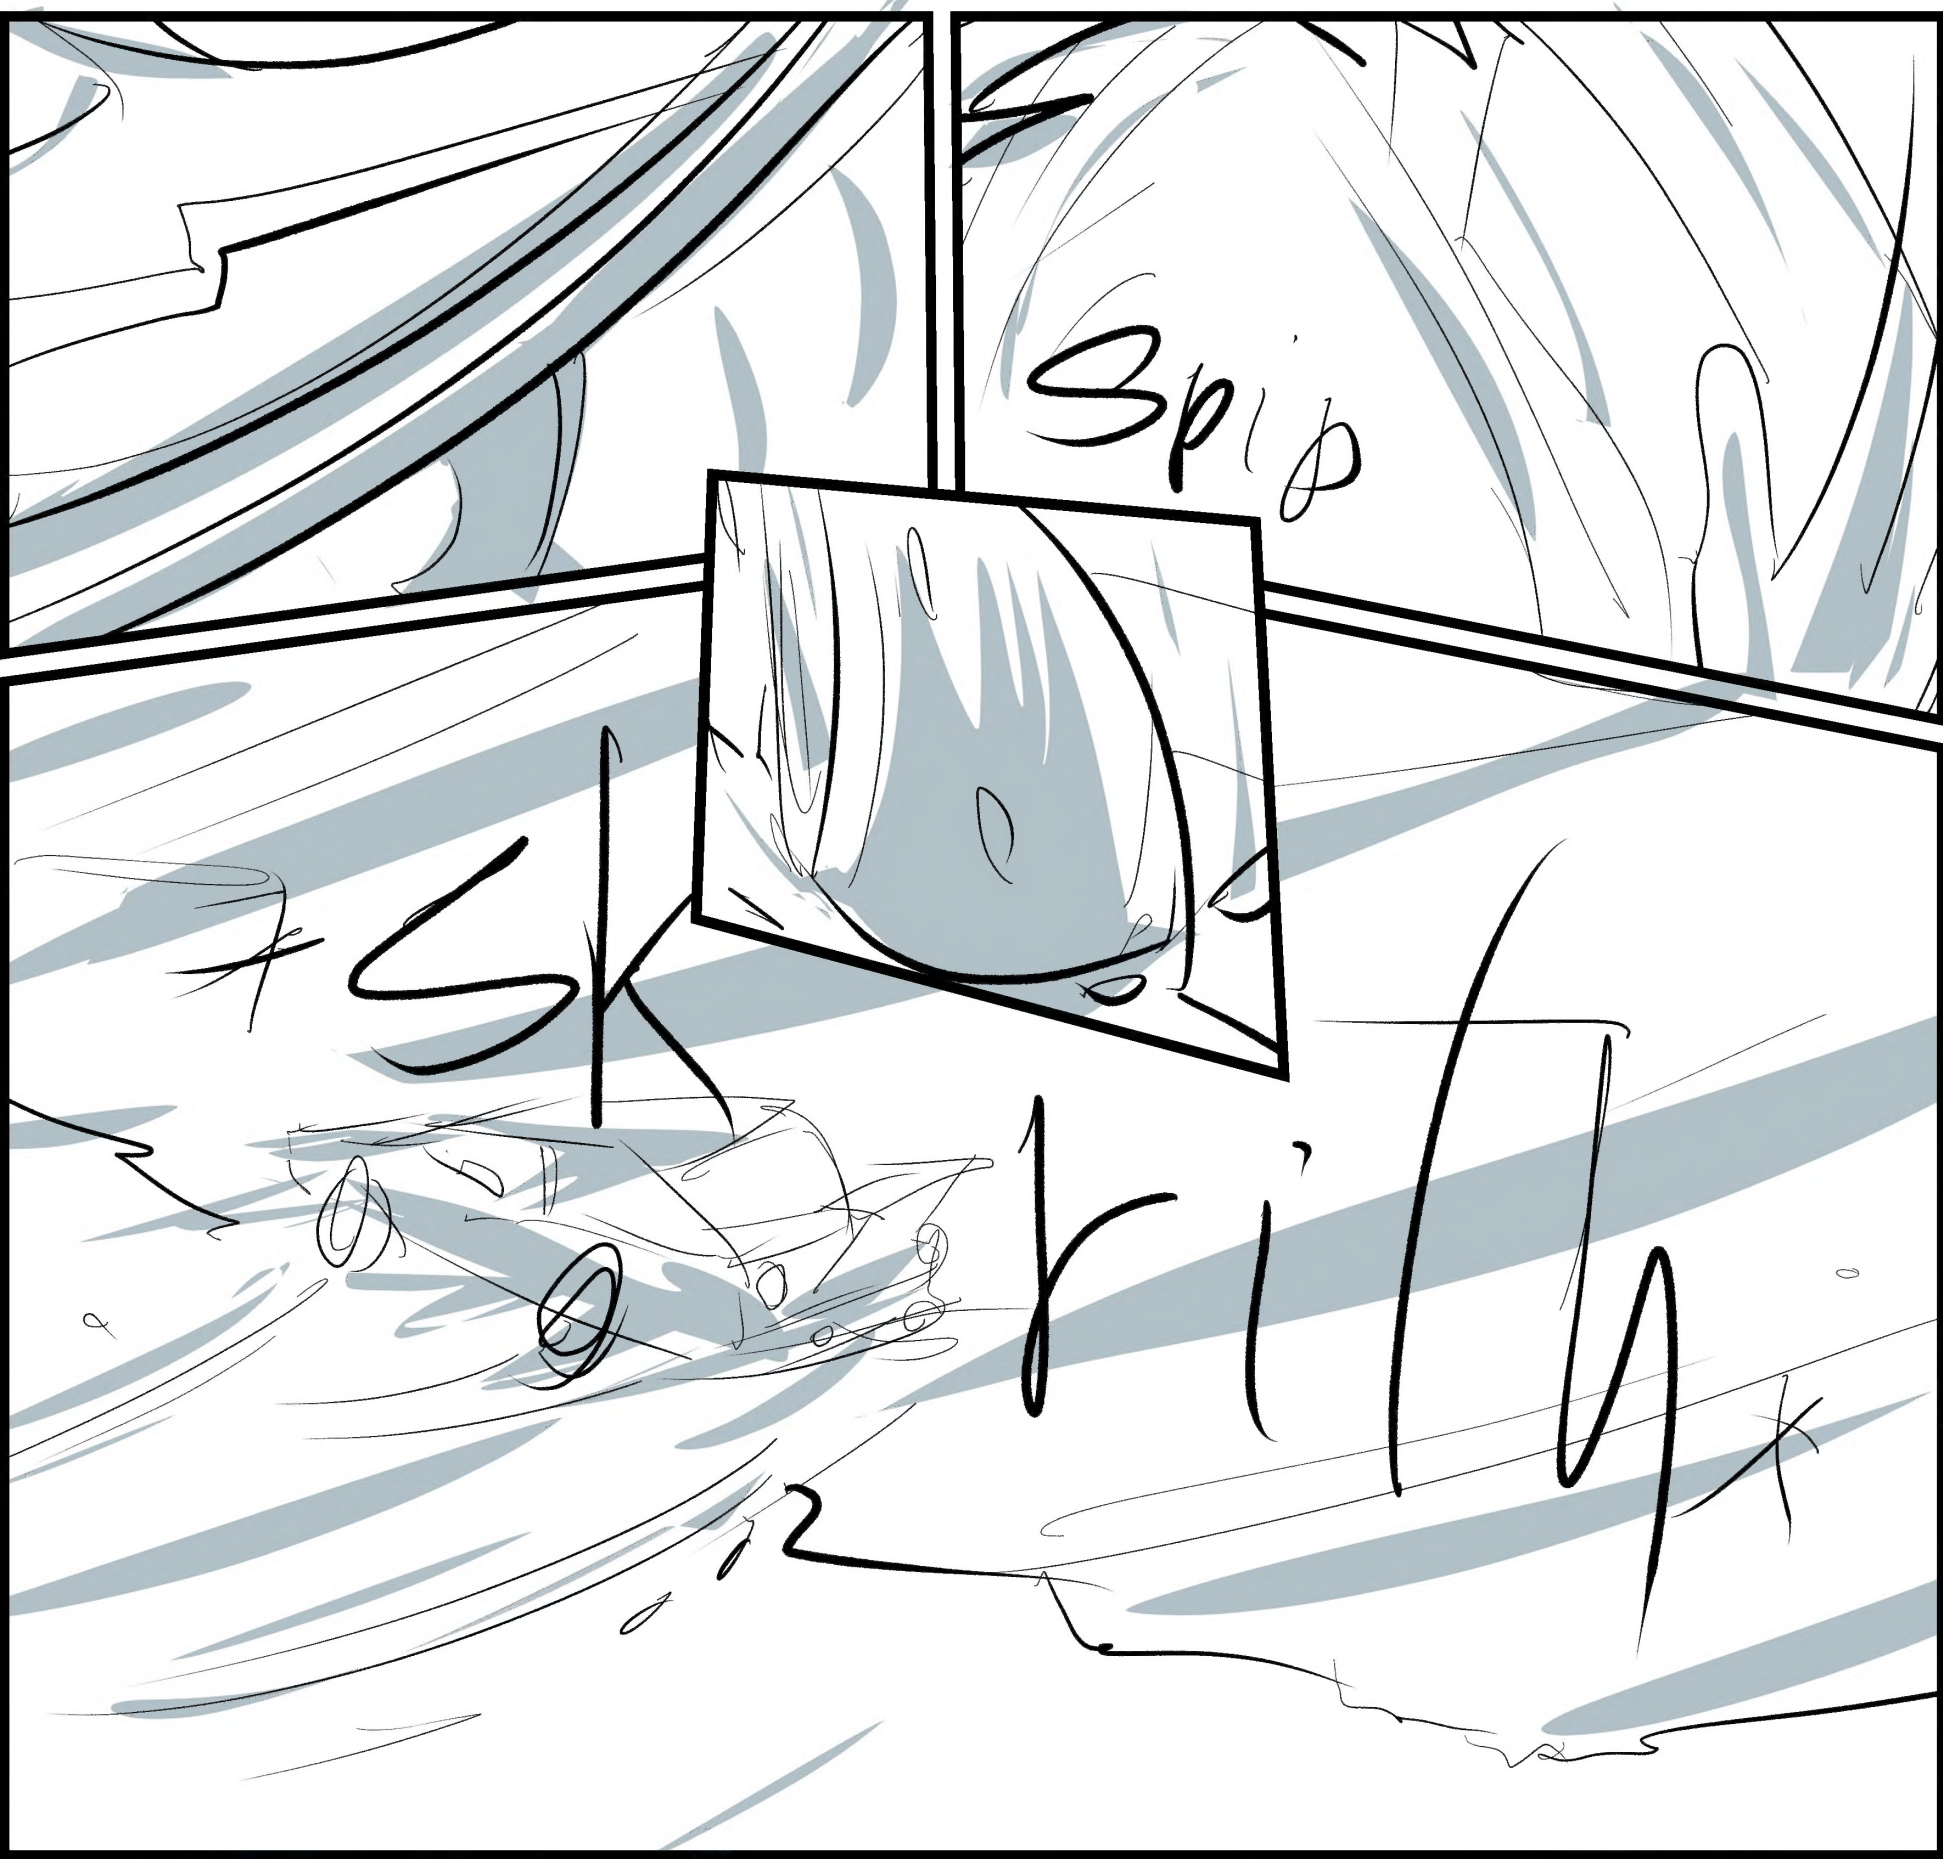

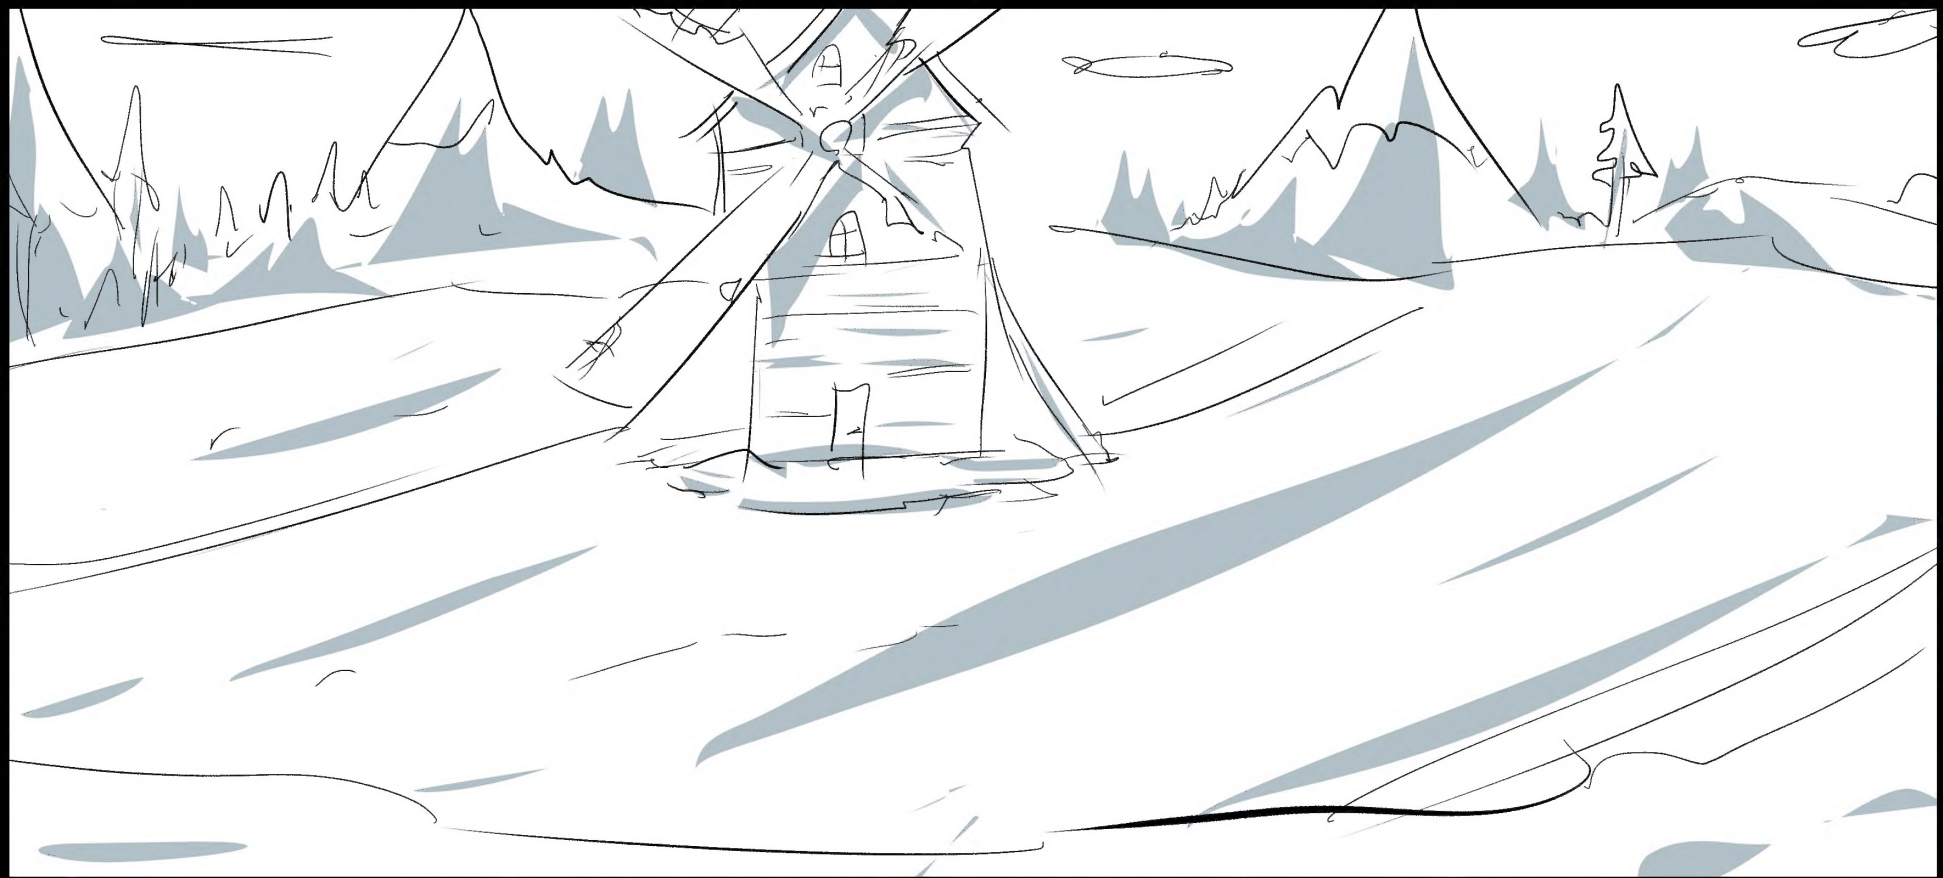

Please, don't overdo it...

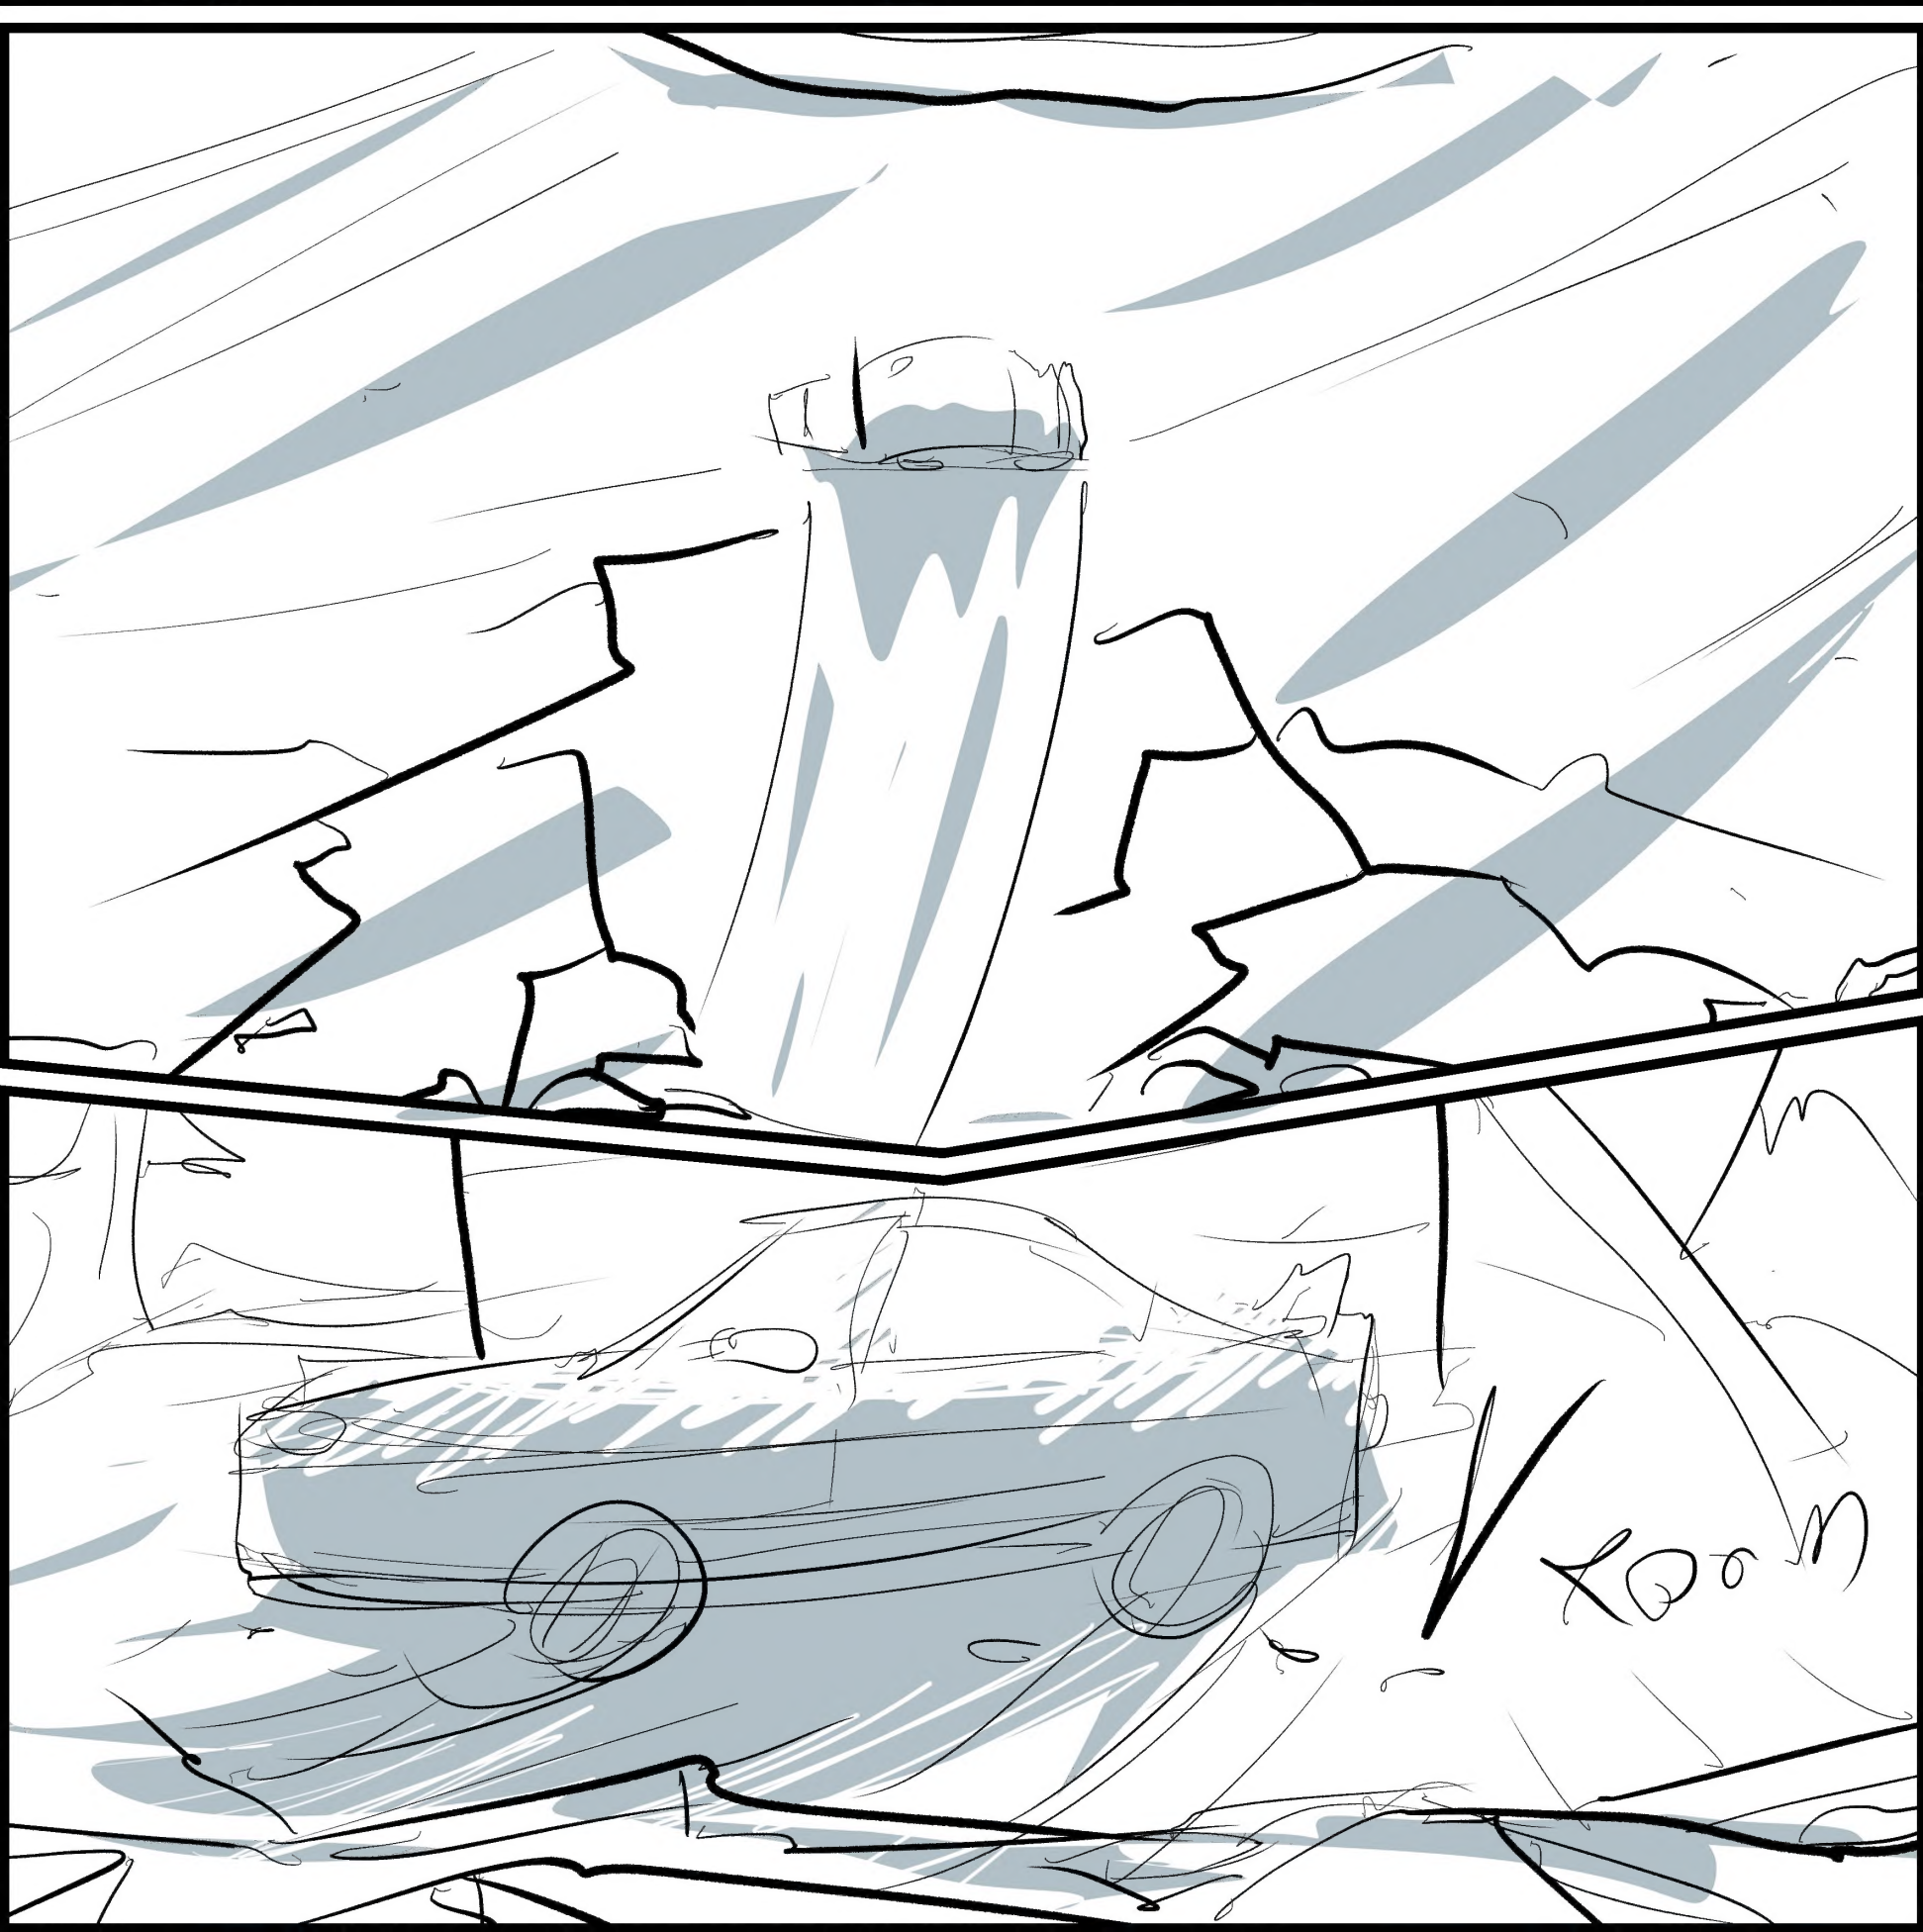

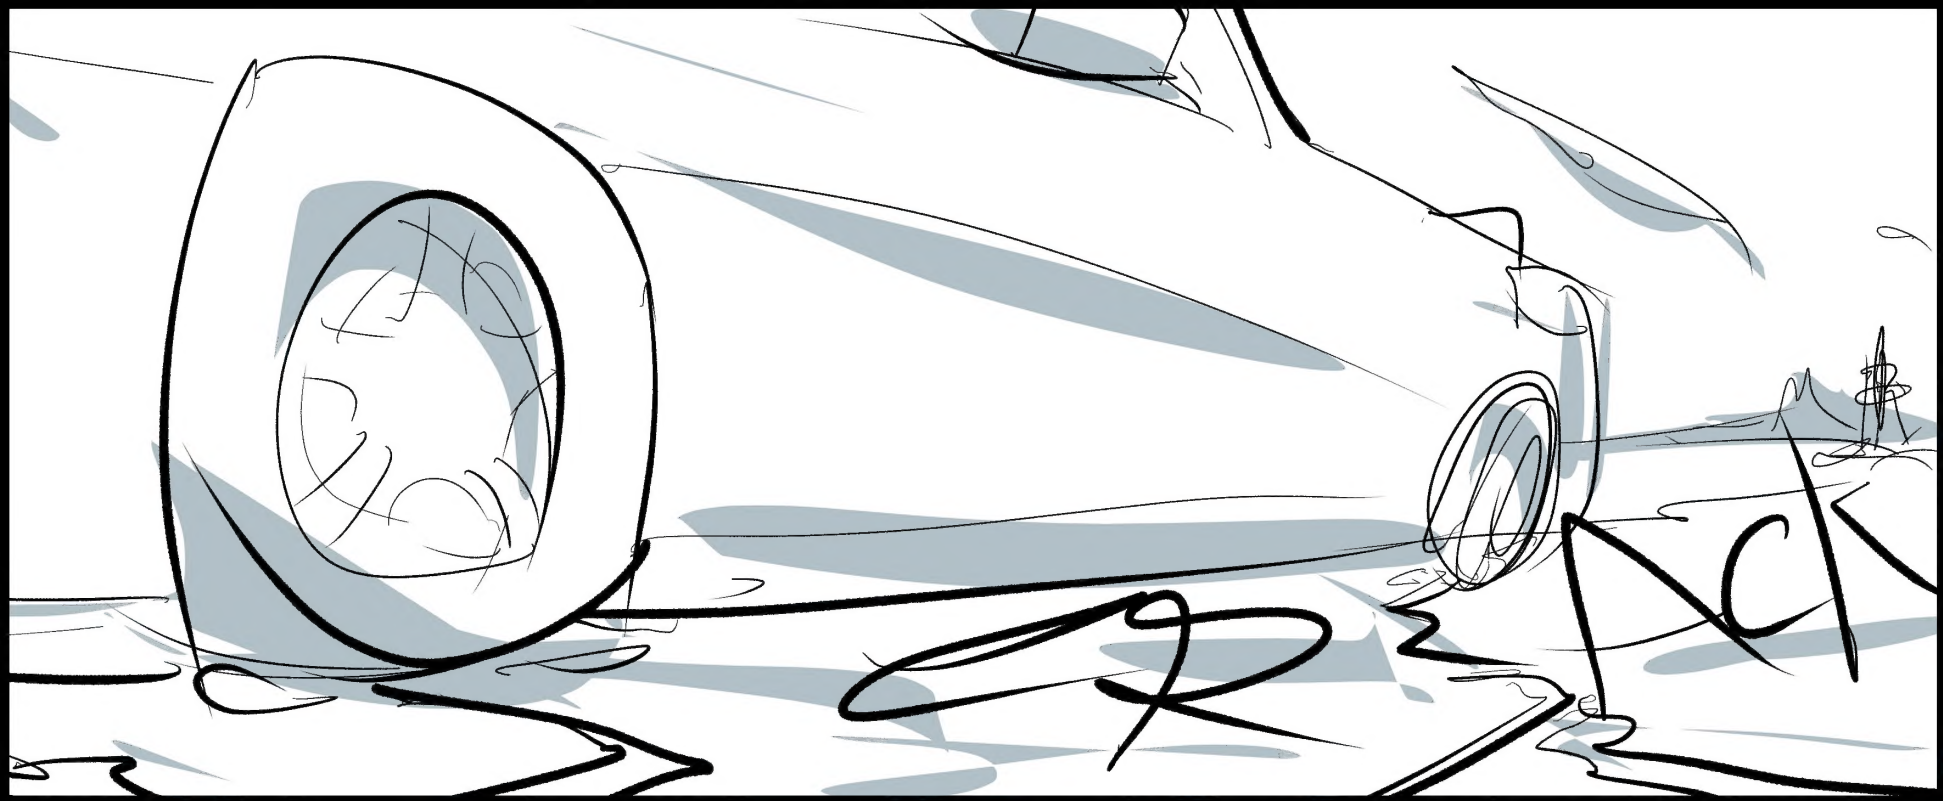

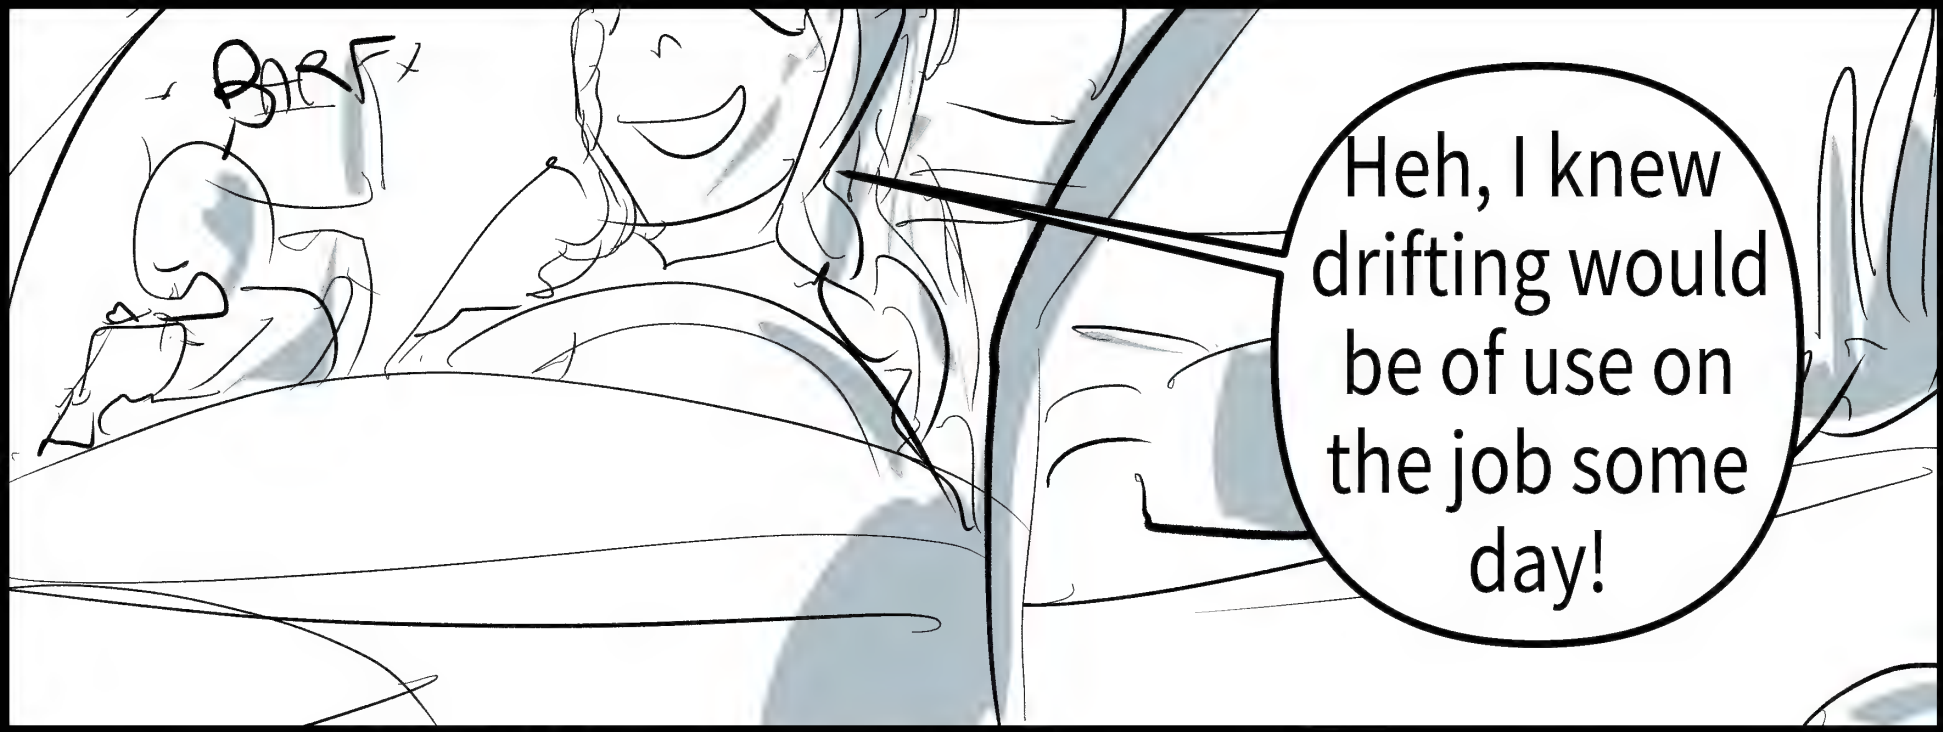

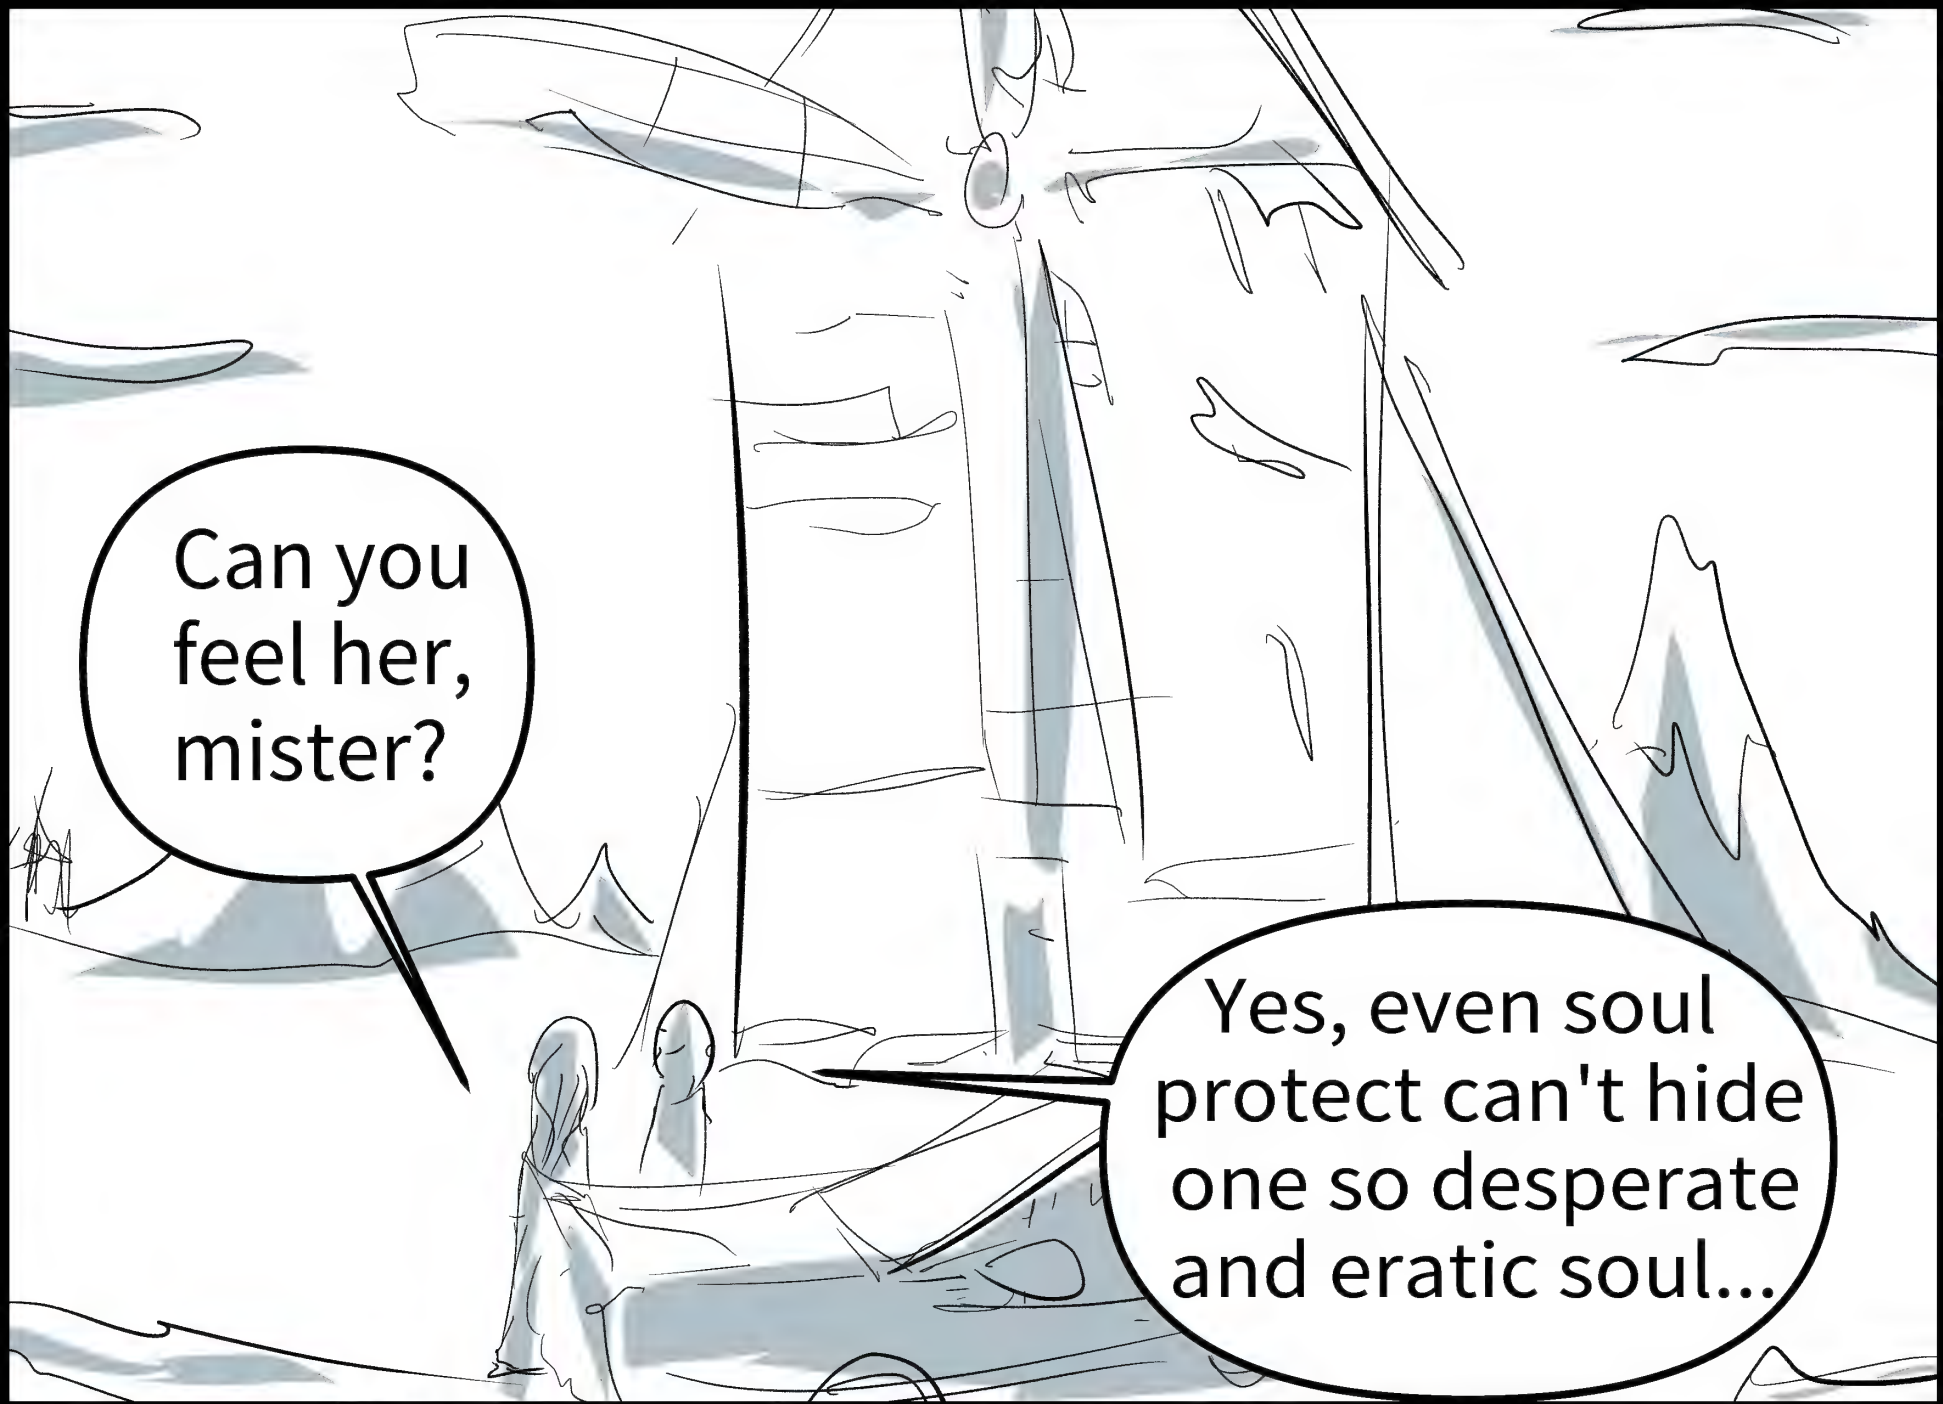

Heh, I knew drifting would be of use on the job some day!

Now, let's "break the ice" inside there too...

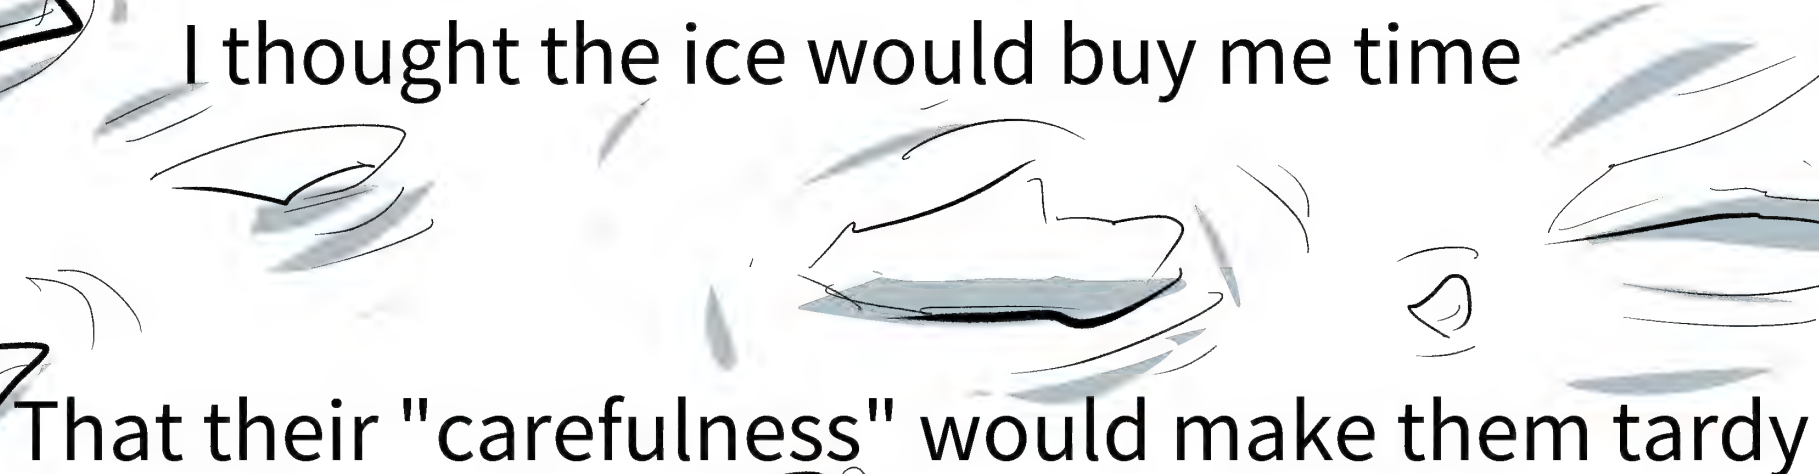

Can you
feel her,
mister?

Yes, even soul
protect can't hide
one so desperate
and eratic soul...

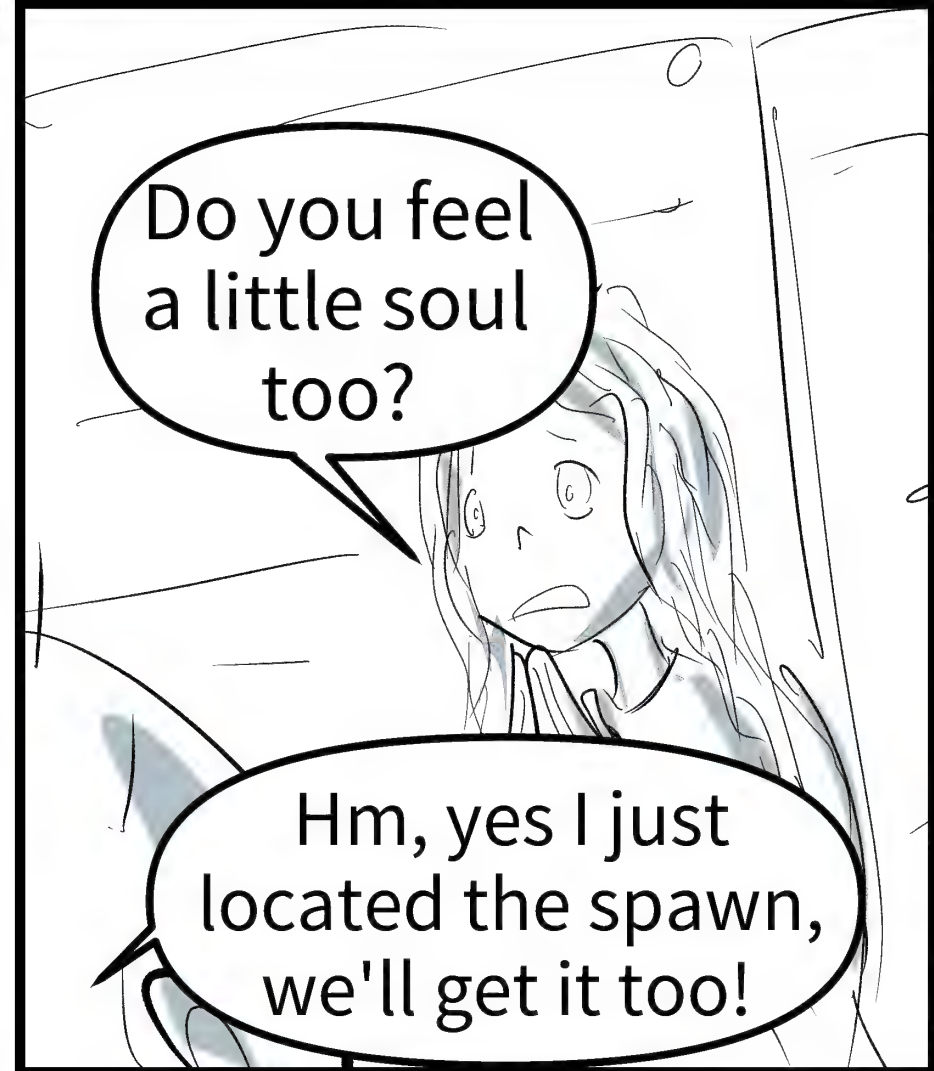

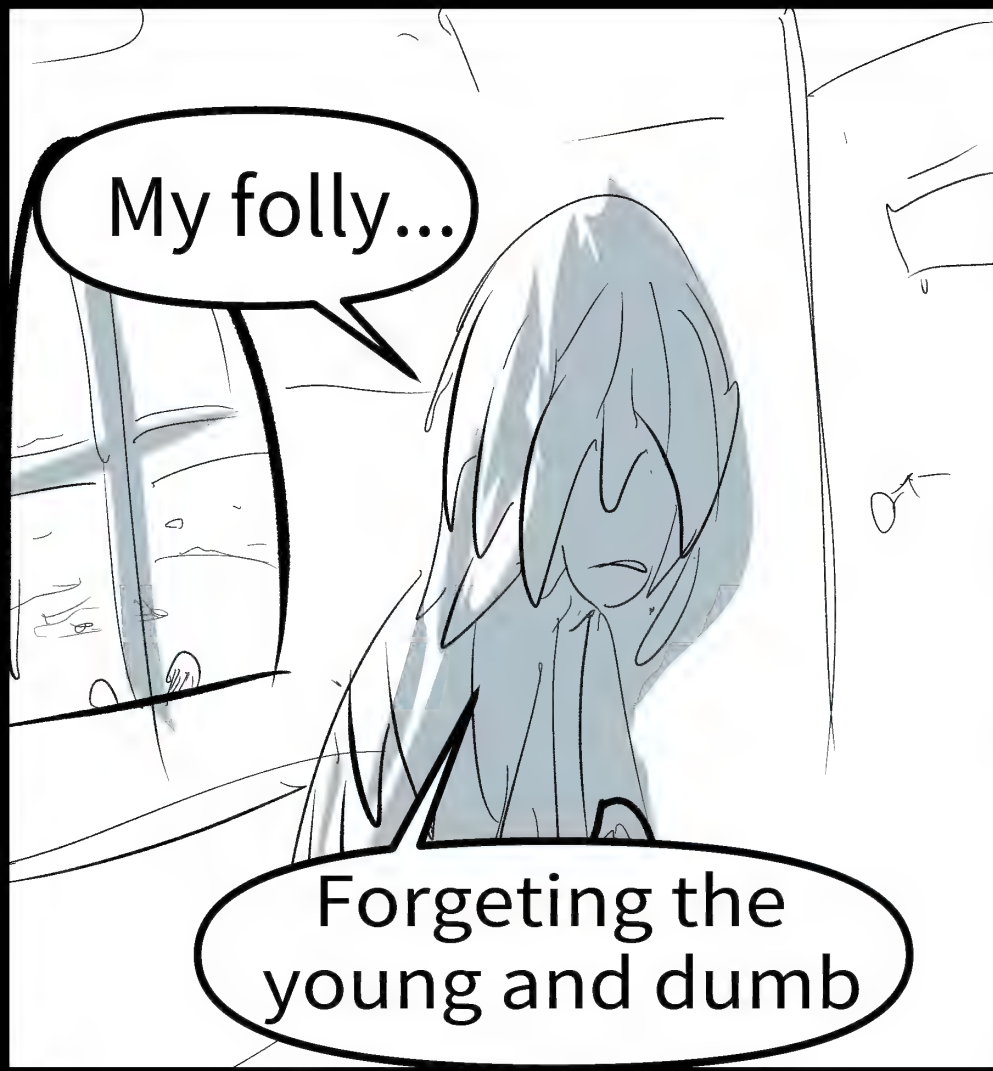

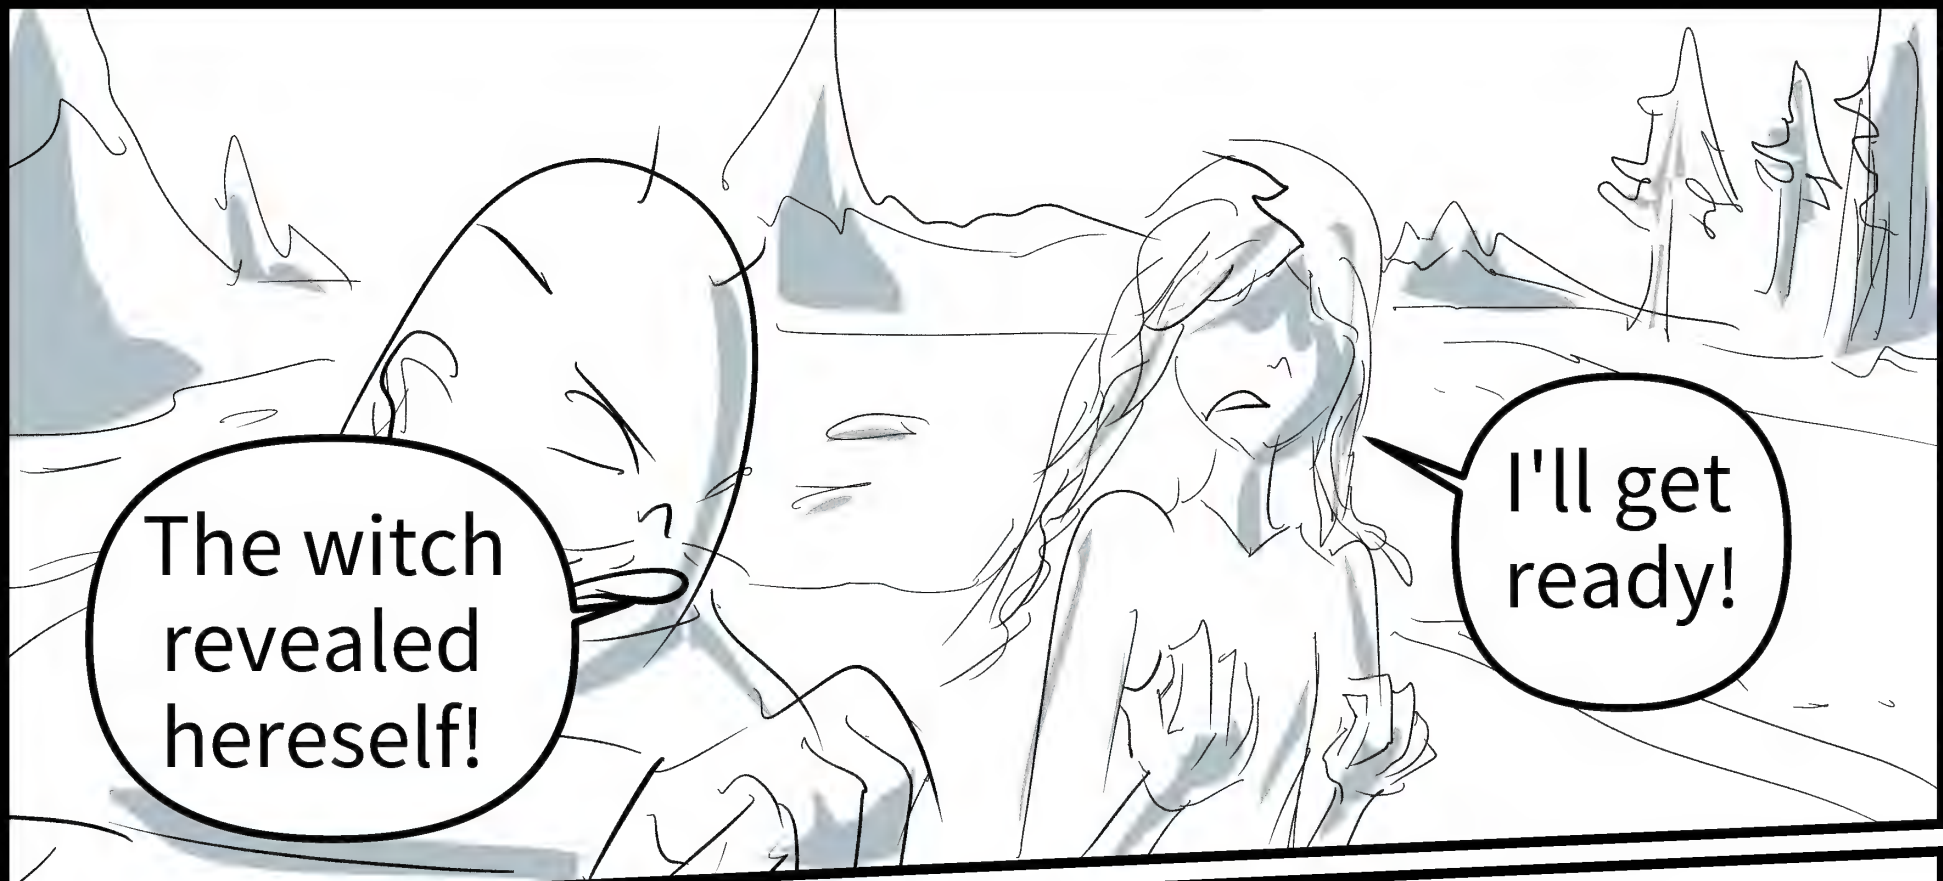

Kar...

Those vultures...

I thought the ice would buy me time
That their "carefulness" would make them tardy

The witch revealed hereself!

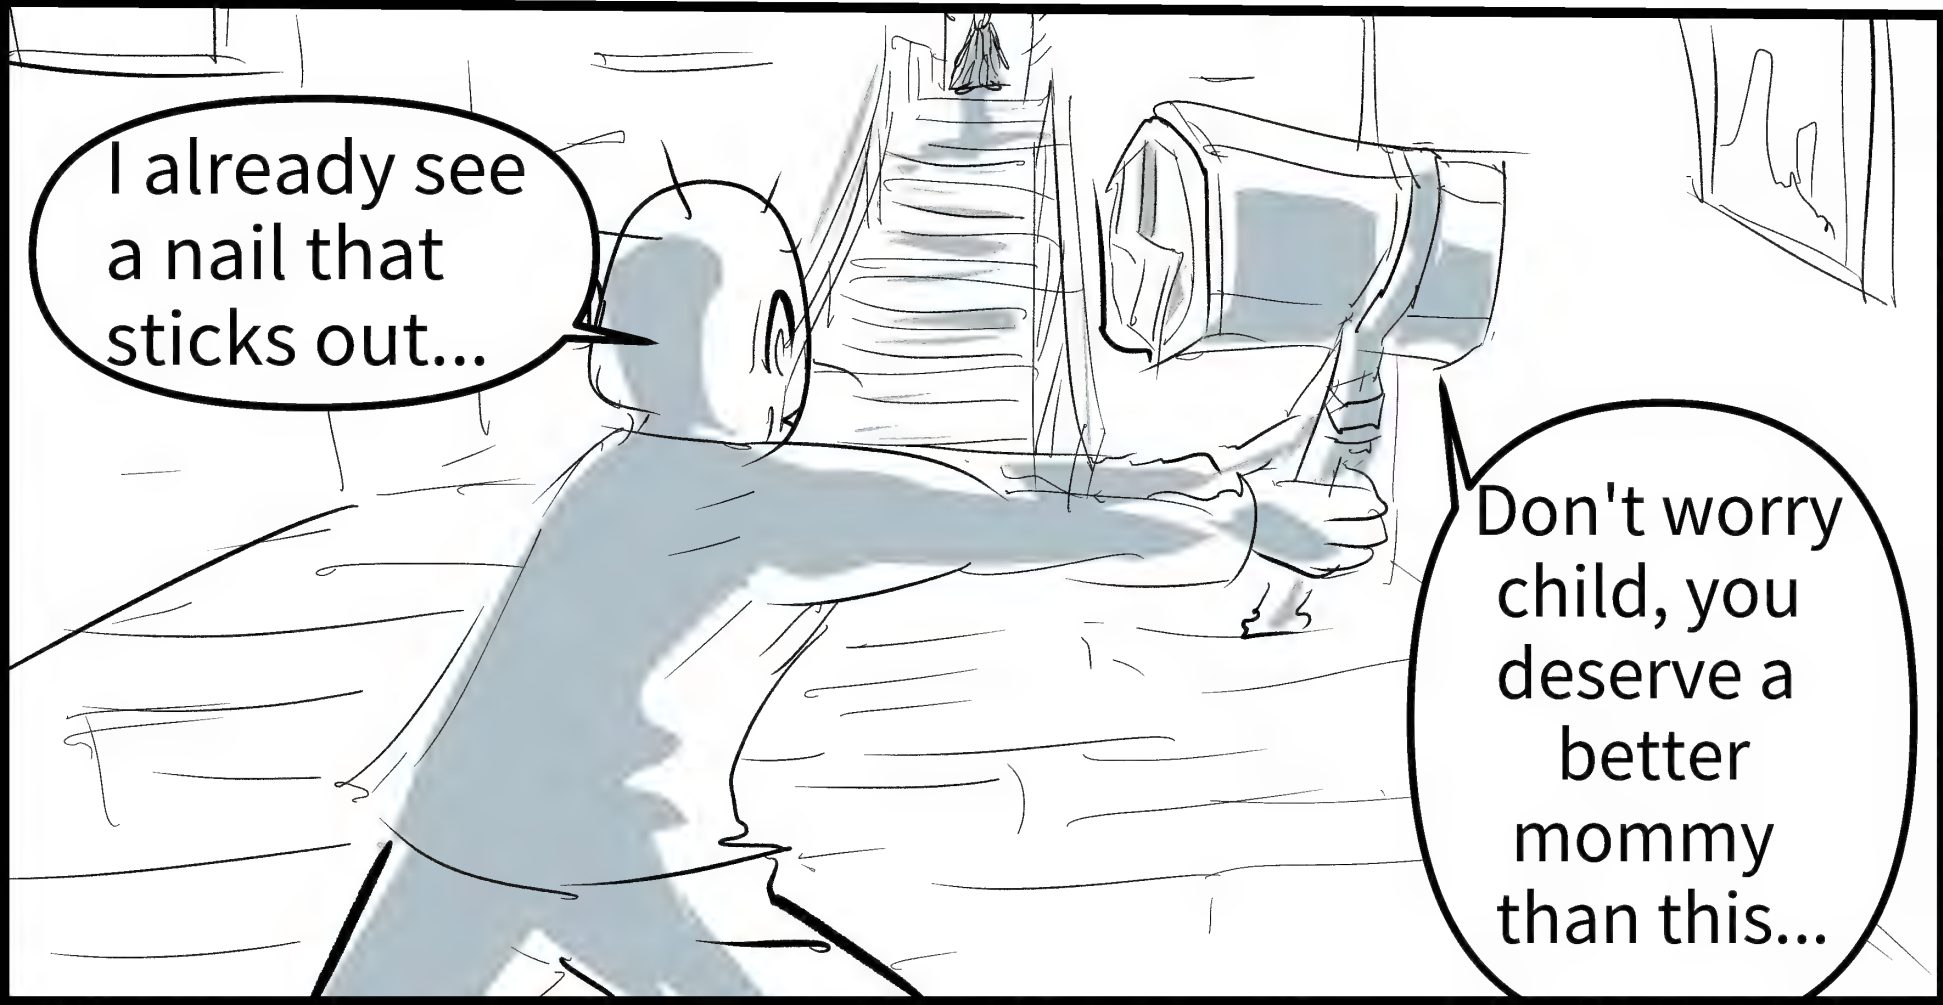

I'll get ready!

A bit heavy, but as I said I could weild thor's hammer itself!

So much for my diet working

I already see a nail that sticks out...

Don't worry child, you deserve a better mommy than this...

Oh poor girl, don't
spell doom upon who
you want to save

Choose your words wisely
or speak **NEVERMORE!**

Don't fall
for her
bluffs

She clearly
is weakened,
maybe looking
for a moment
to flee...

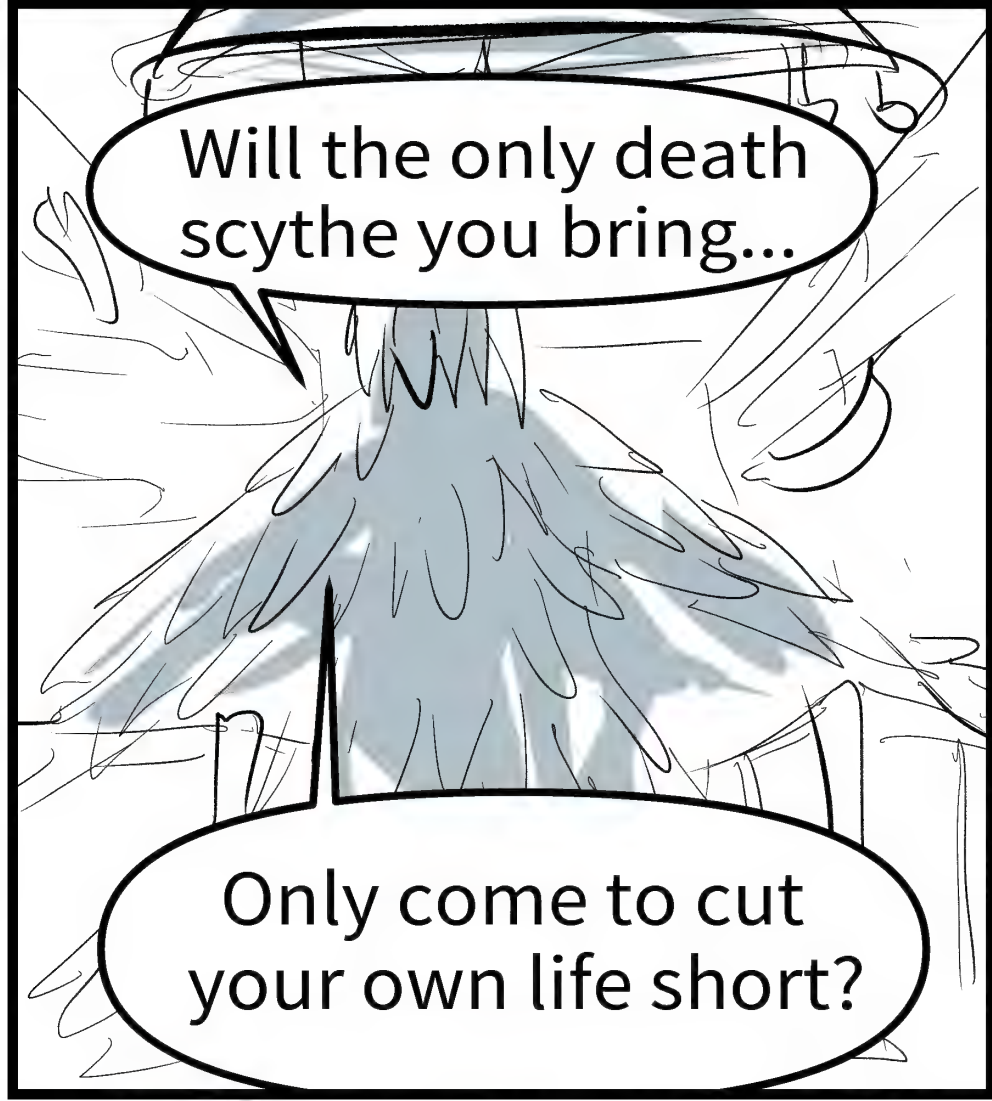

But miss, you
have 99, right?

So I'll make
you a death
scythe today

Oh old fool

My warning
falls upon
you too...

Will the only death
scythe you bring...

Only come to cut
your own life short?

Aaah.

CRAASH

What, a trick?!

Damn
you
witch!

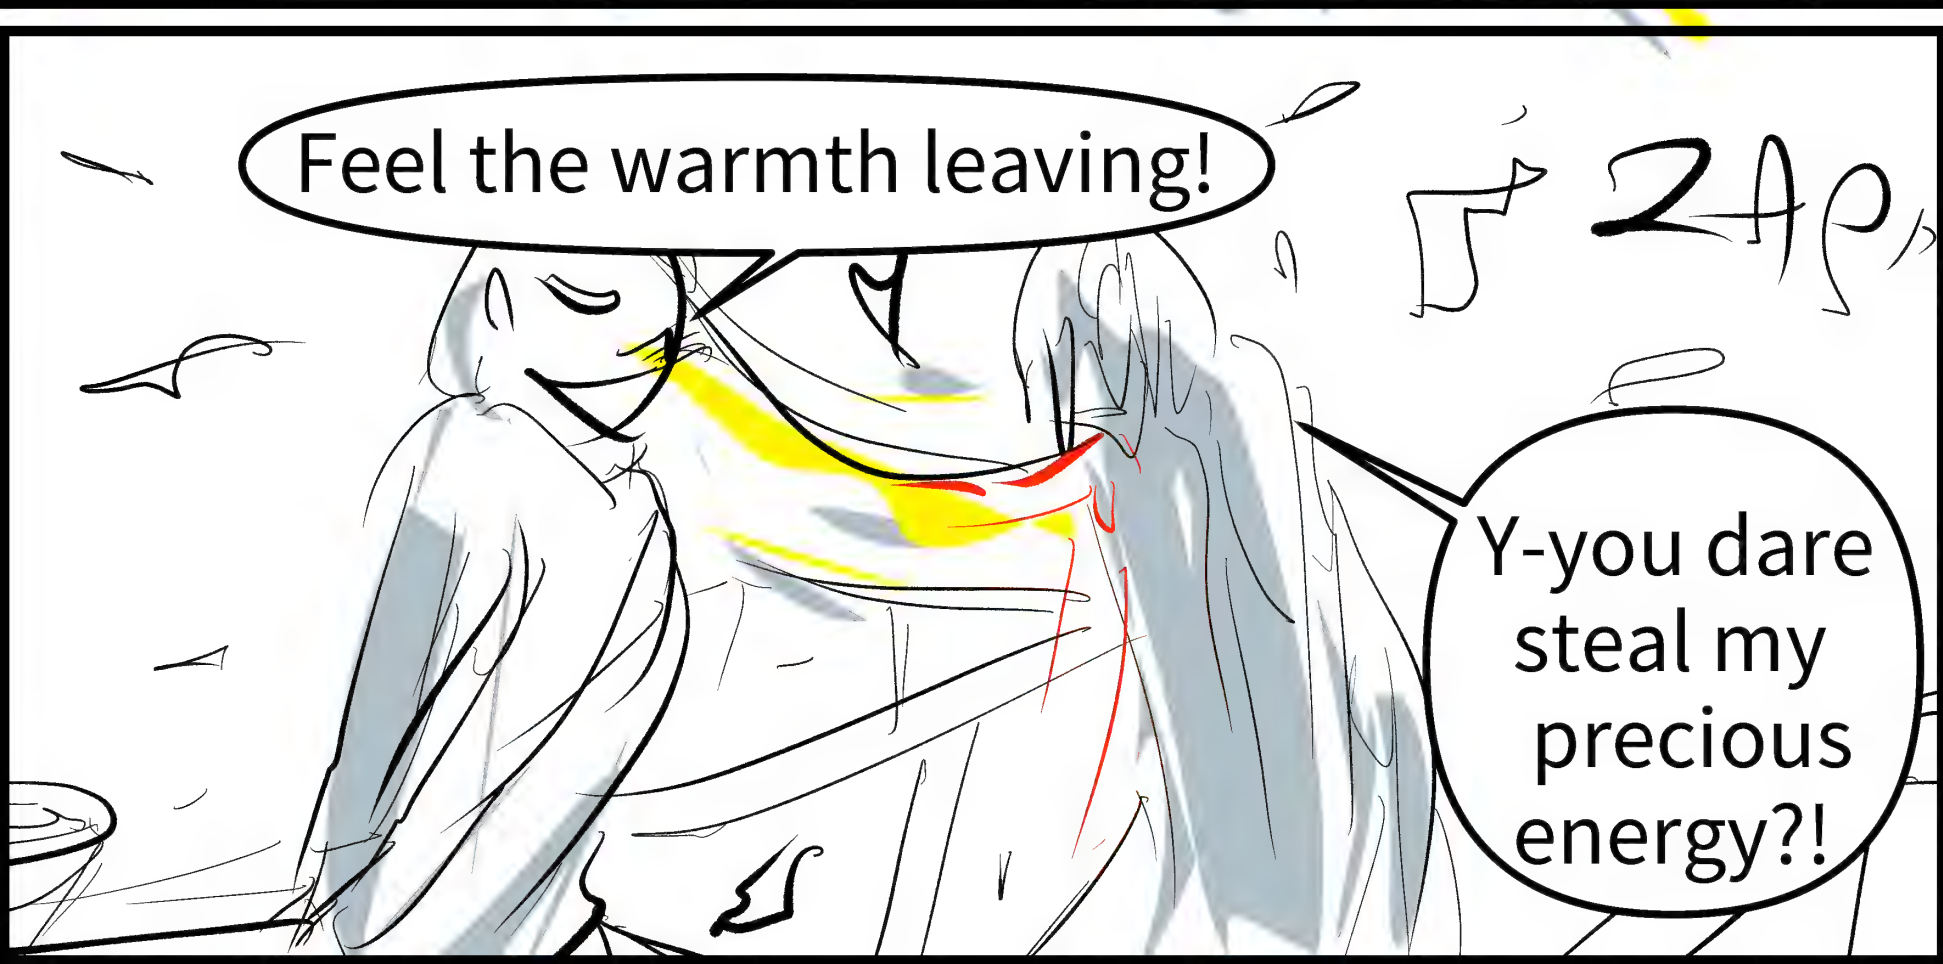

For what? Did
I jinx the step?

Maybe it
was just
a convenient
coincidence
that brought
calamity

Or maybe you're
the author of your
own gloomy fate

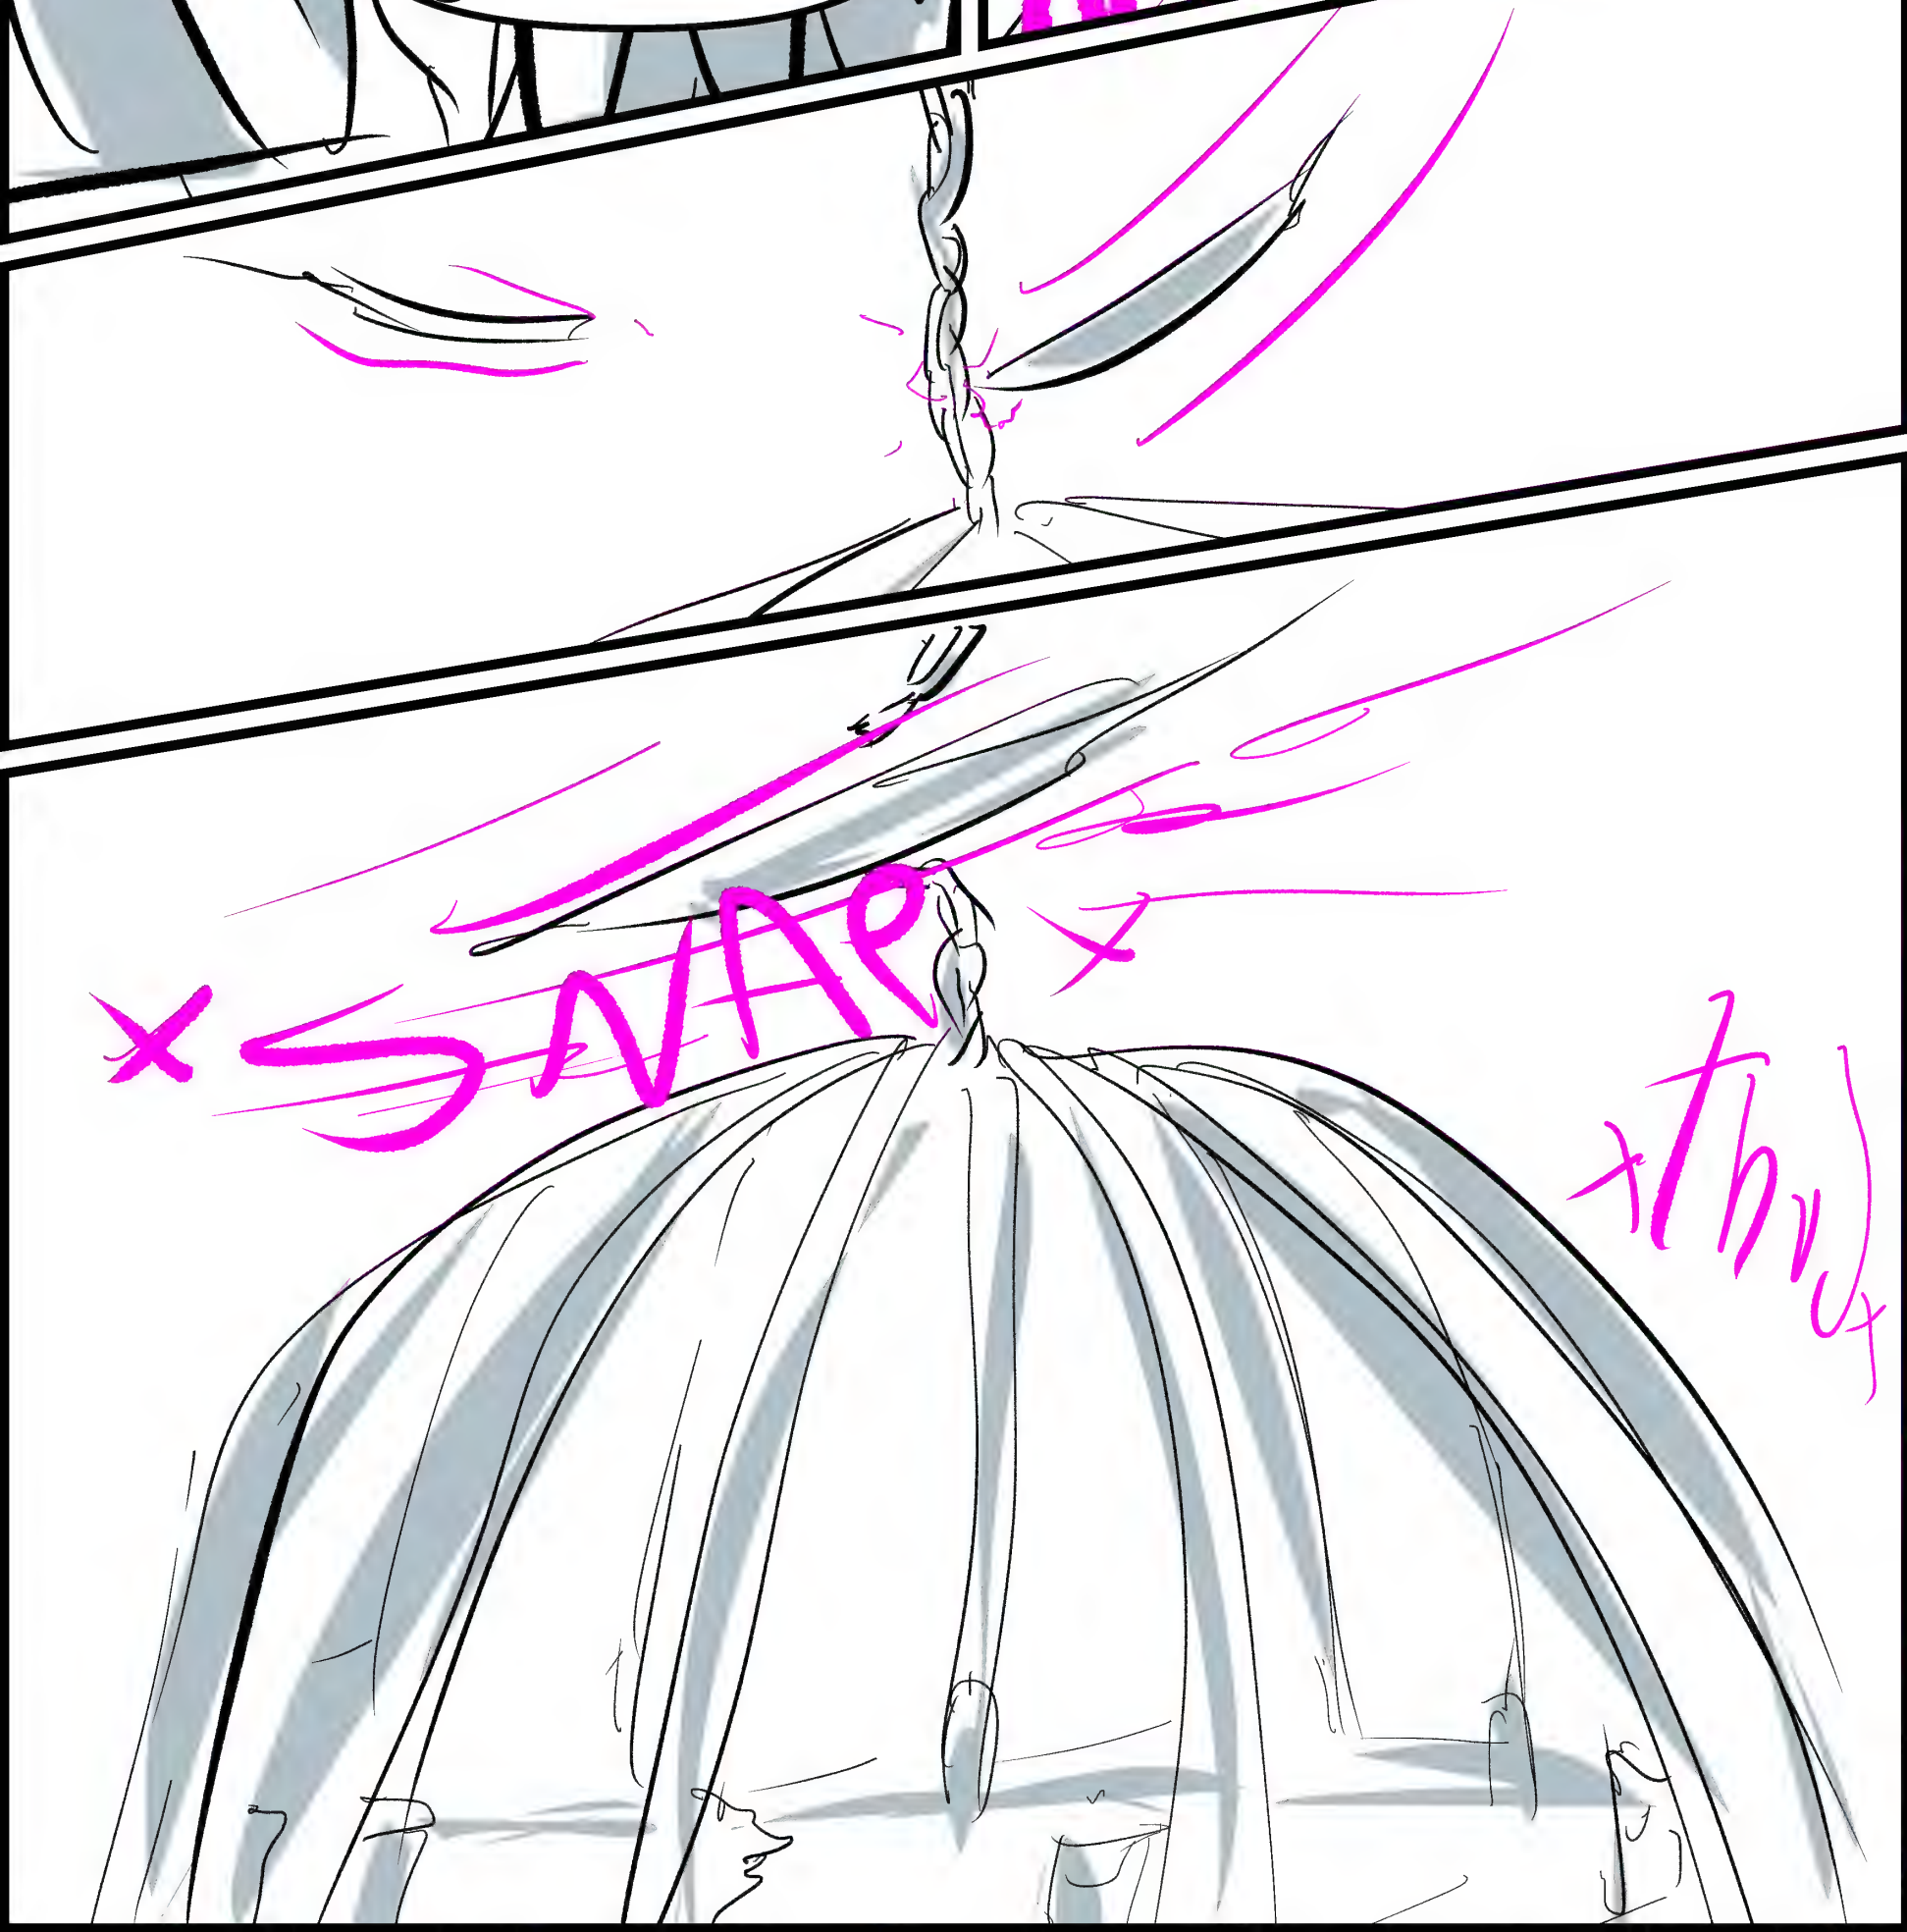

With this, it's
game over!

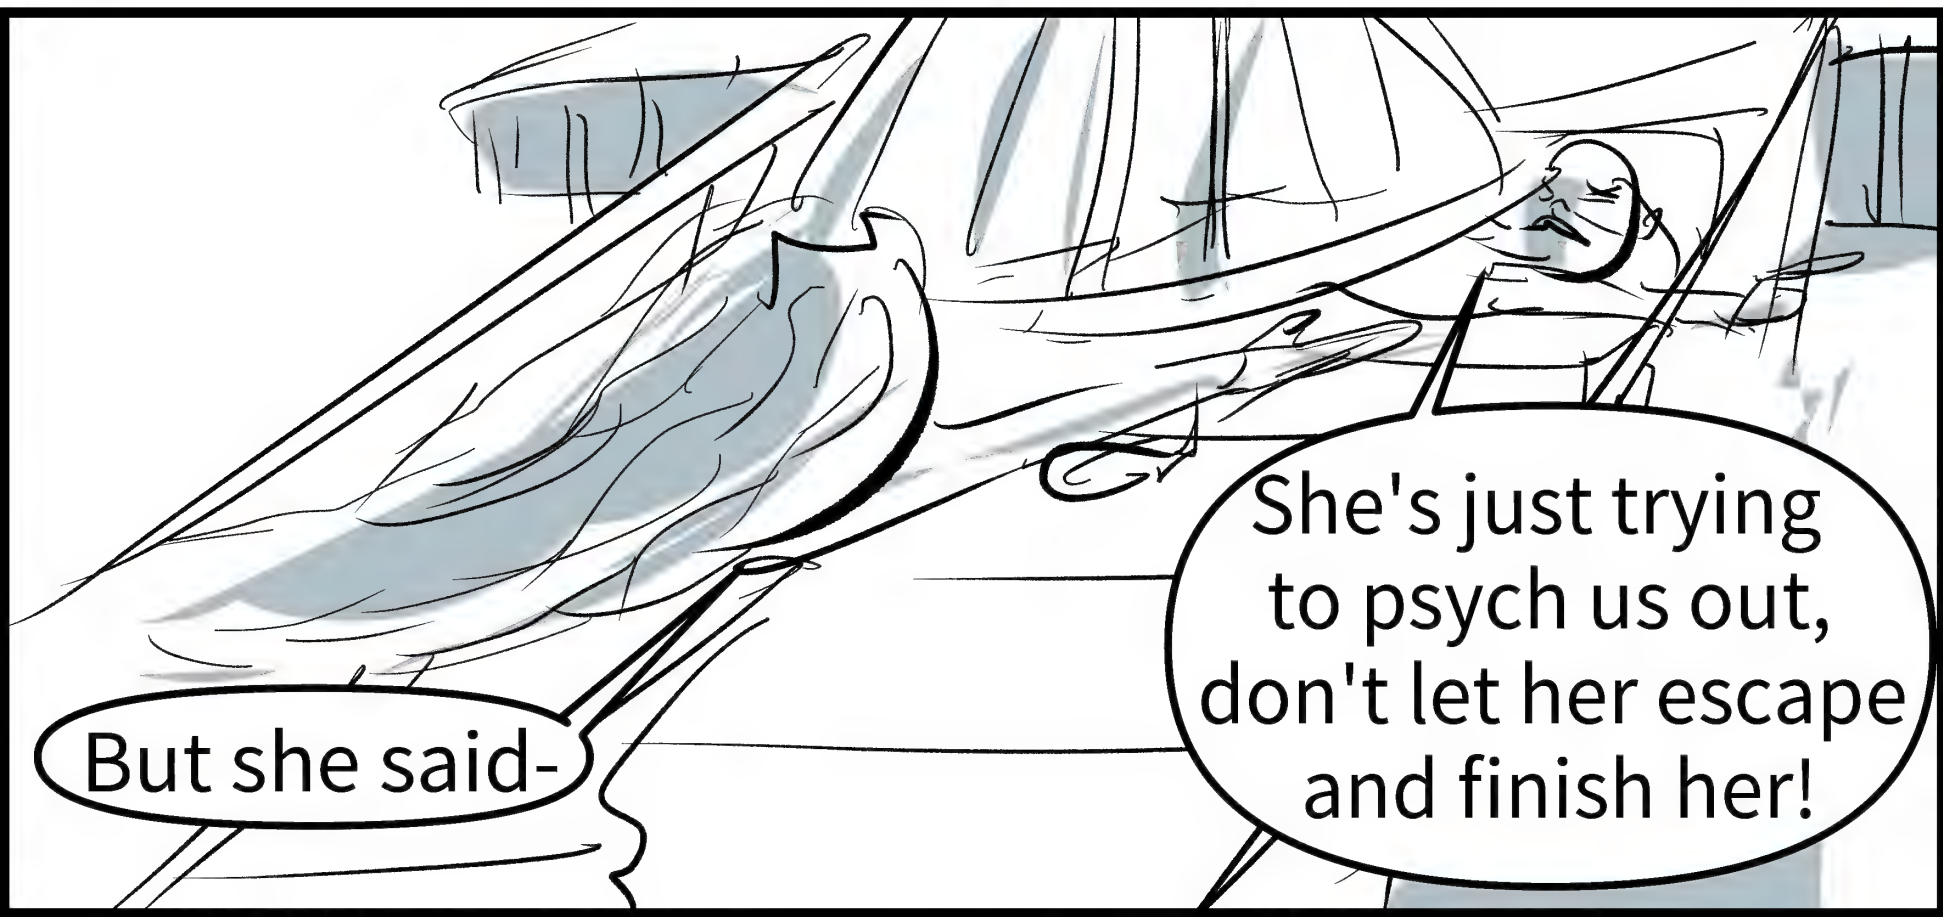

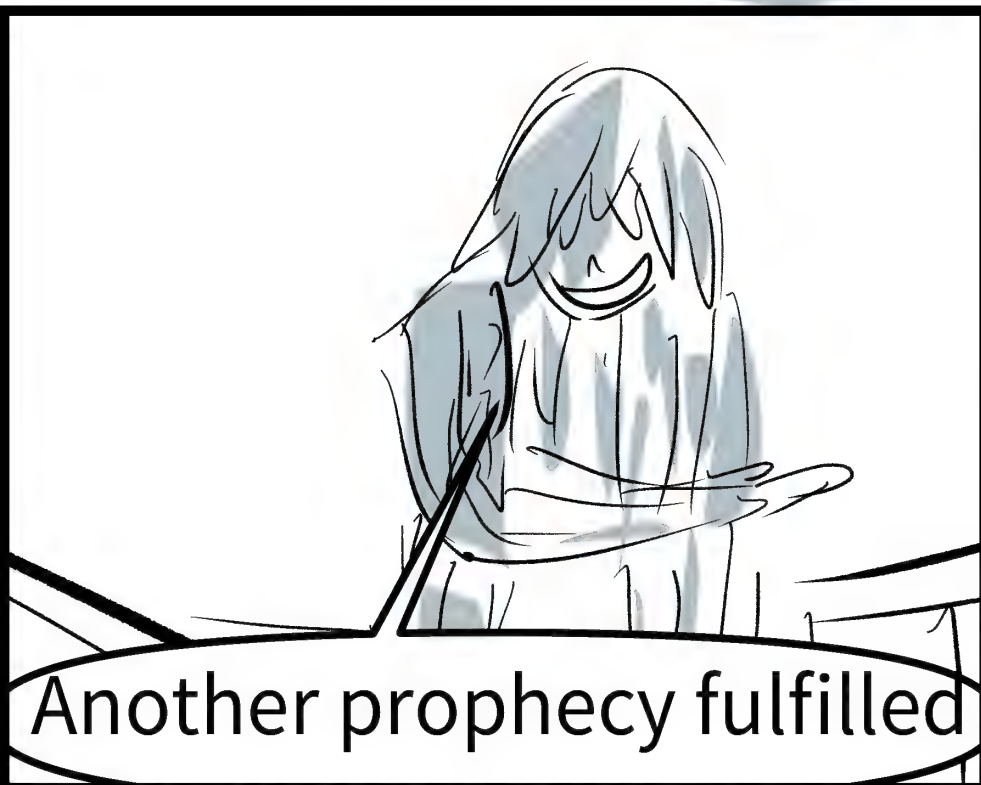

Indeed, for your playtime is

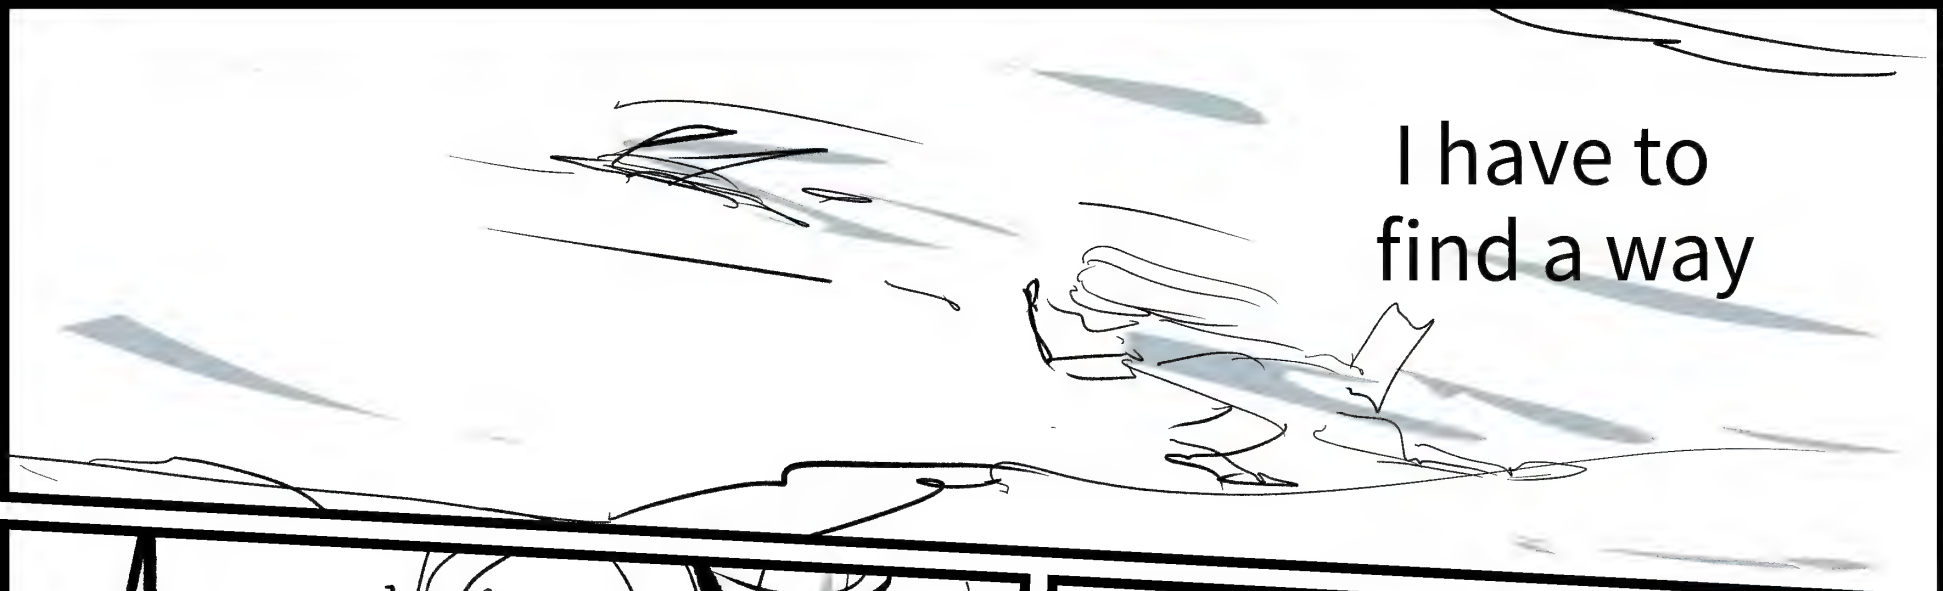

NEVERMORE

SNAP

thud

I have to
find a way

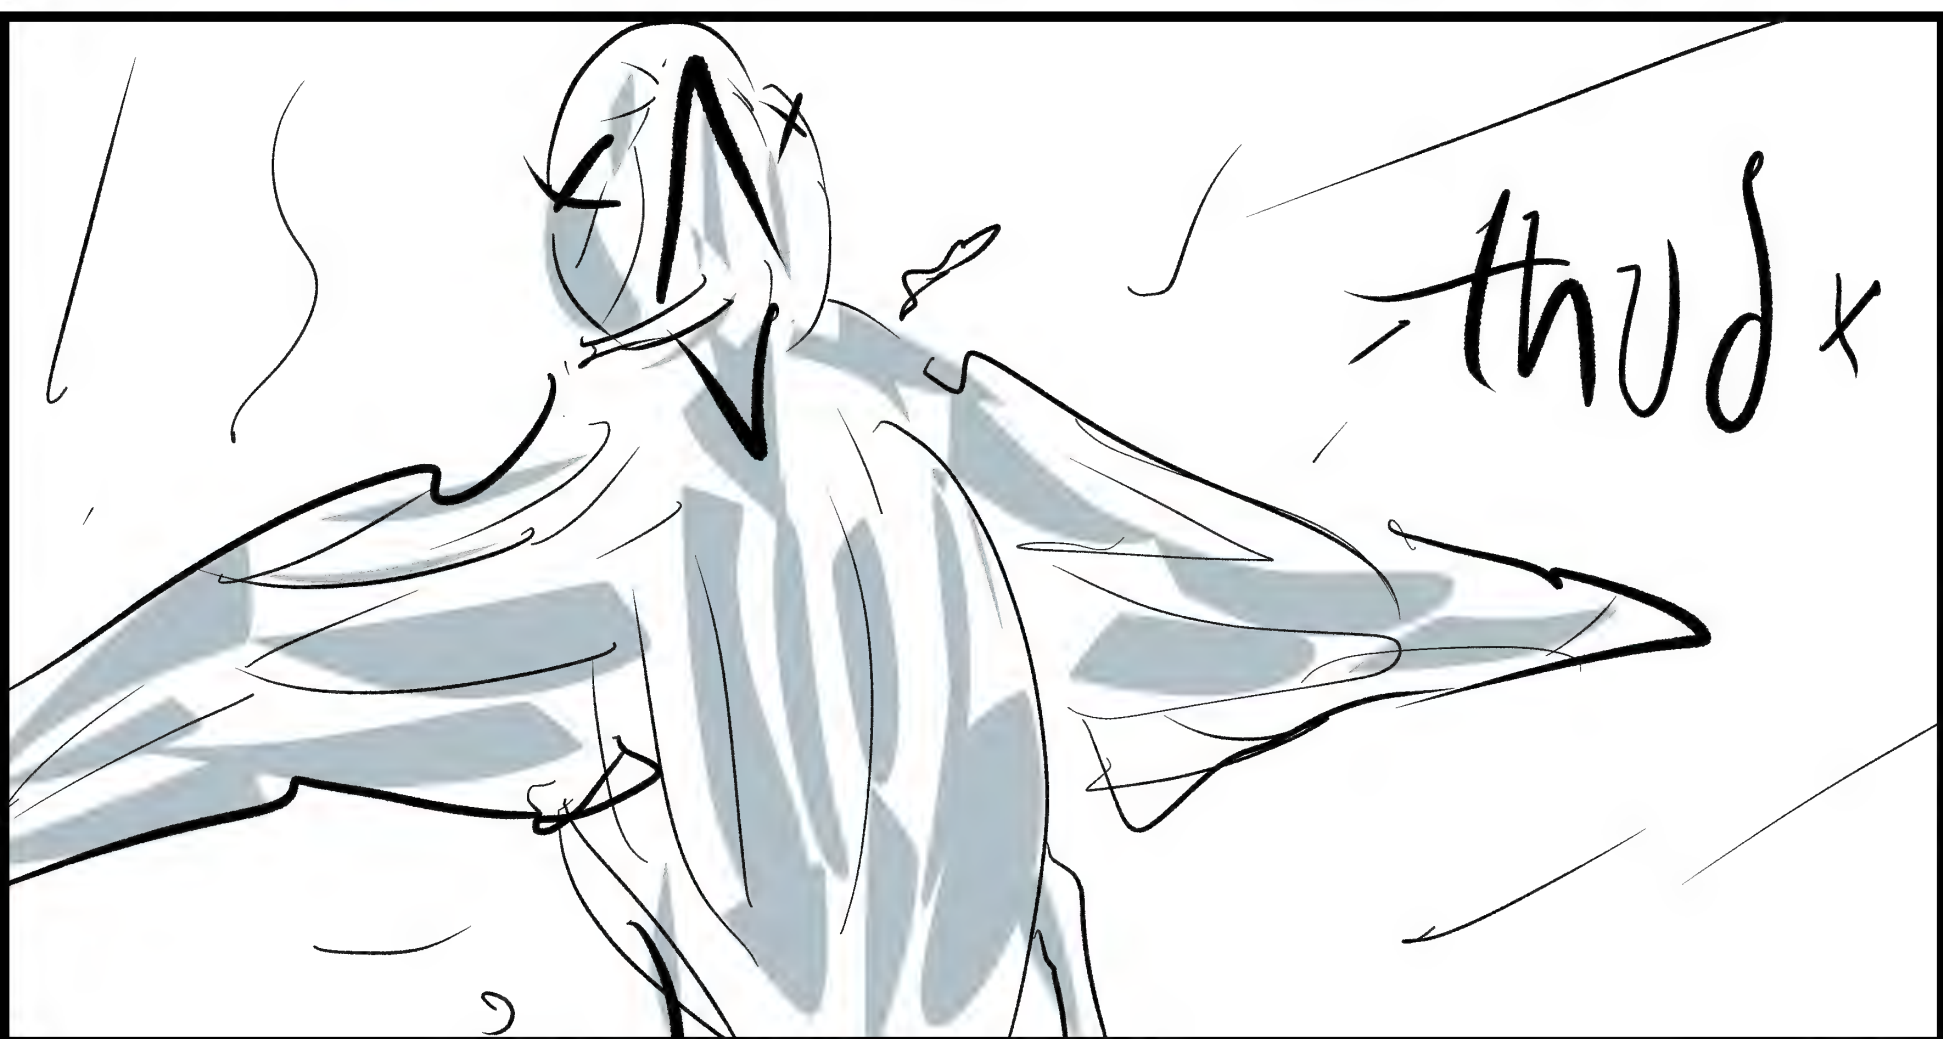

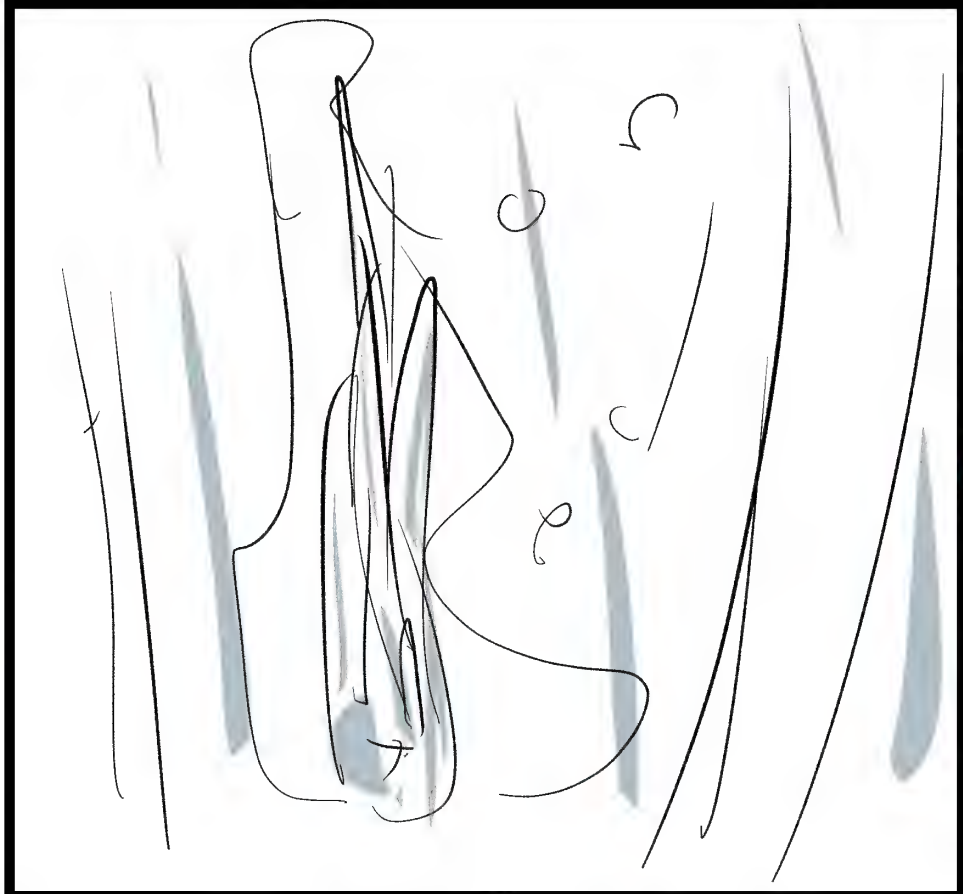

Aaah!

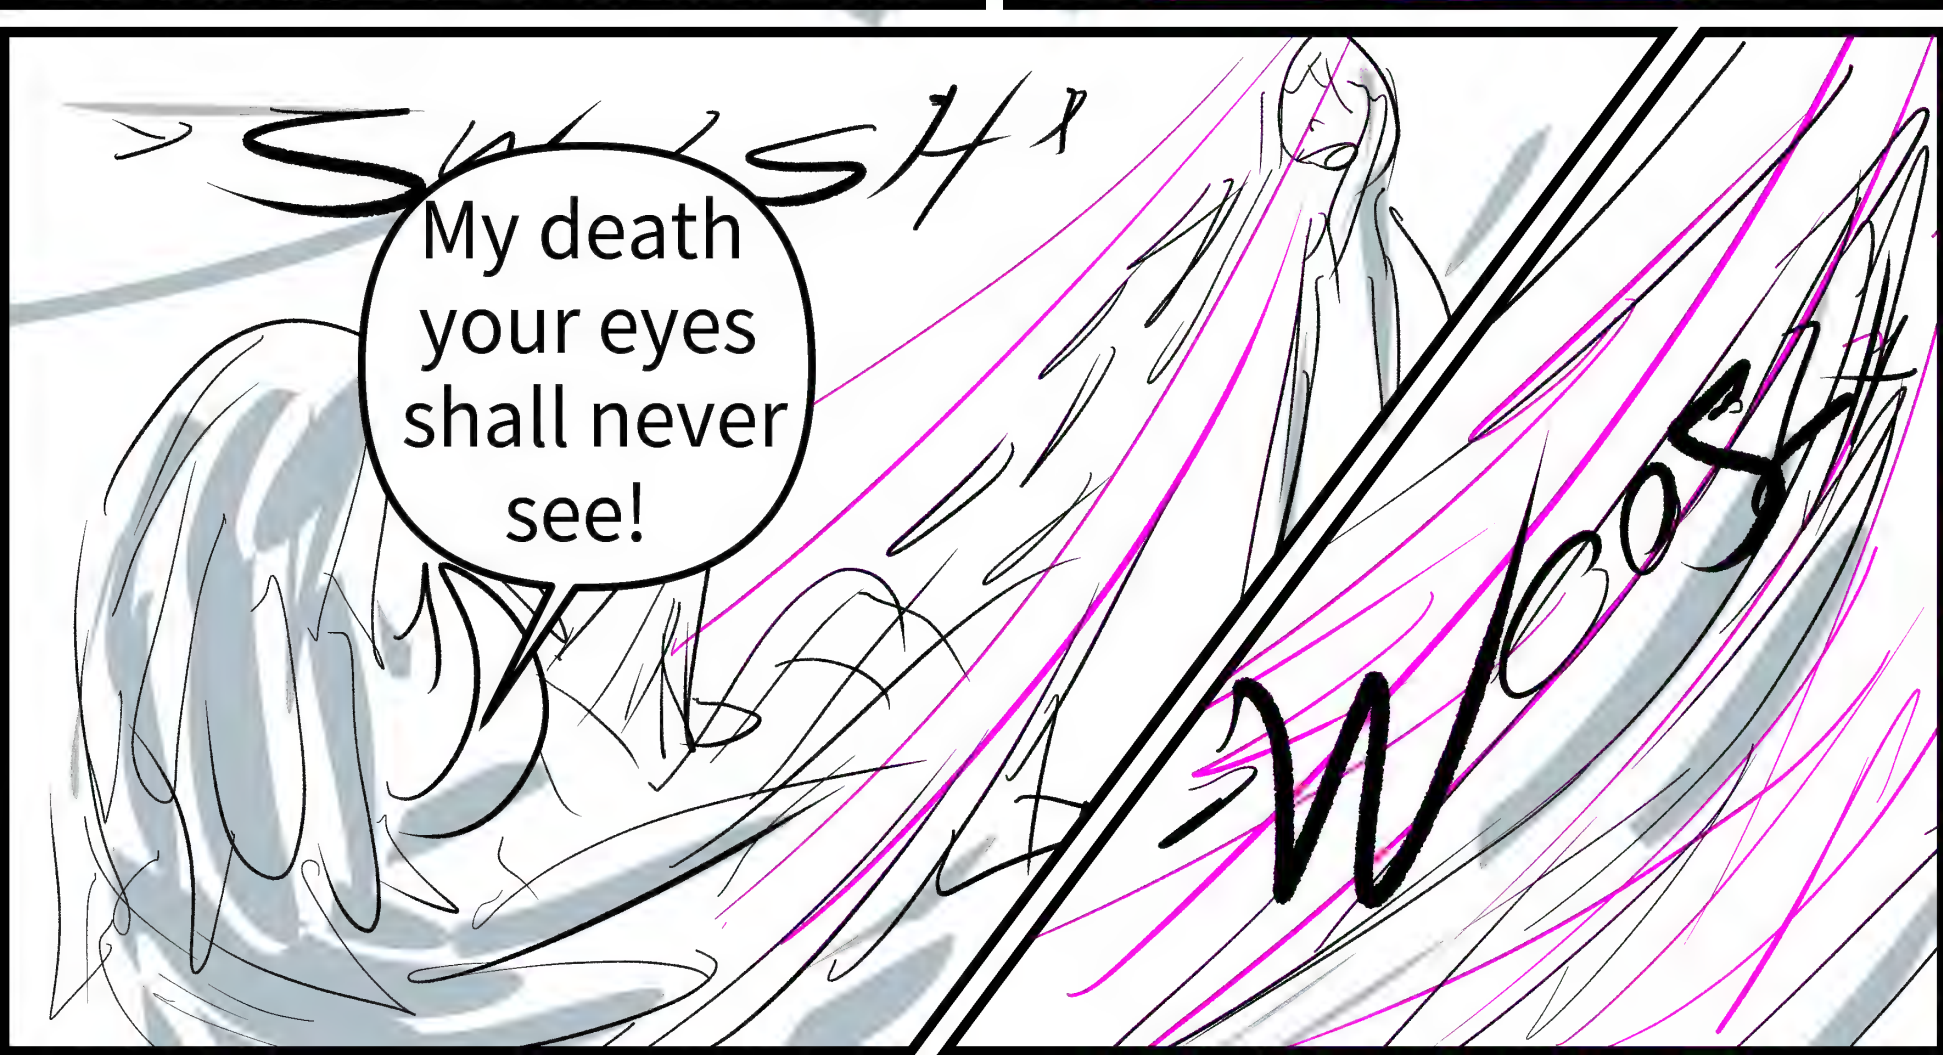

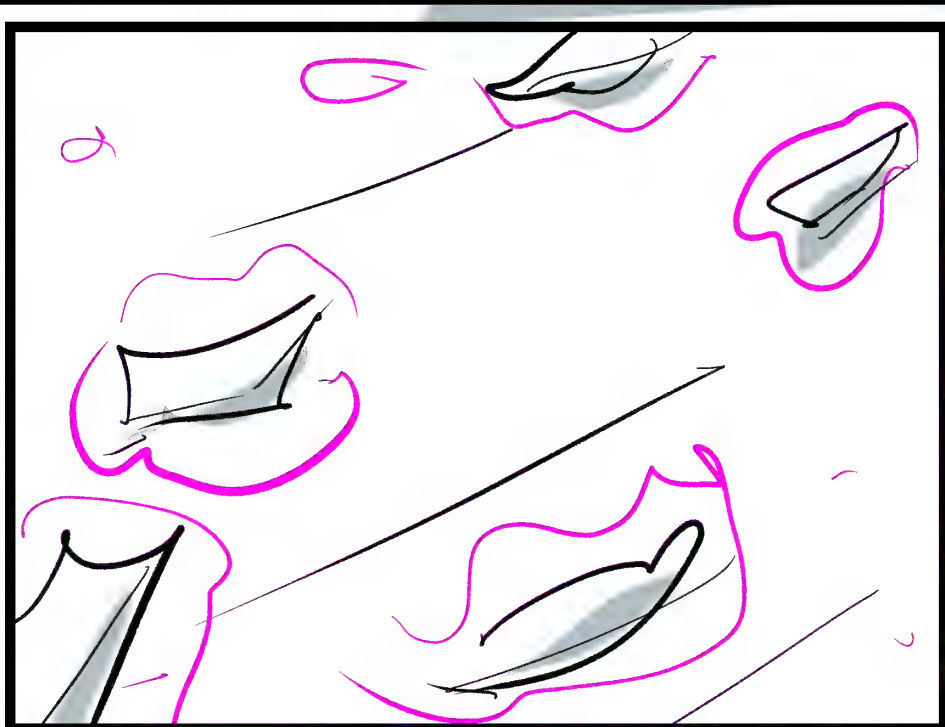

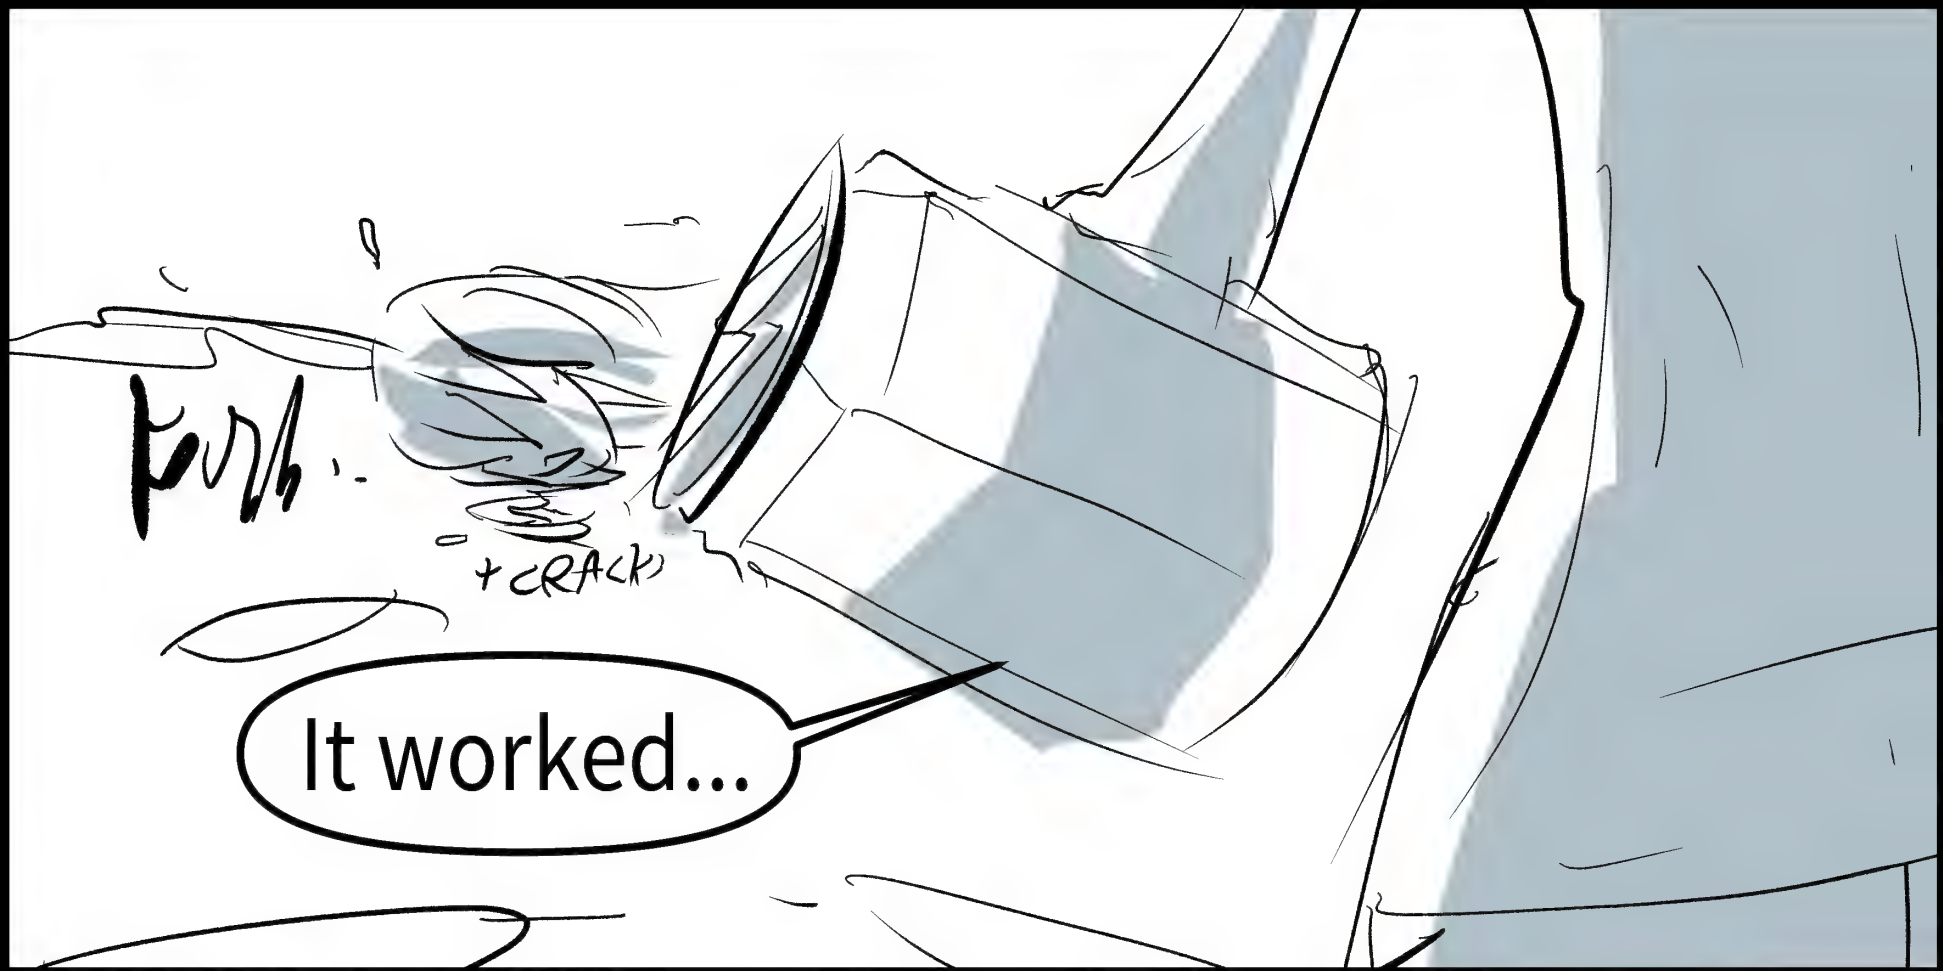

Come on brain,
don't fail me, just
this once!

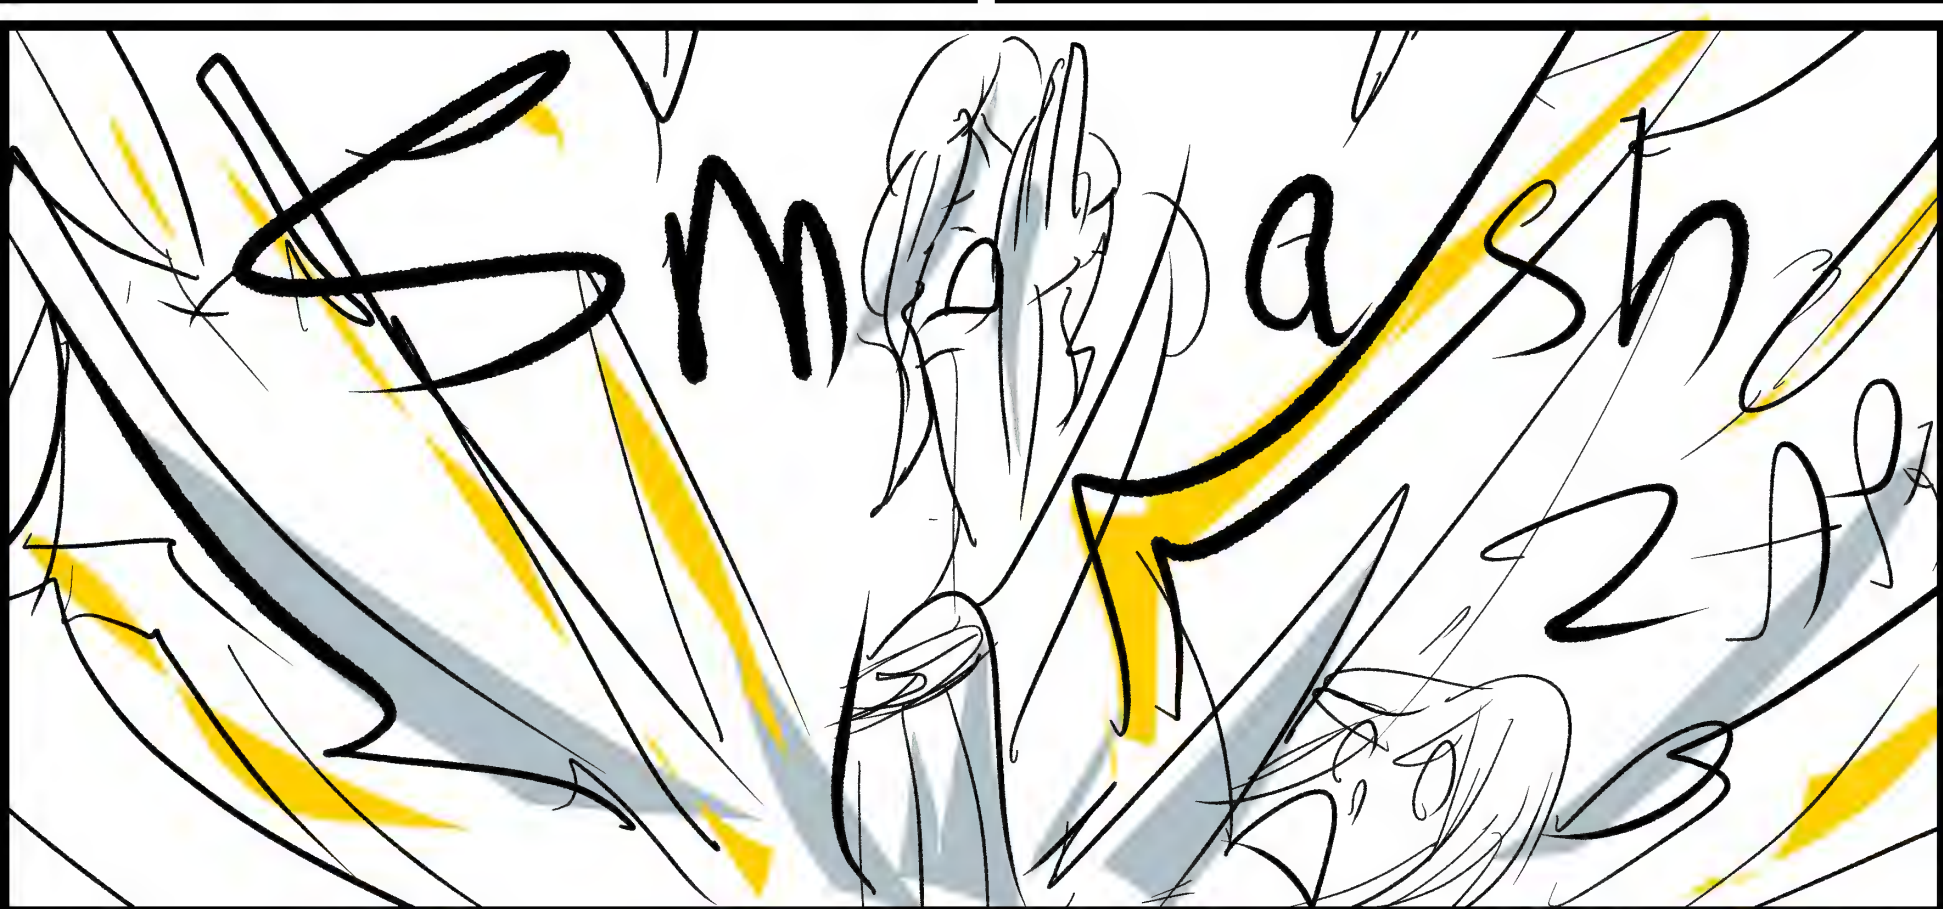

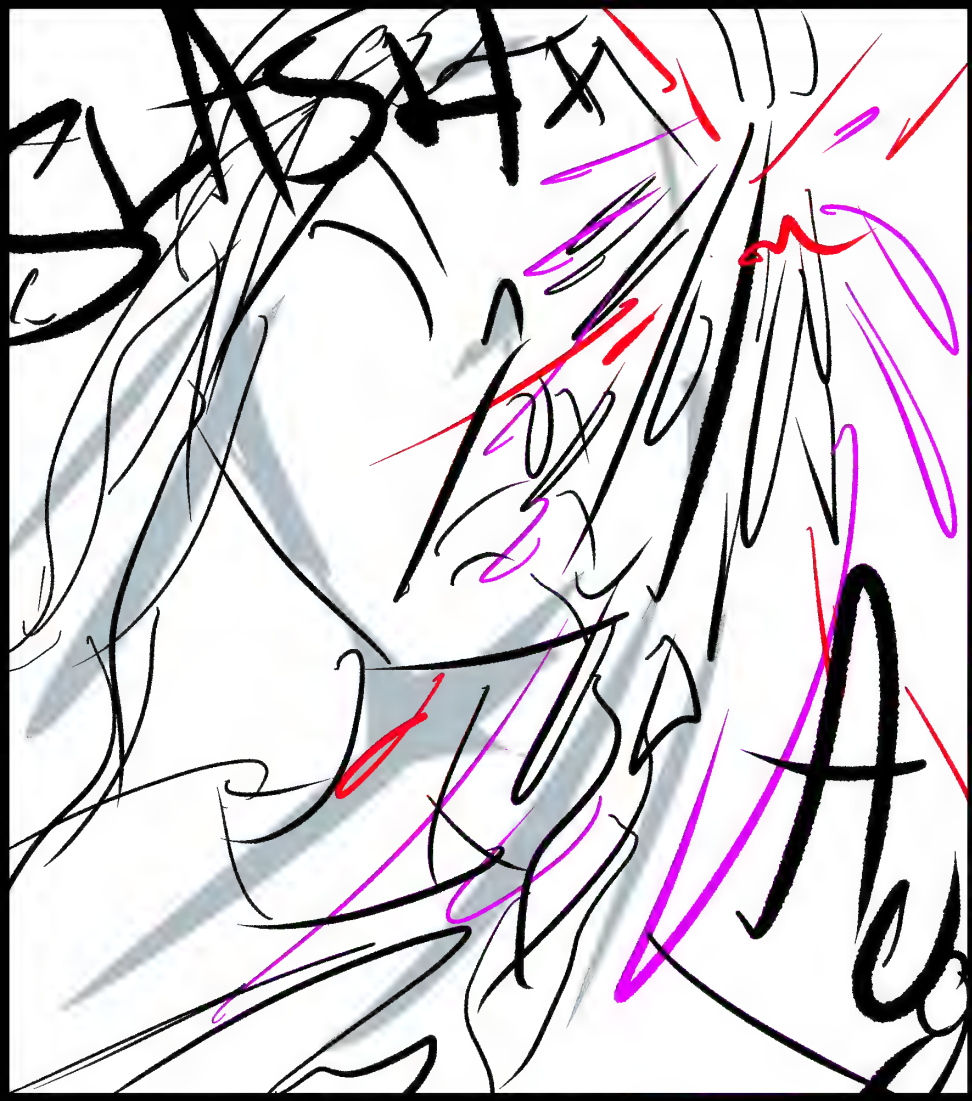

Wash

Ah, some
cool water, how
refreshing!

Oh, don't you find
the cold **SHOCKING**

Oh was I?

See you more...

How can the soul of this wicked woman

Radiate such innocence?

xstlp + stlp

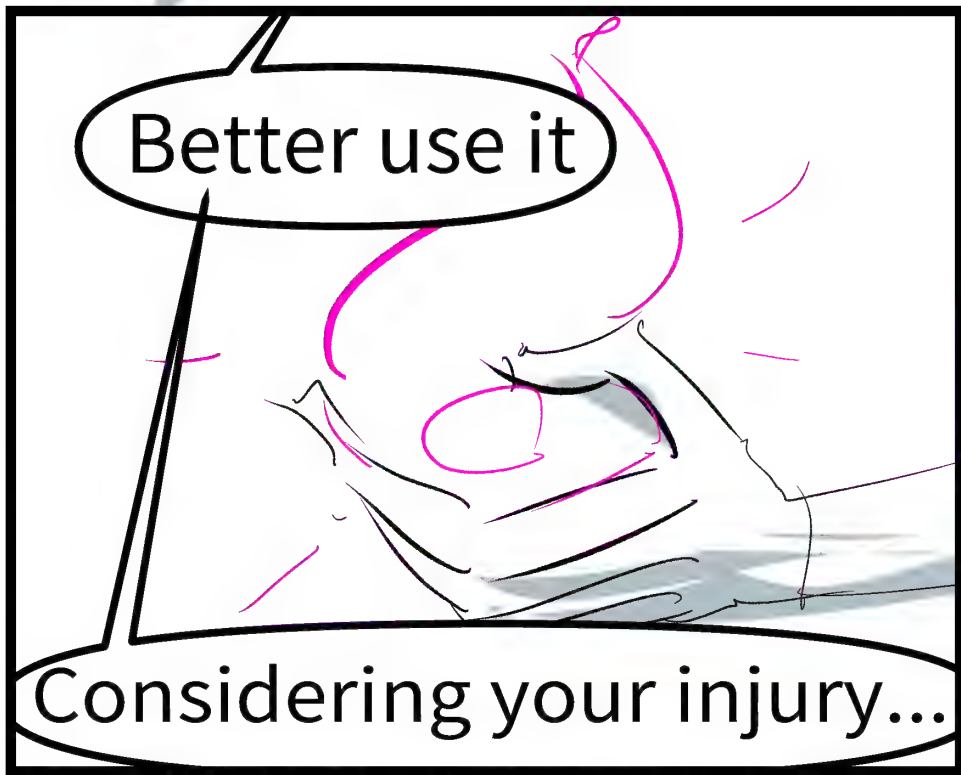

Don't worry, you're just shook

It's a witch soul, like any other...

steps

steps

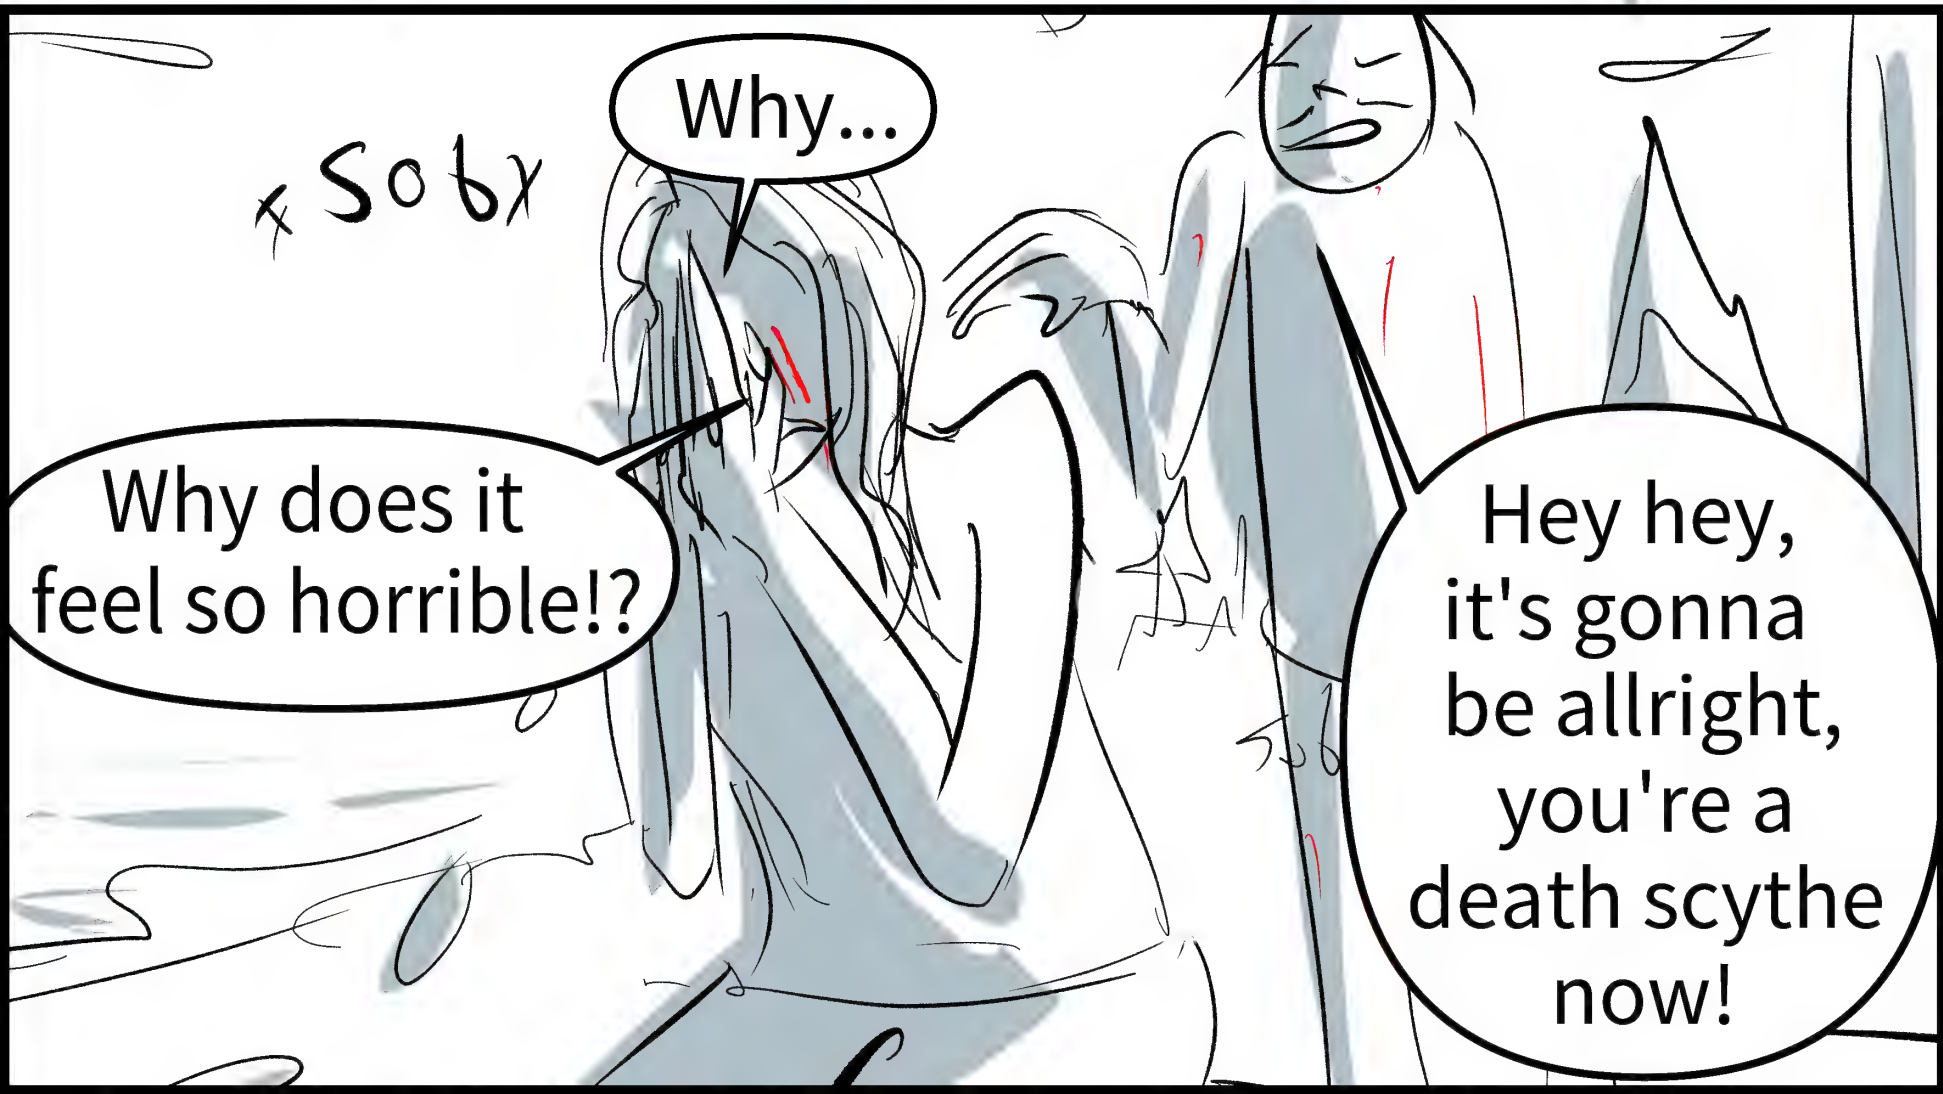

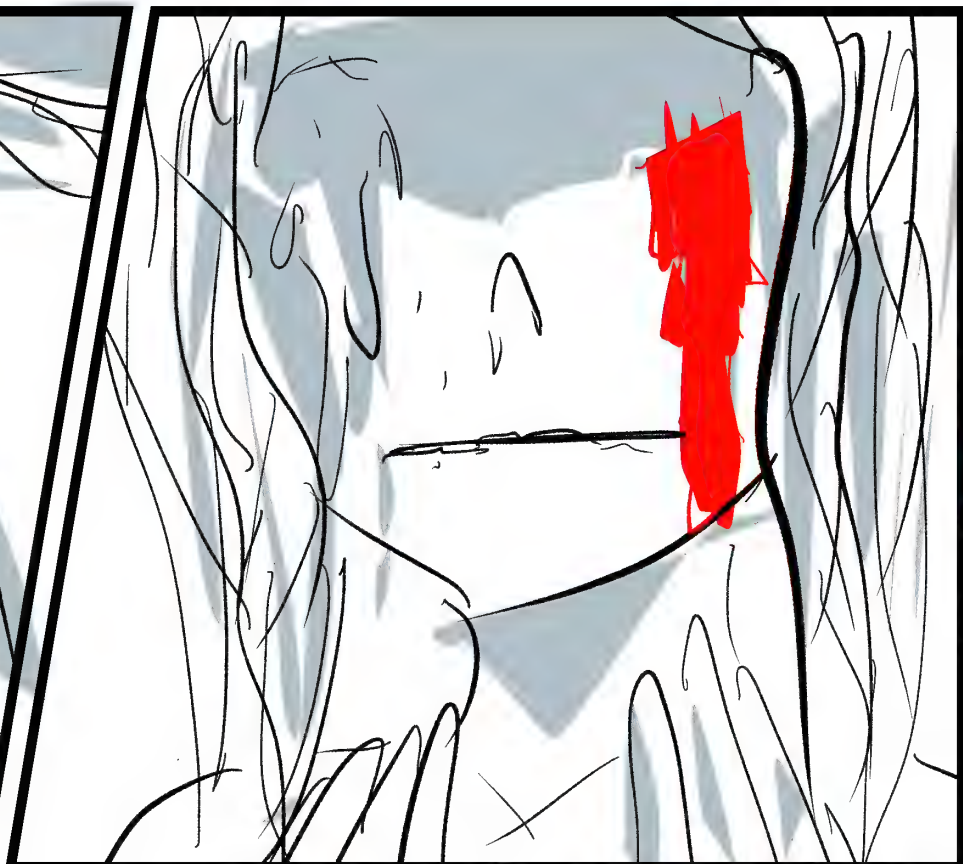

Better use it

Considering your injury...

If you
say so...

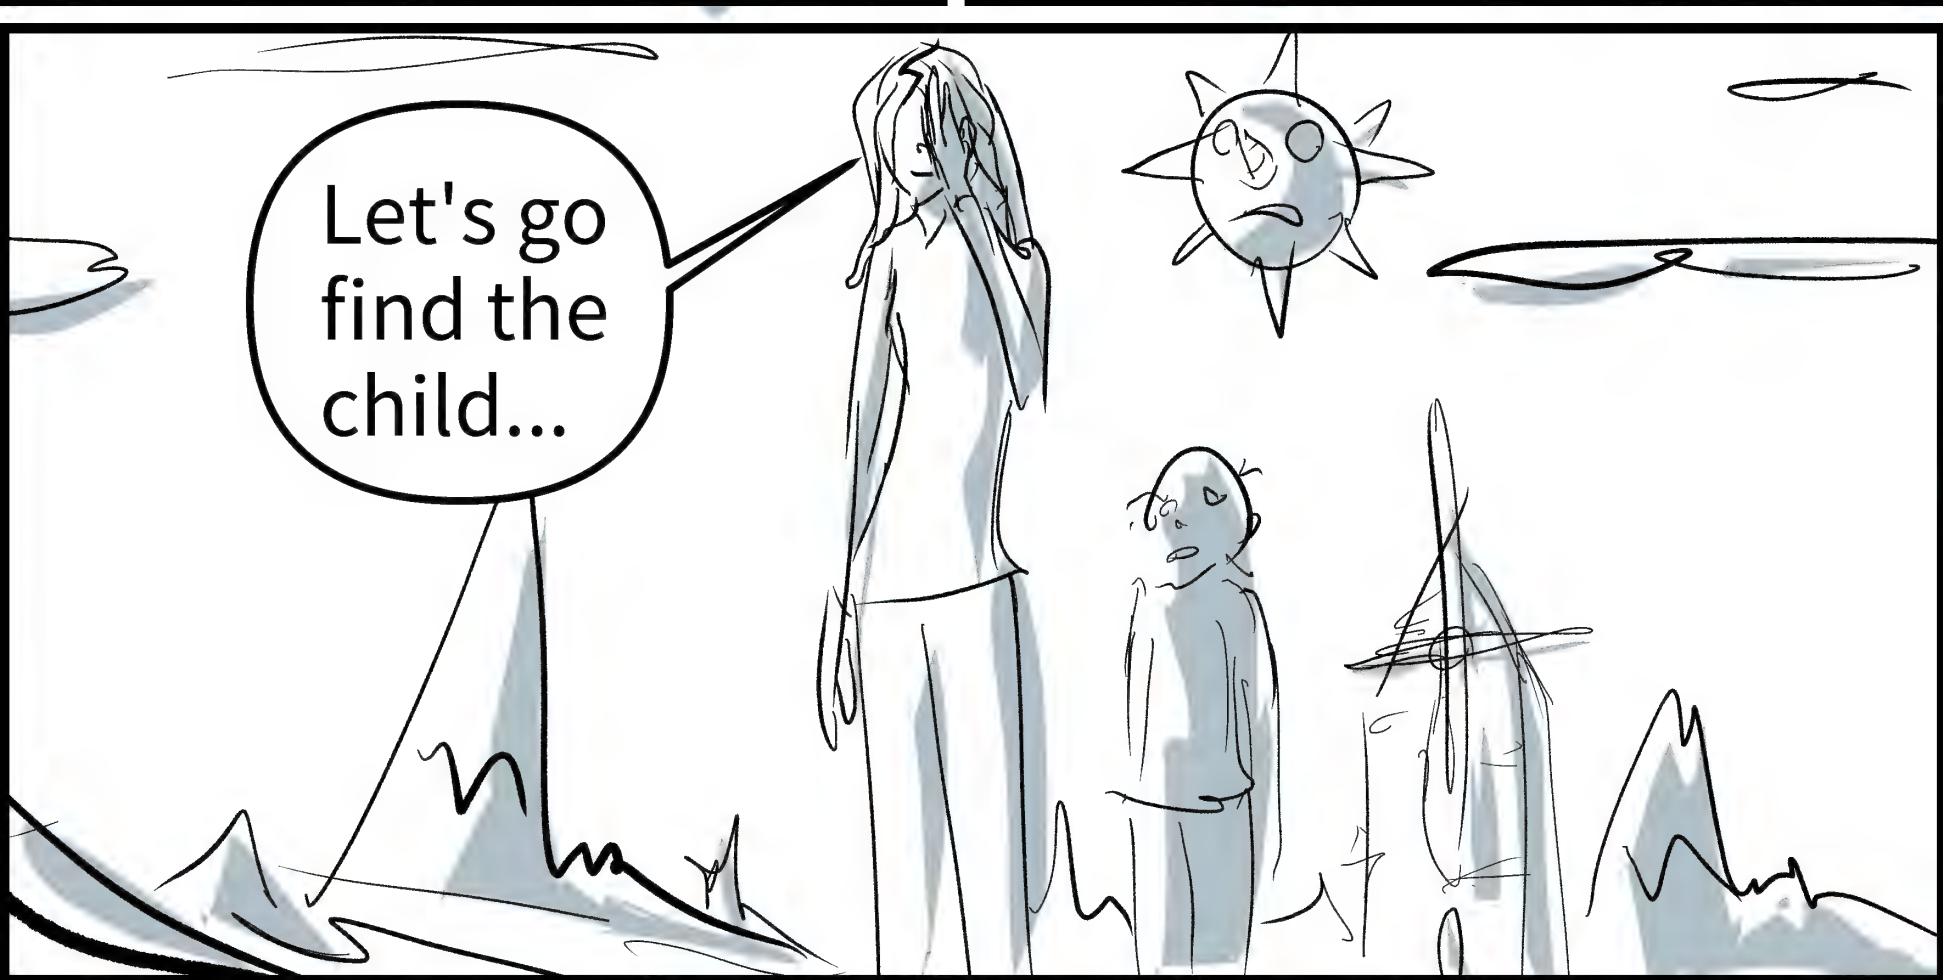

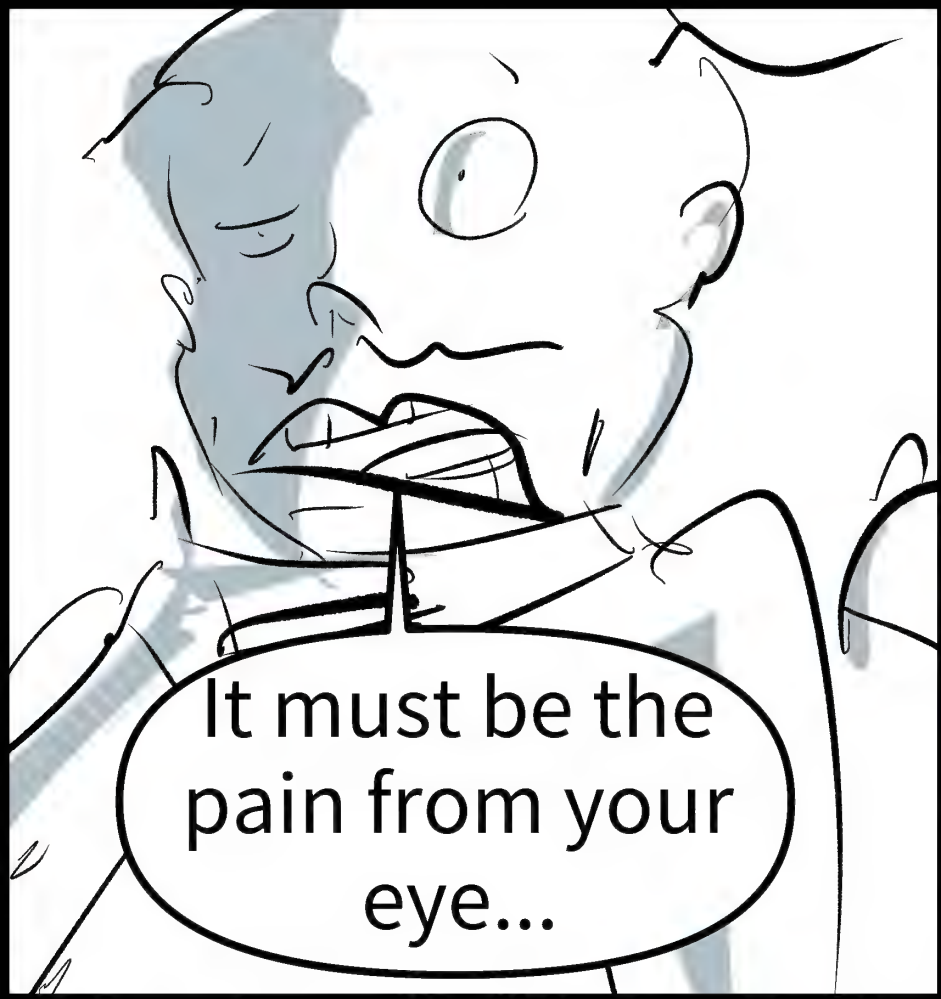

You must
be right...

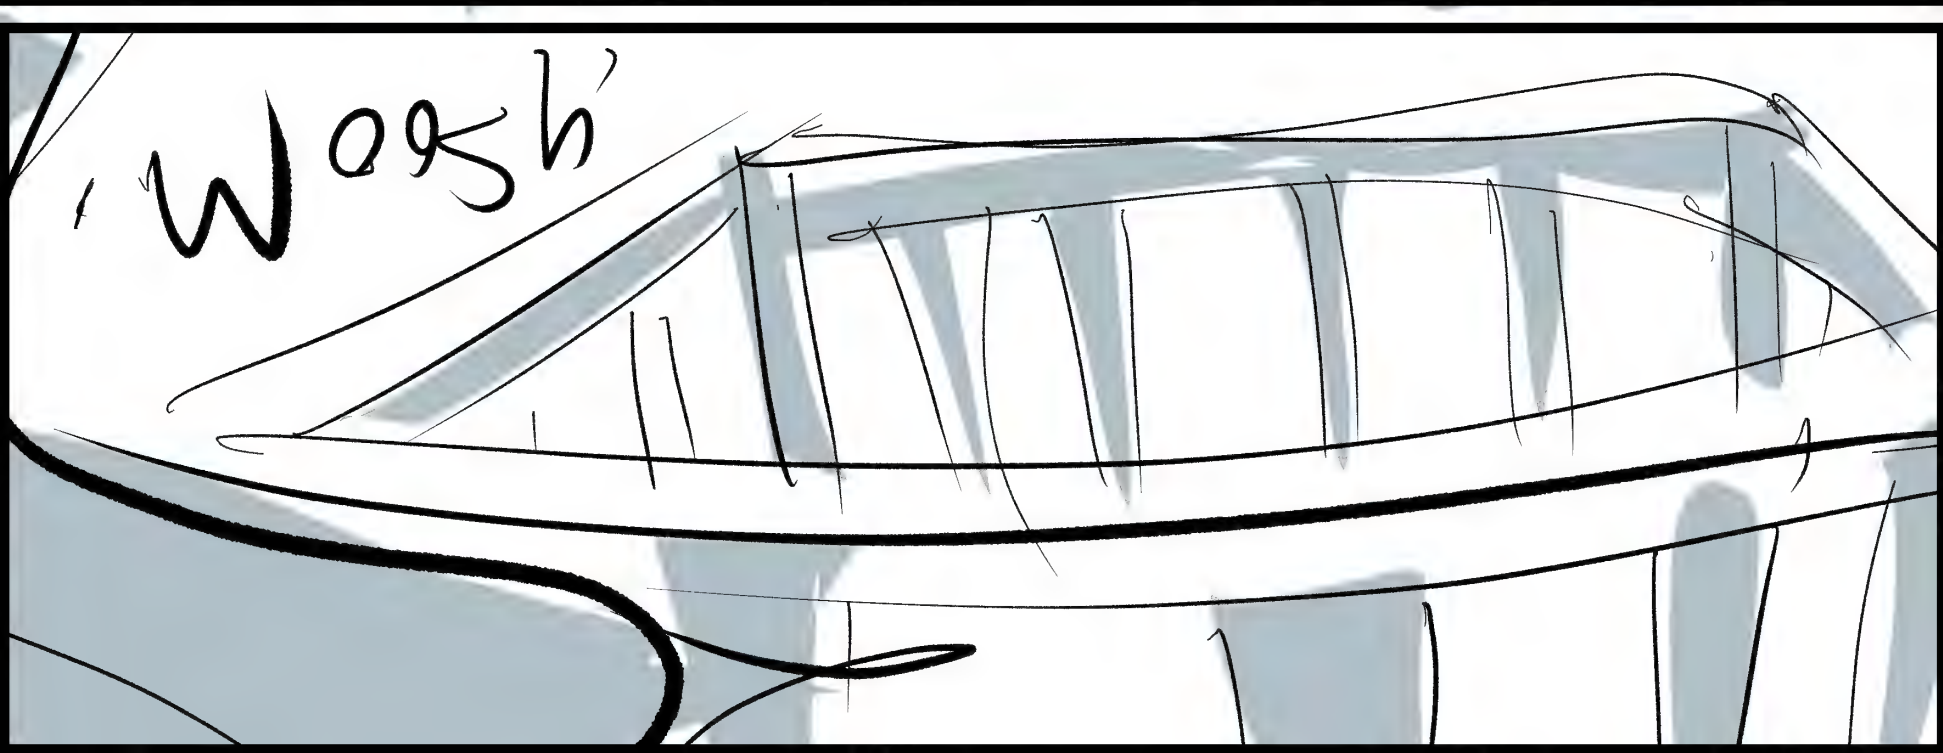

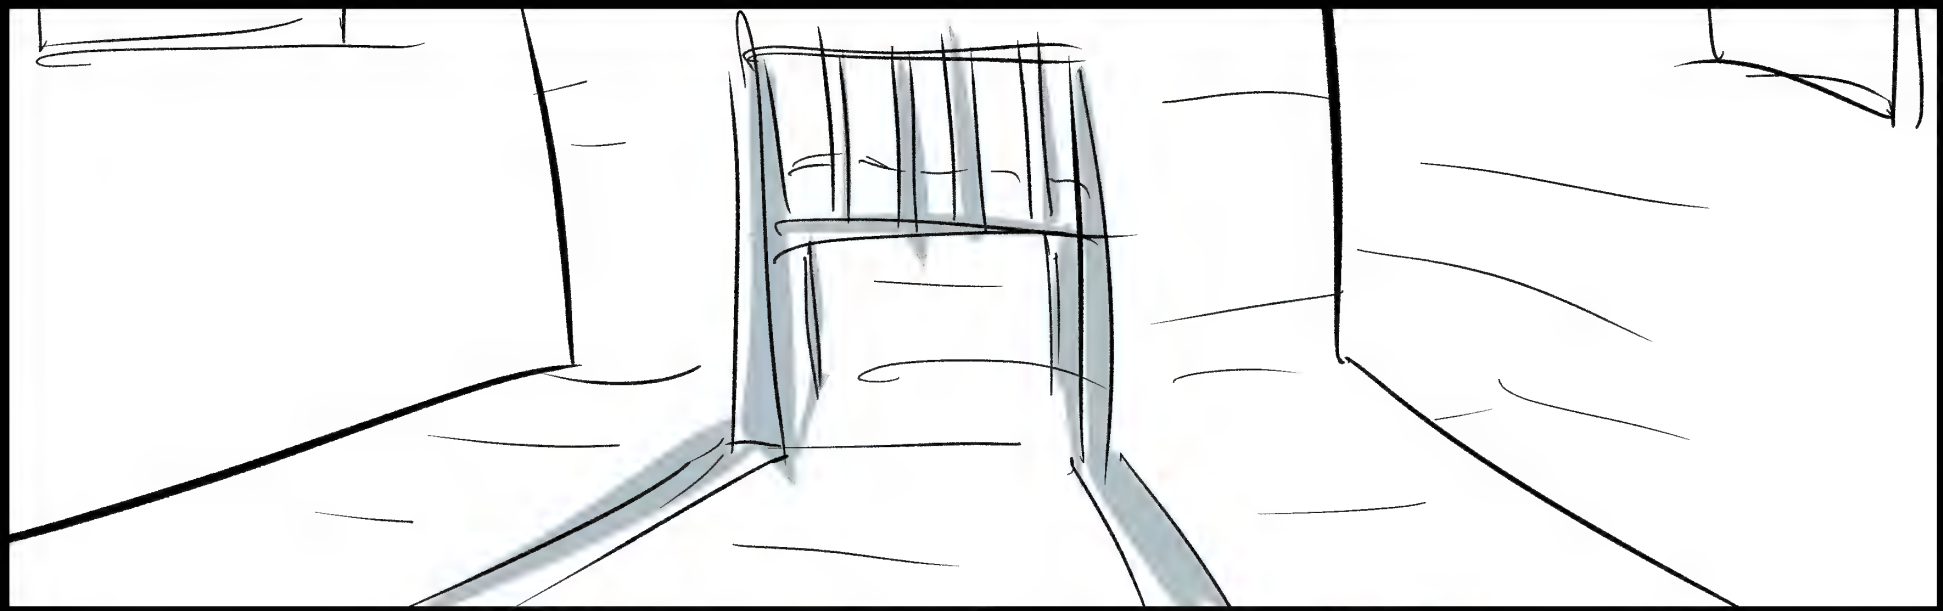

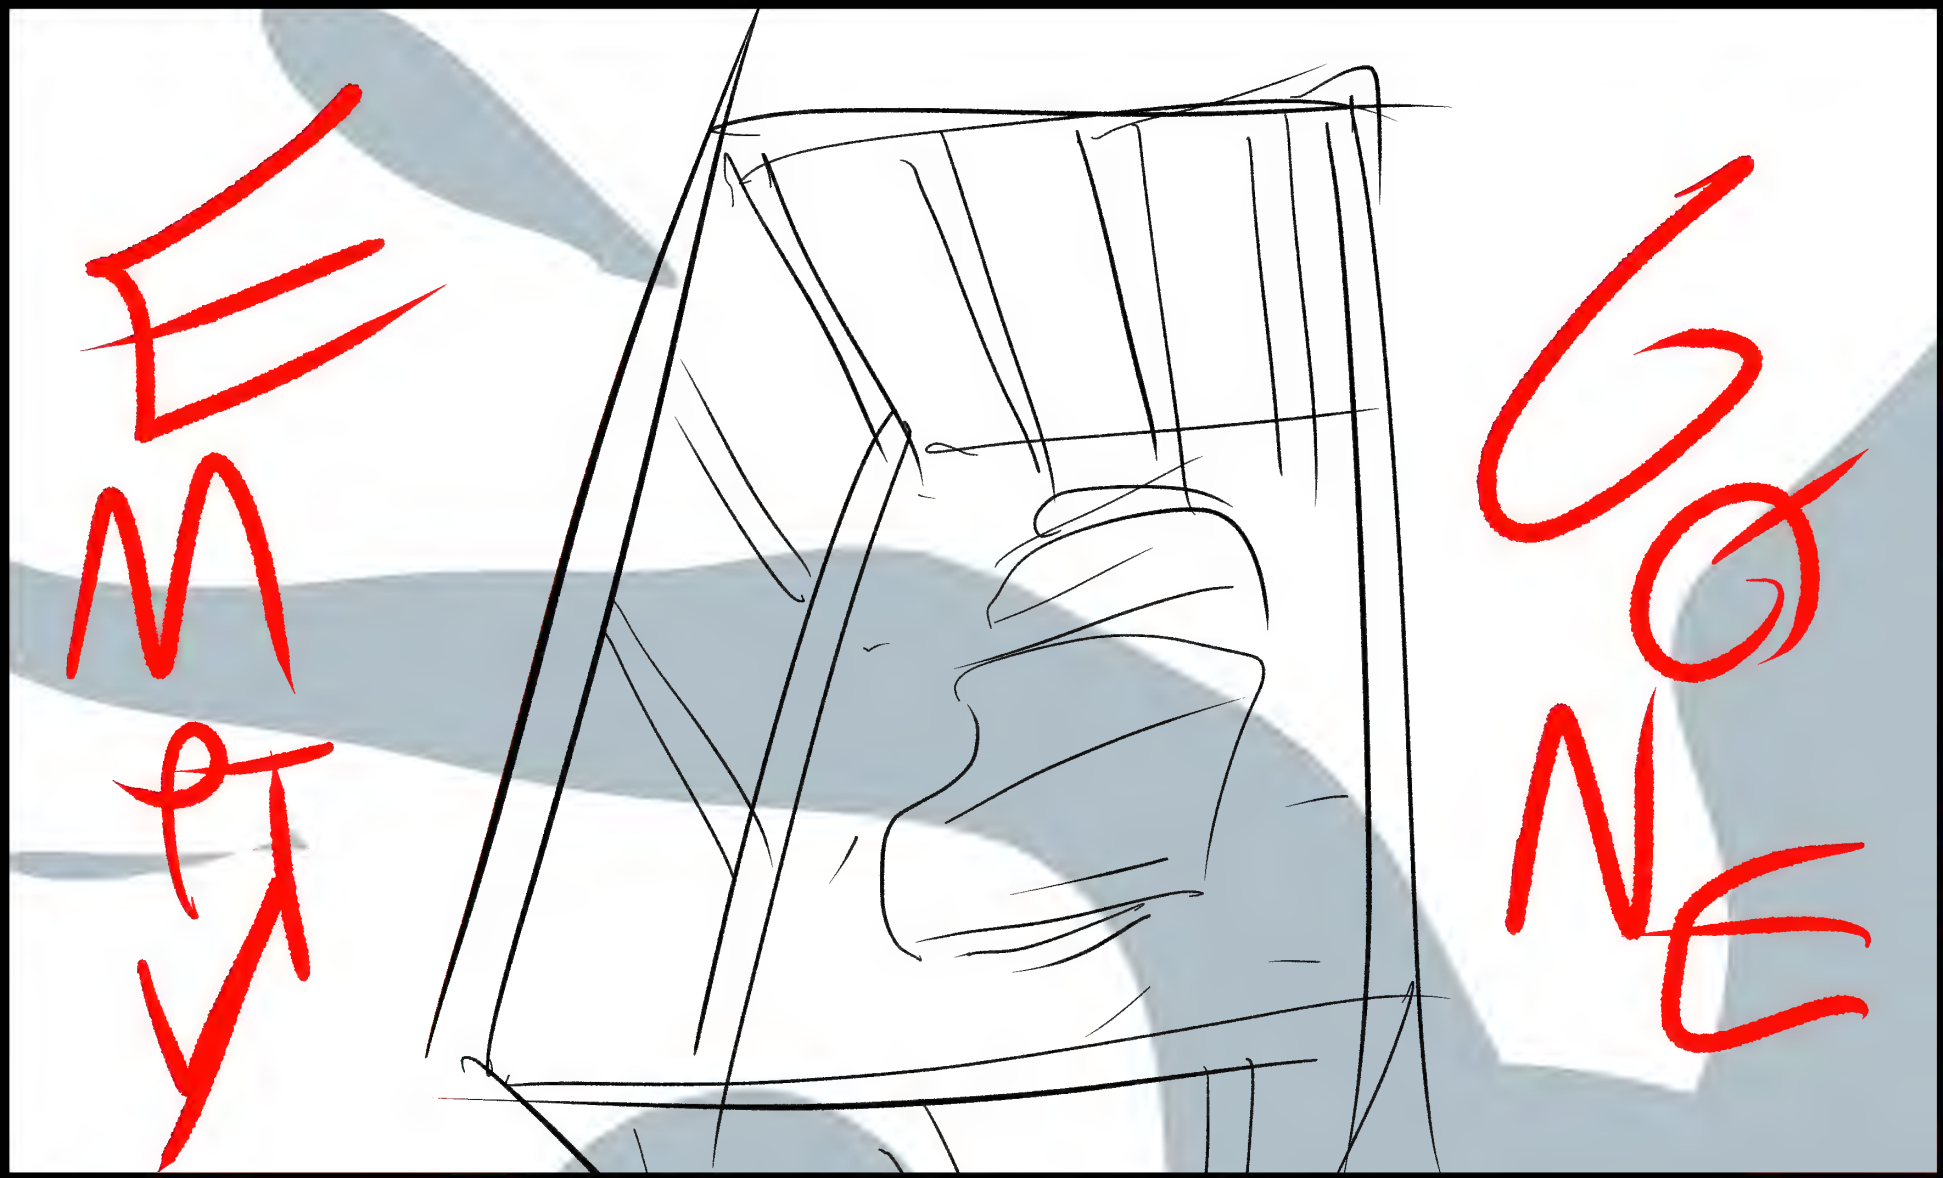

Why...

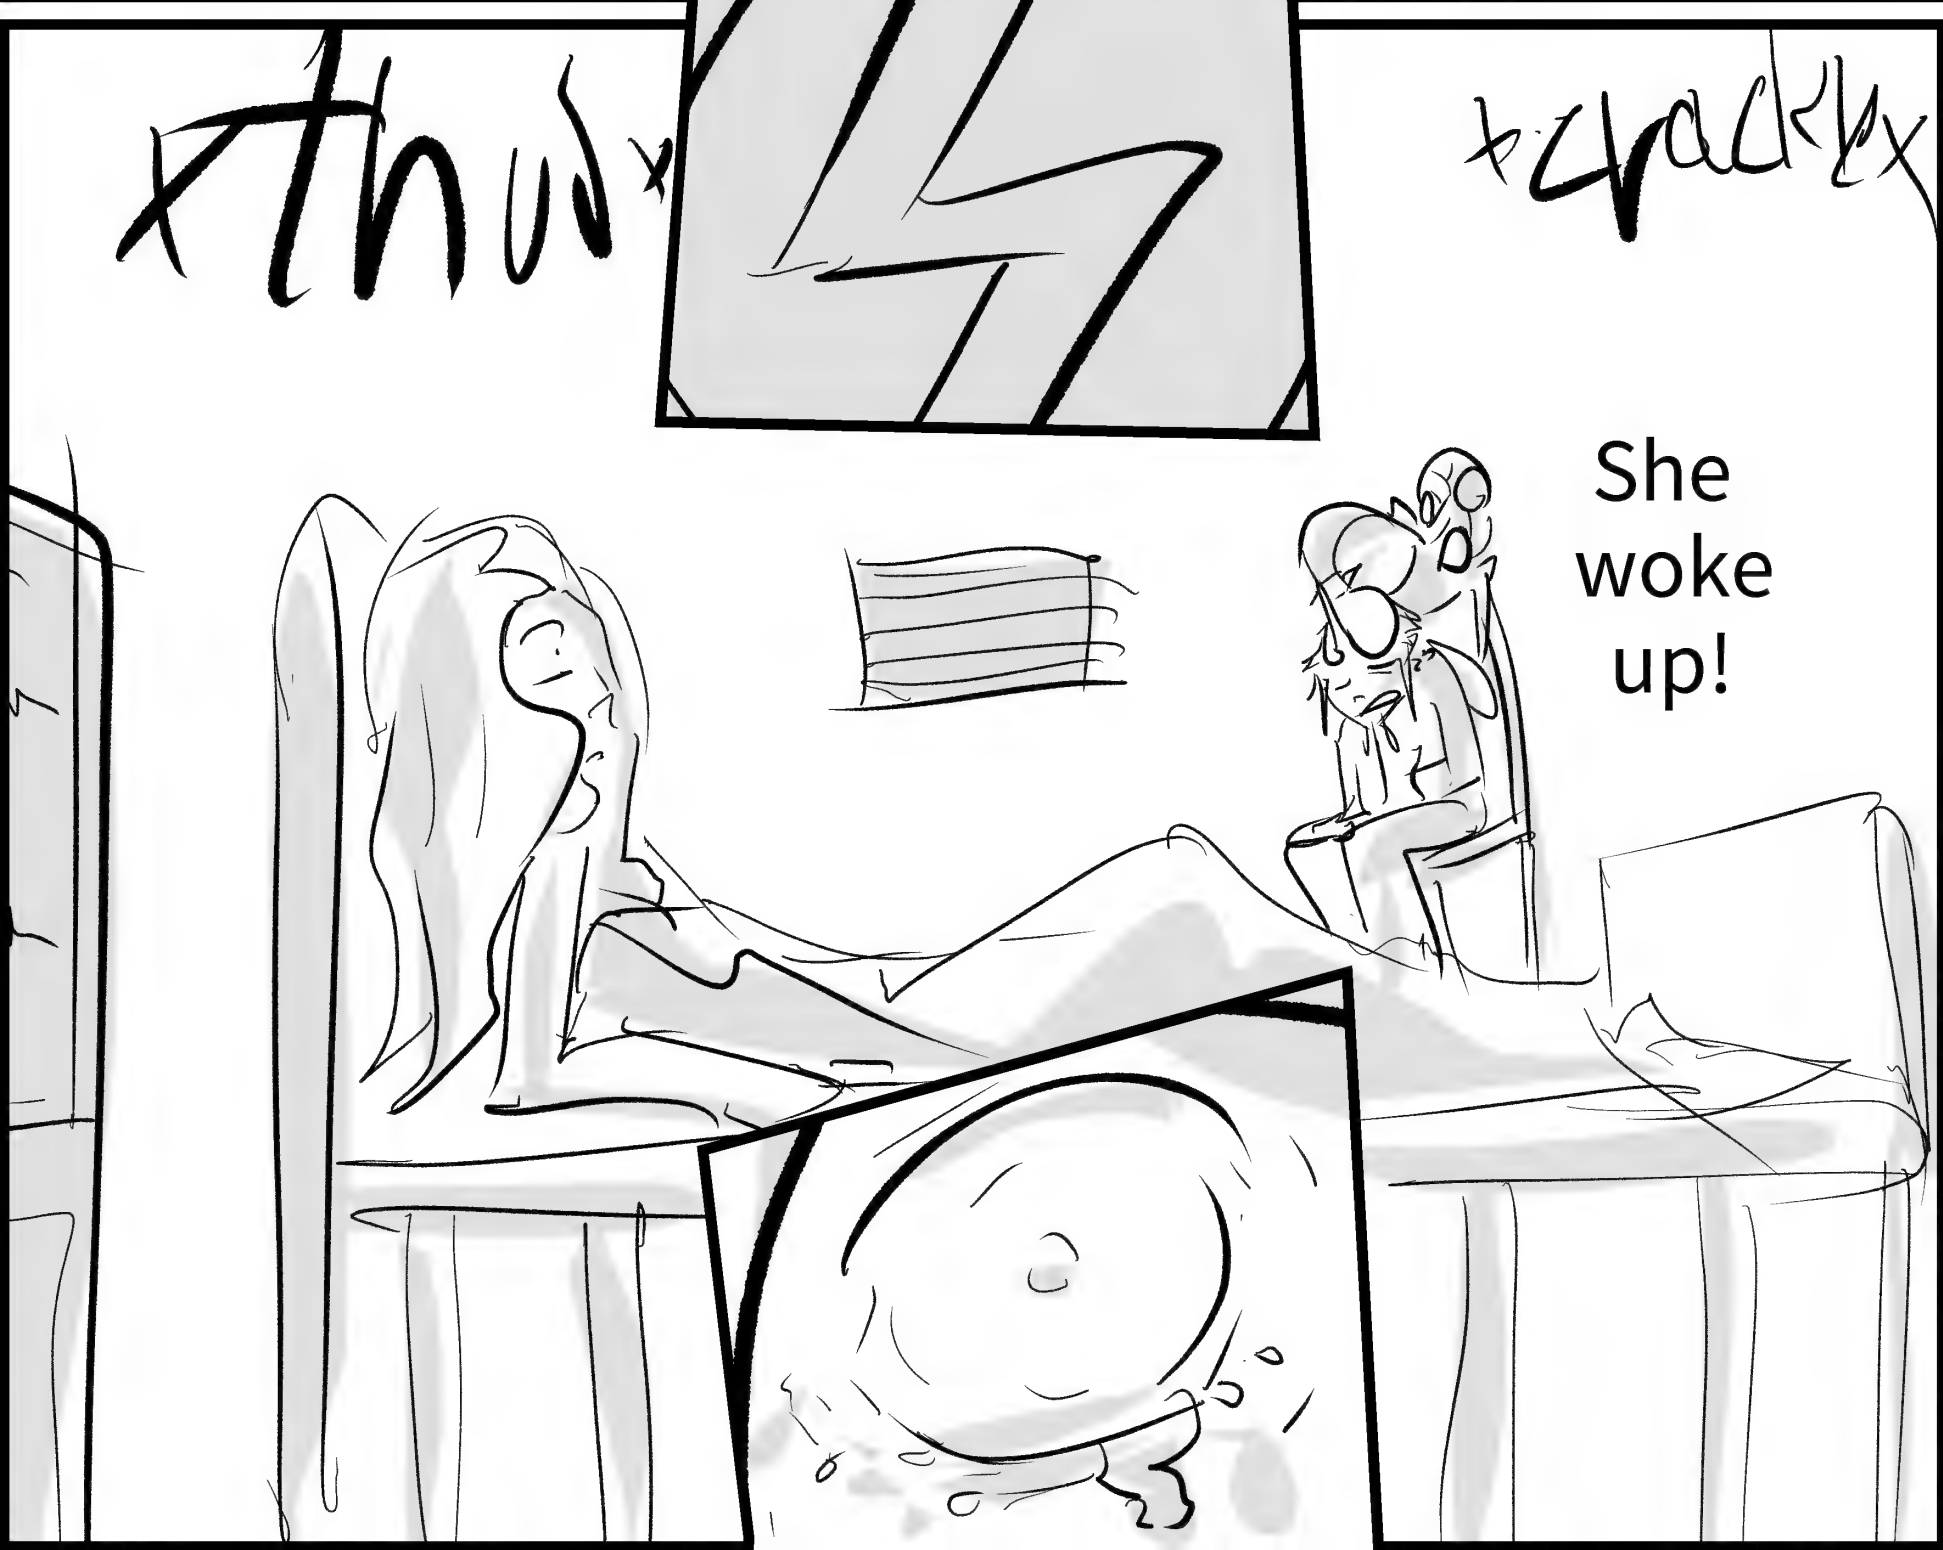

Why does it
feel so horrible!?

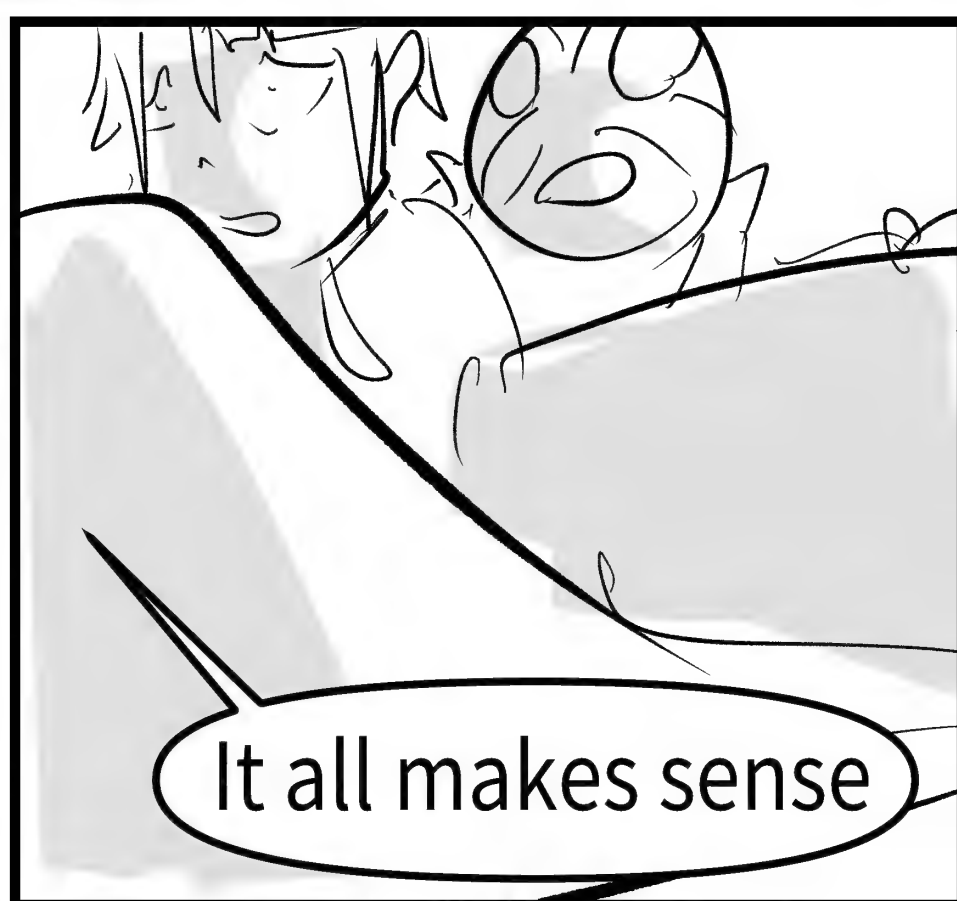

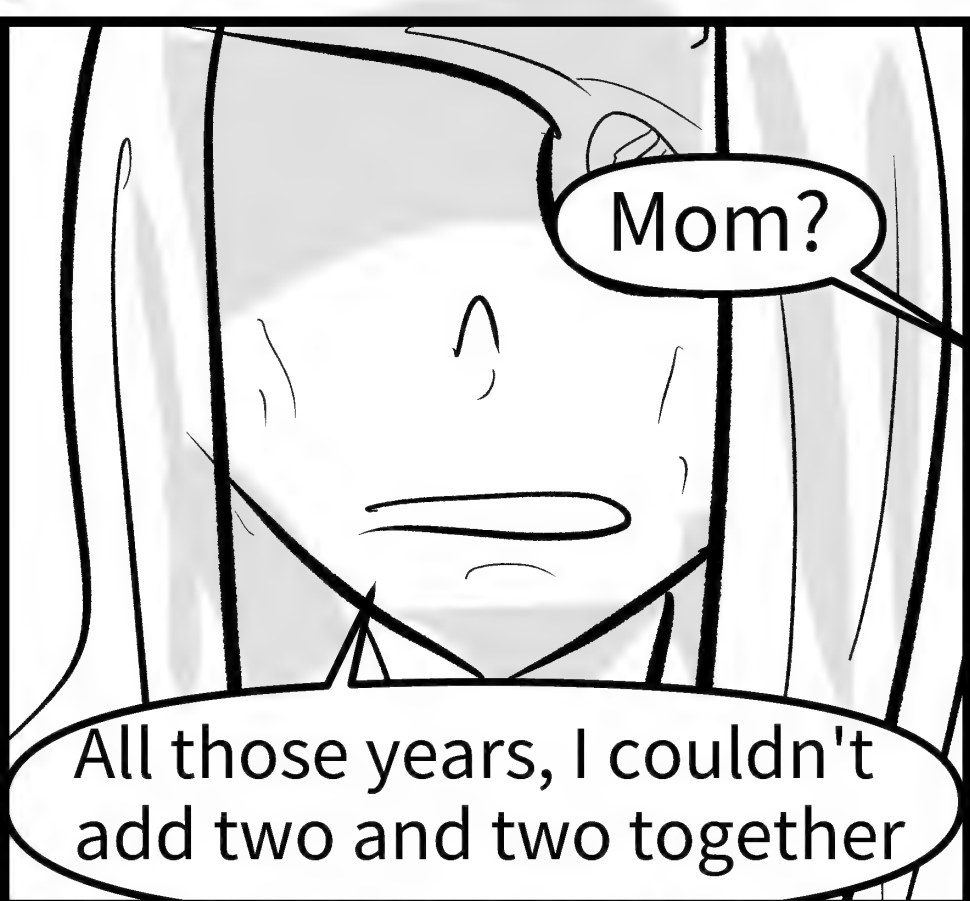

Hey hey,
it's gonna
be alright,
you're a
death scythe
now!

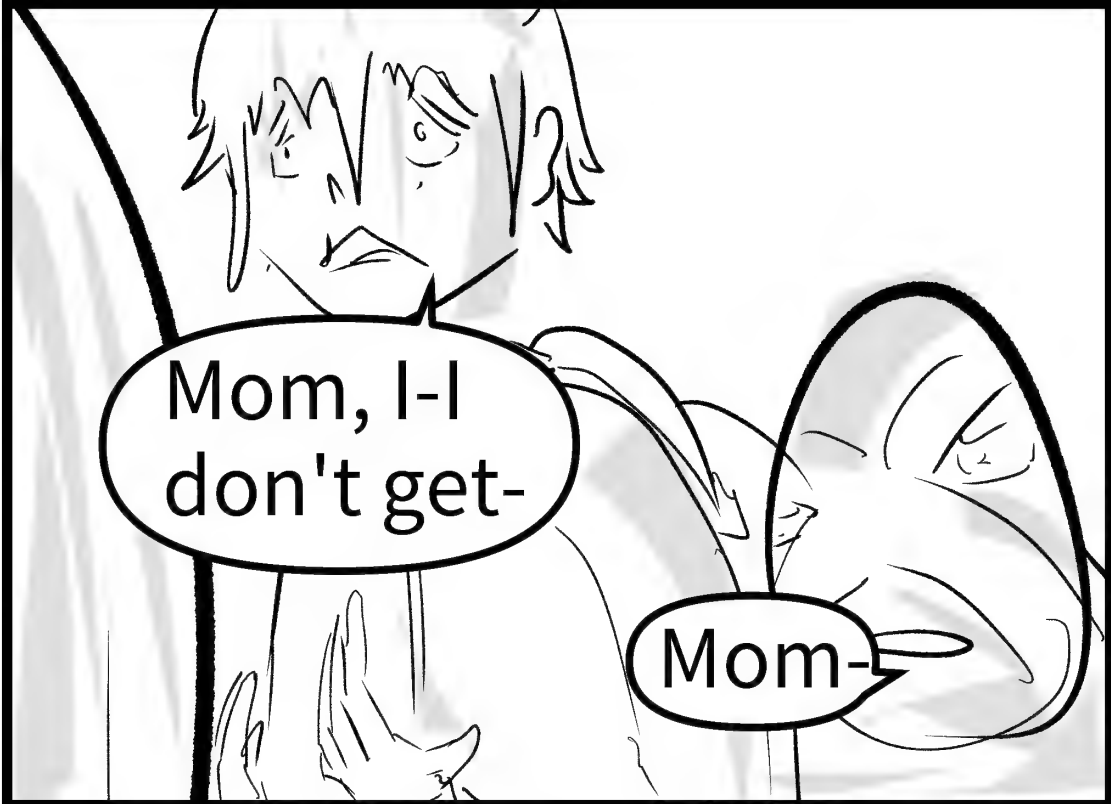

My hands stained
with innocent blood...

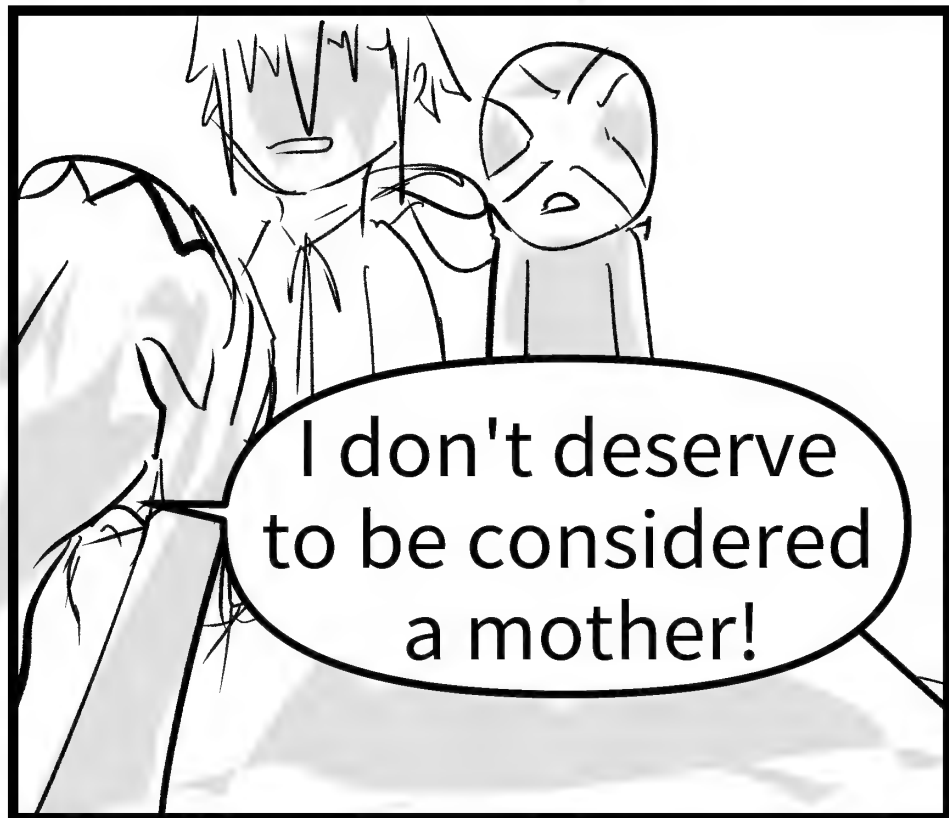

Mom, I-I
don't get-

Mom-

Don't call me that

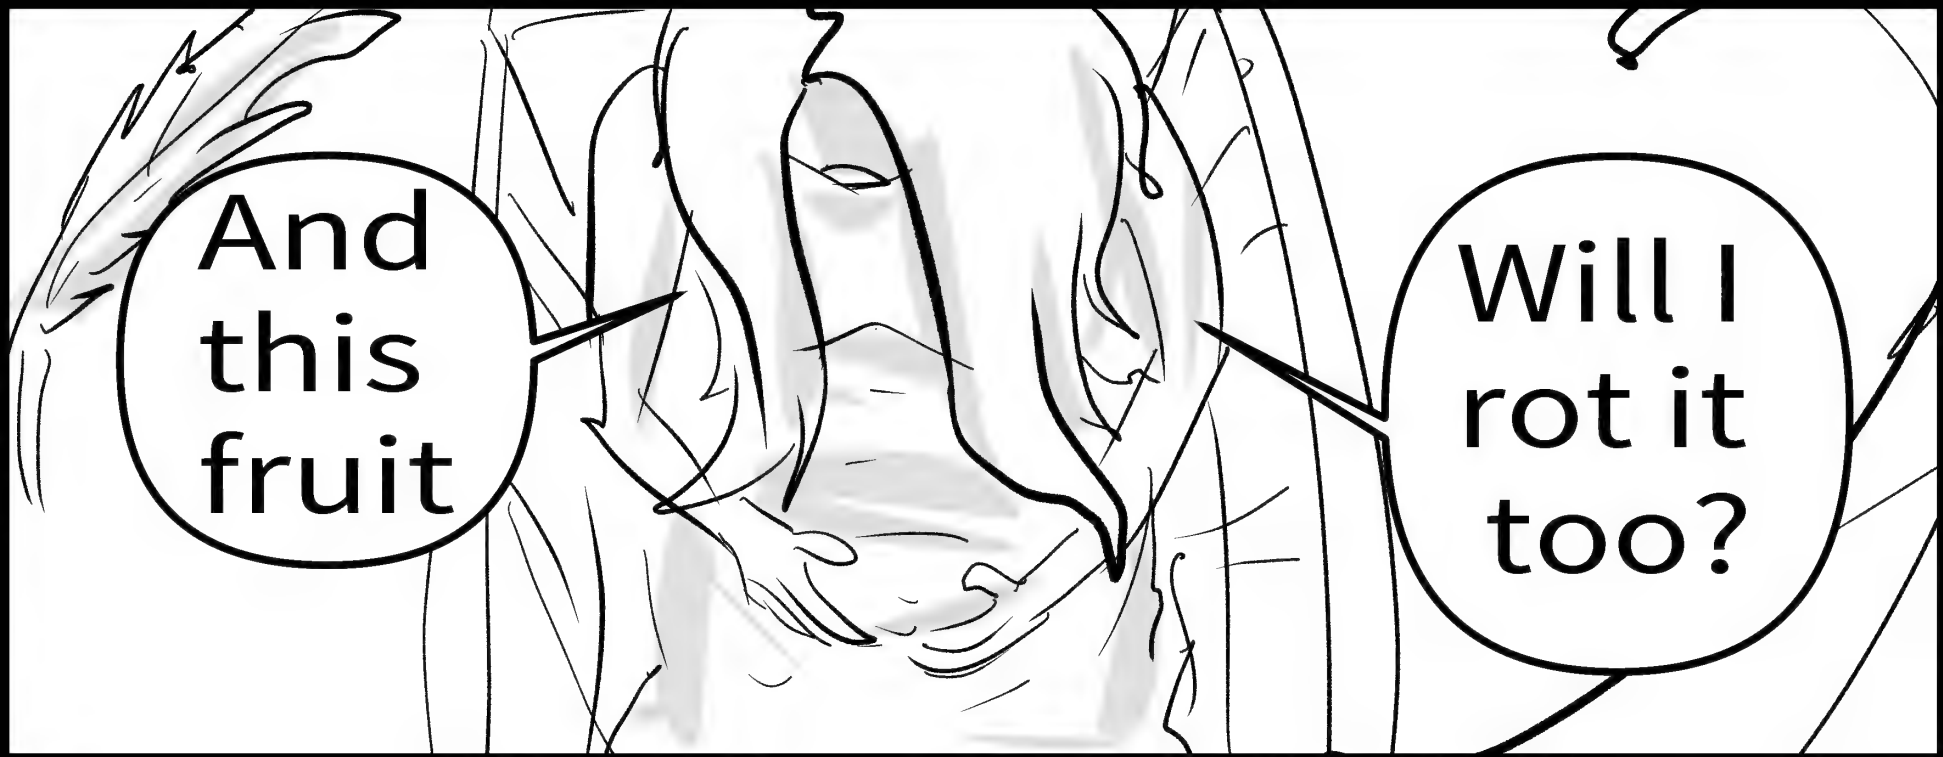

I don't deserve
to be considered
a mother!

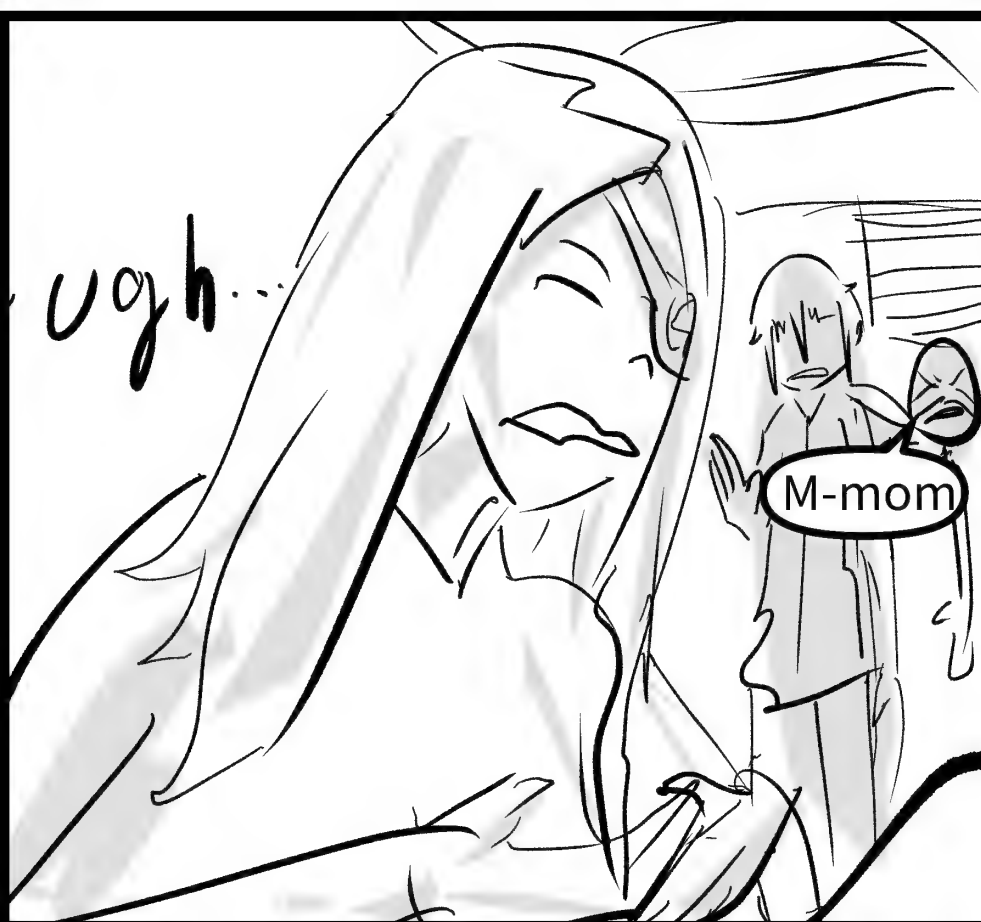

I'm cursed, that's why
no one ever wanted
to be near me!

I can't curse
you two also!

And this fruit

Will I rot it too?

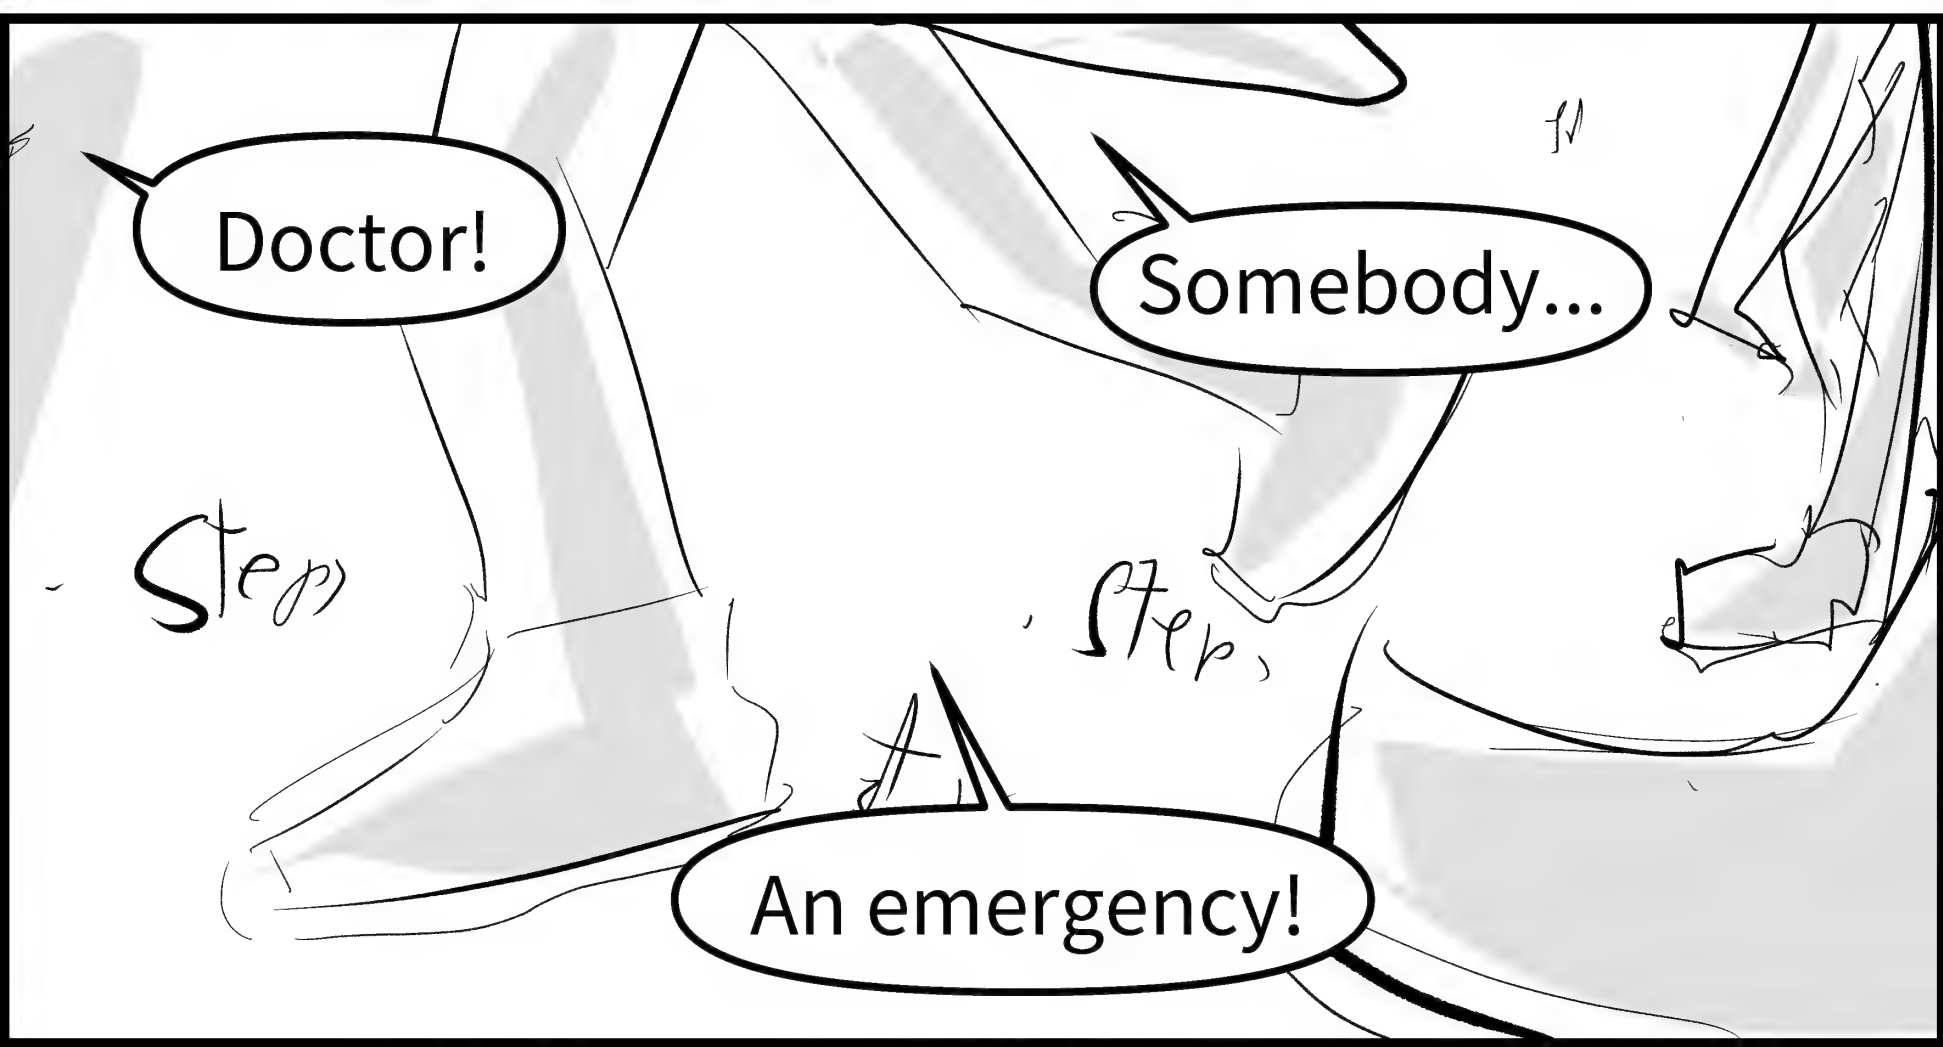

ugh...

M-mom

Aaah!

Nurse!
Stop dancing
and move
your ass here!

Doctor!

Somebody...

An emergency!

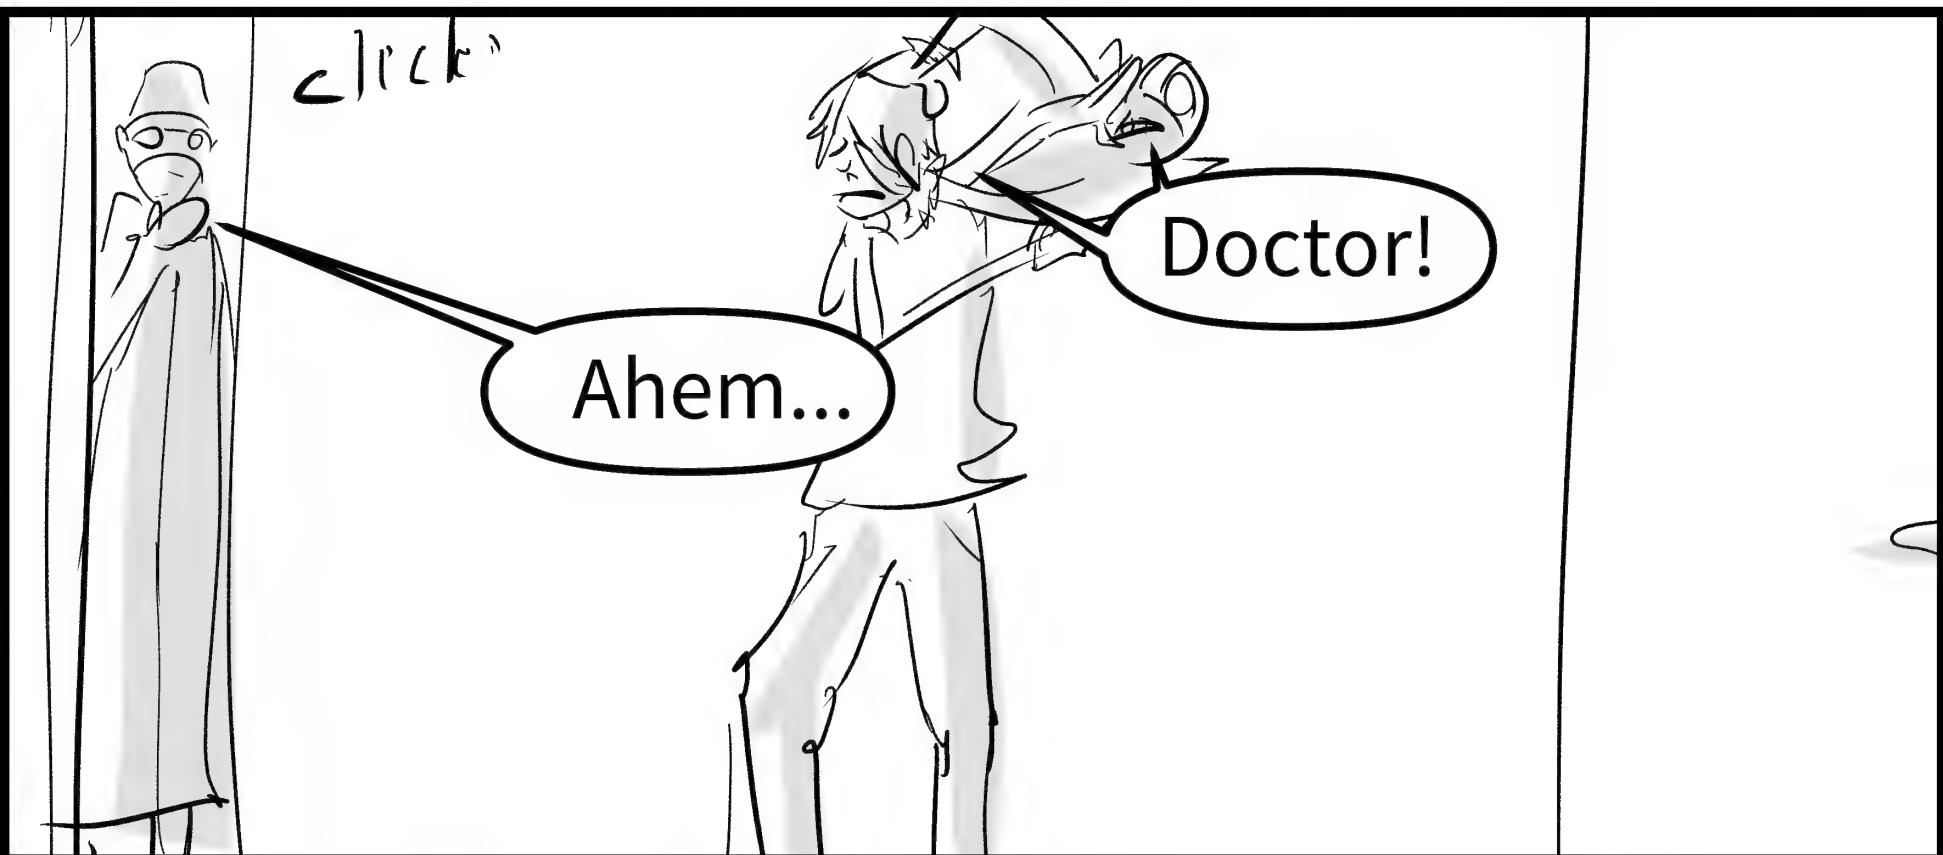

Step

Step

Lets go back in!

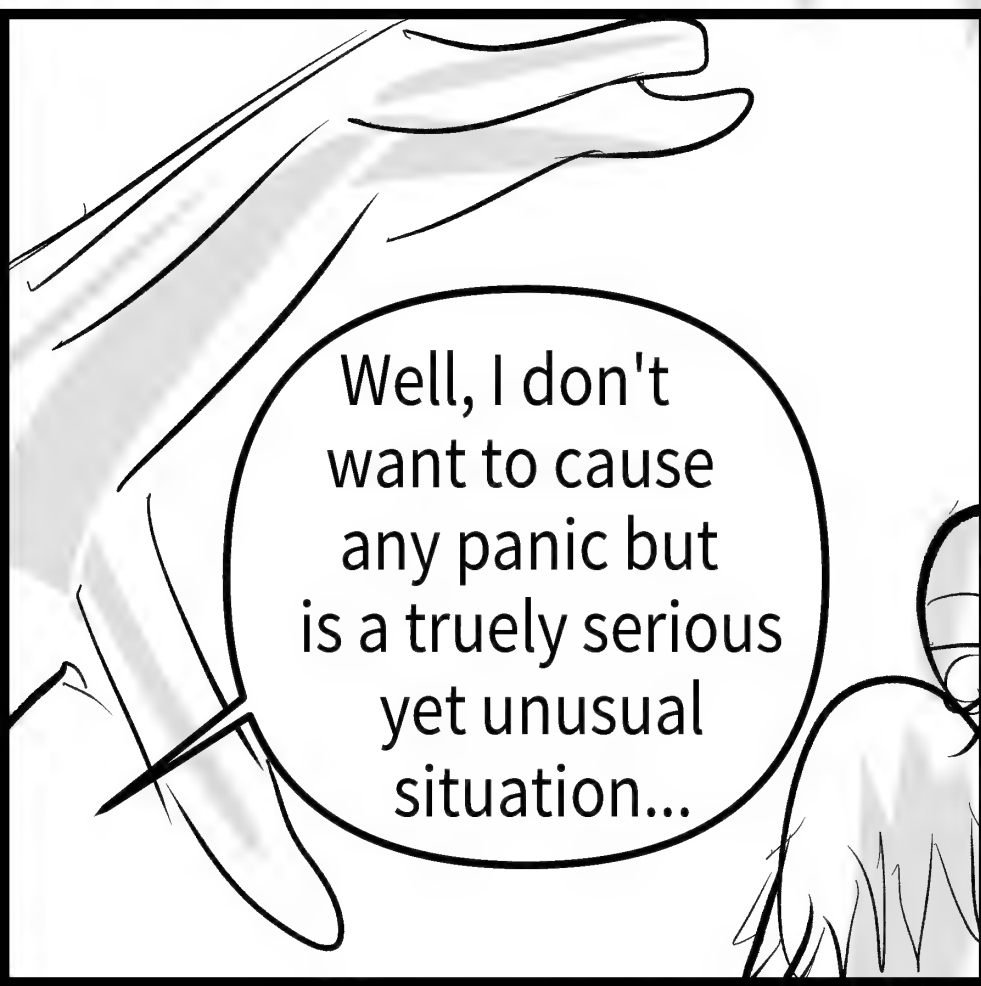

No we can't
bother the staff,
what if because
of us they
can't deal-

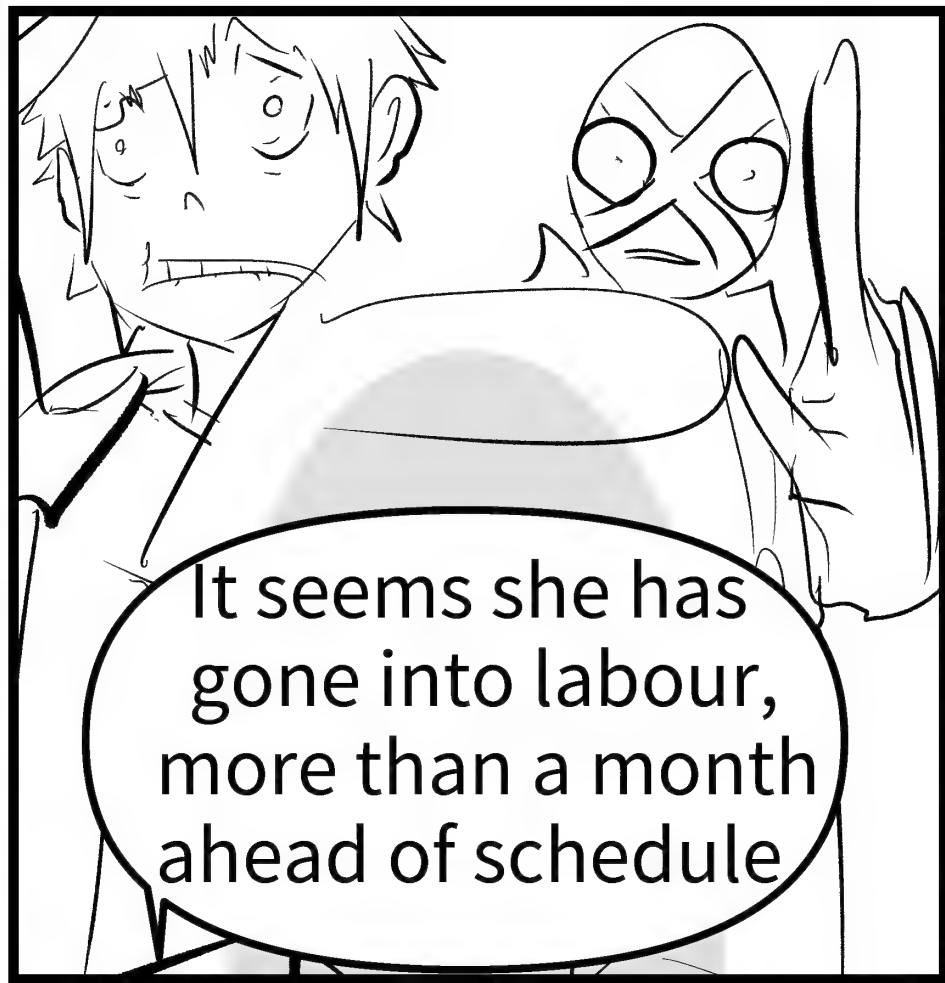

click

Ahem...

Doctor!

Well, I don't
want to cause
any panic but
is a truely serious
yet unusual
situation...

It seems she has
gone into labour,
more than a month
ahead of schedule

We will do everything in our might,
but this hour will be critical...

Not much

P-please, if there is
any way we can help-

Beyond keeping
any further stress or
distractions as far
away as possible

Well
ya
heard
him

You know what? Yeah

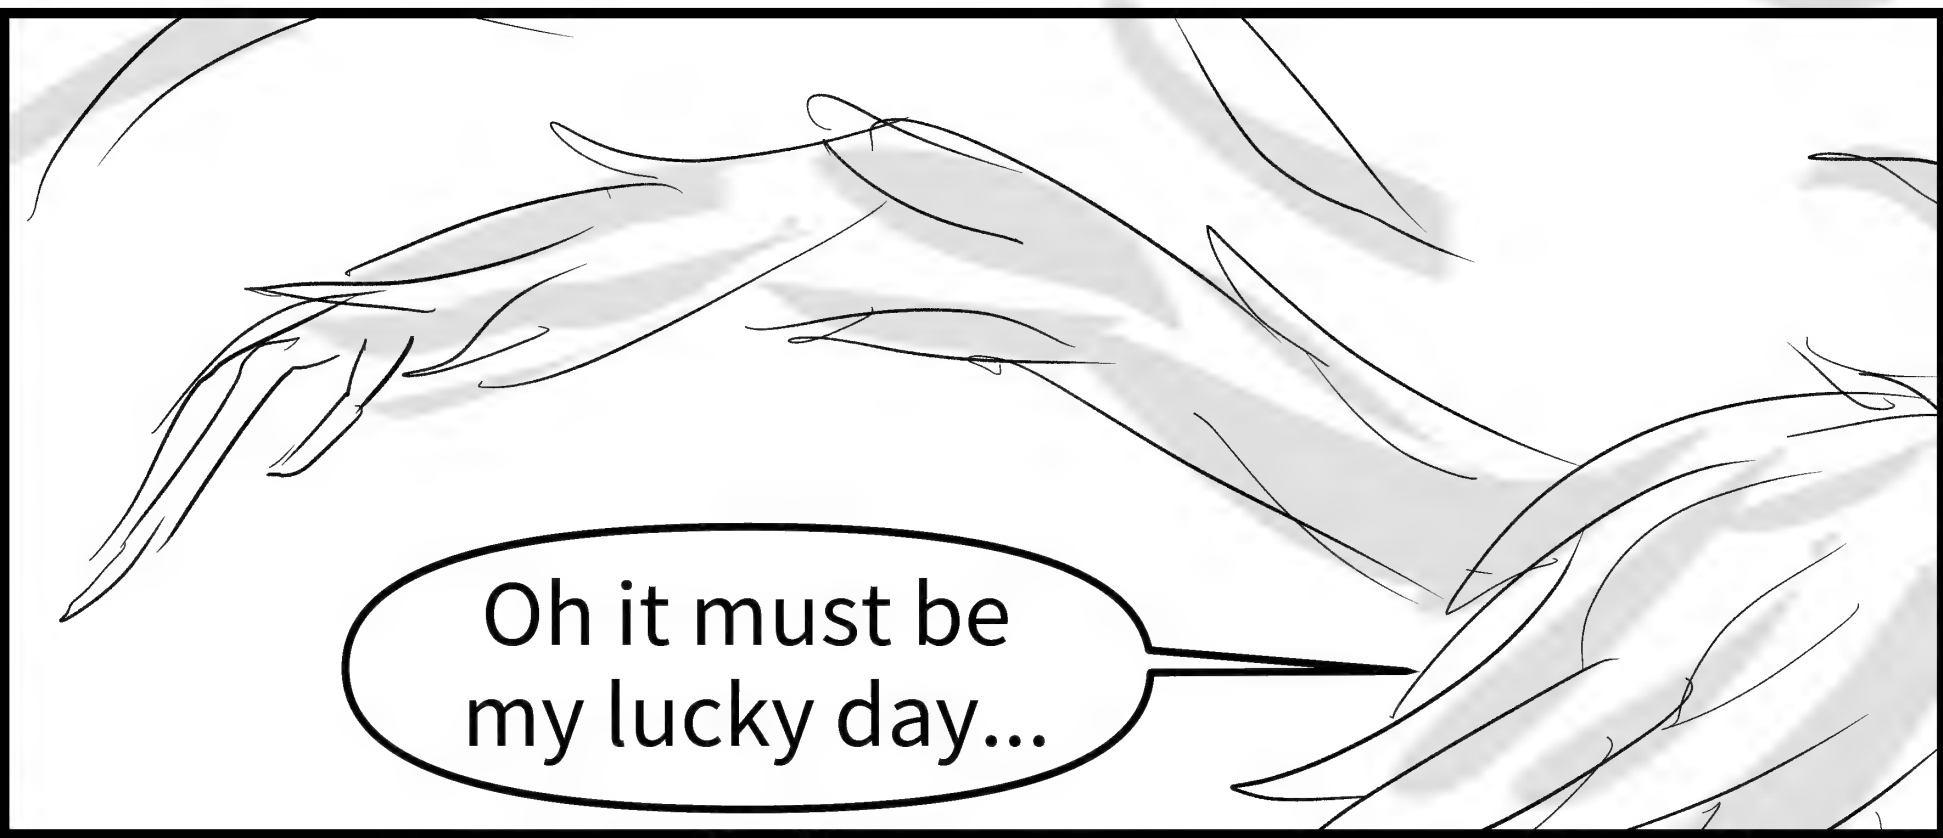

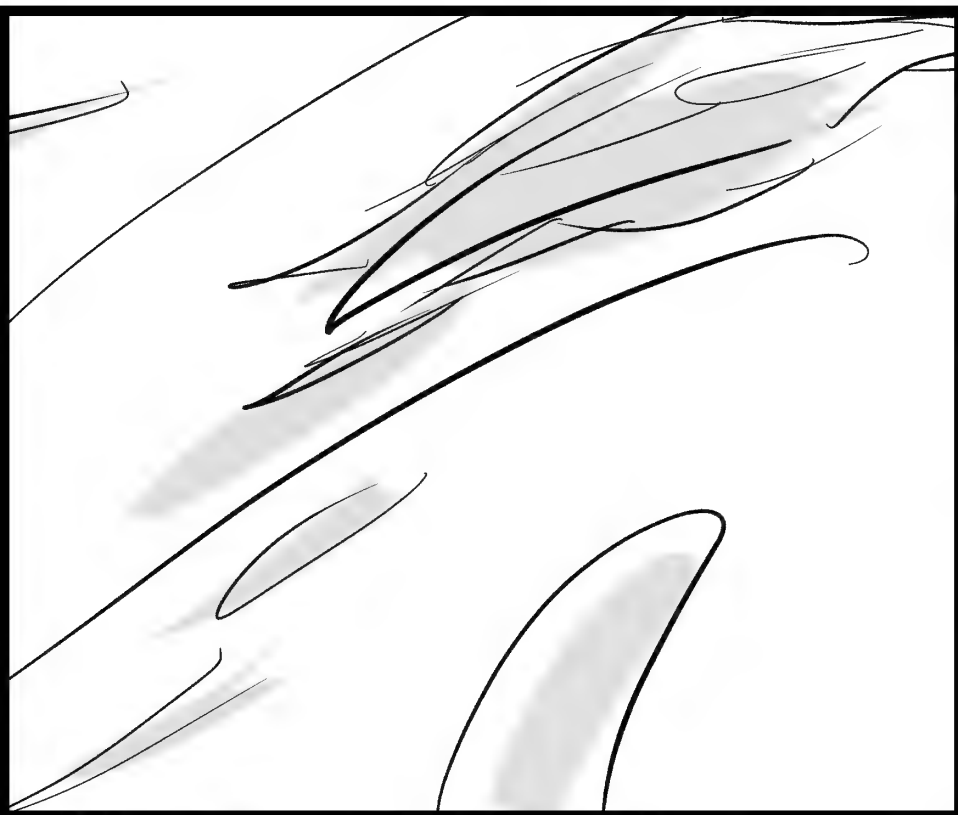

I might
prefer
corners

swish

but guarding
this door will
do just fine...

Hehe! We are experts at sitting on our own asses!

No way we
fuck this up!

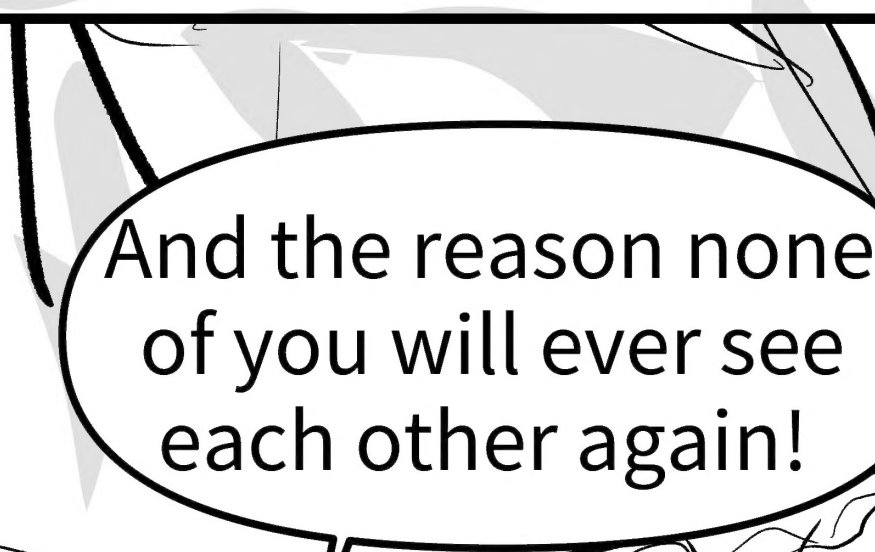

But might as well be Friday the 13th for you

Wh-who-

Don't act like you don't know, you cursed wretch, I'm the dark shadow over her sappy dreams

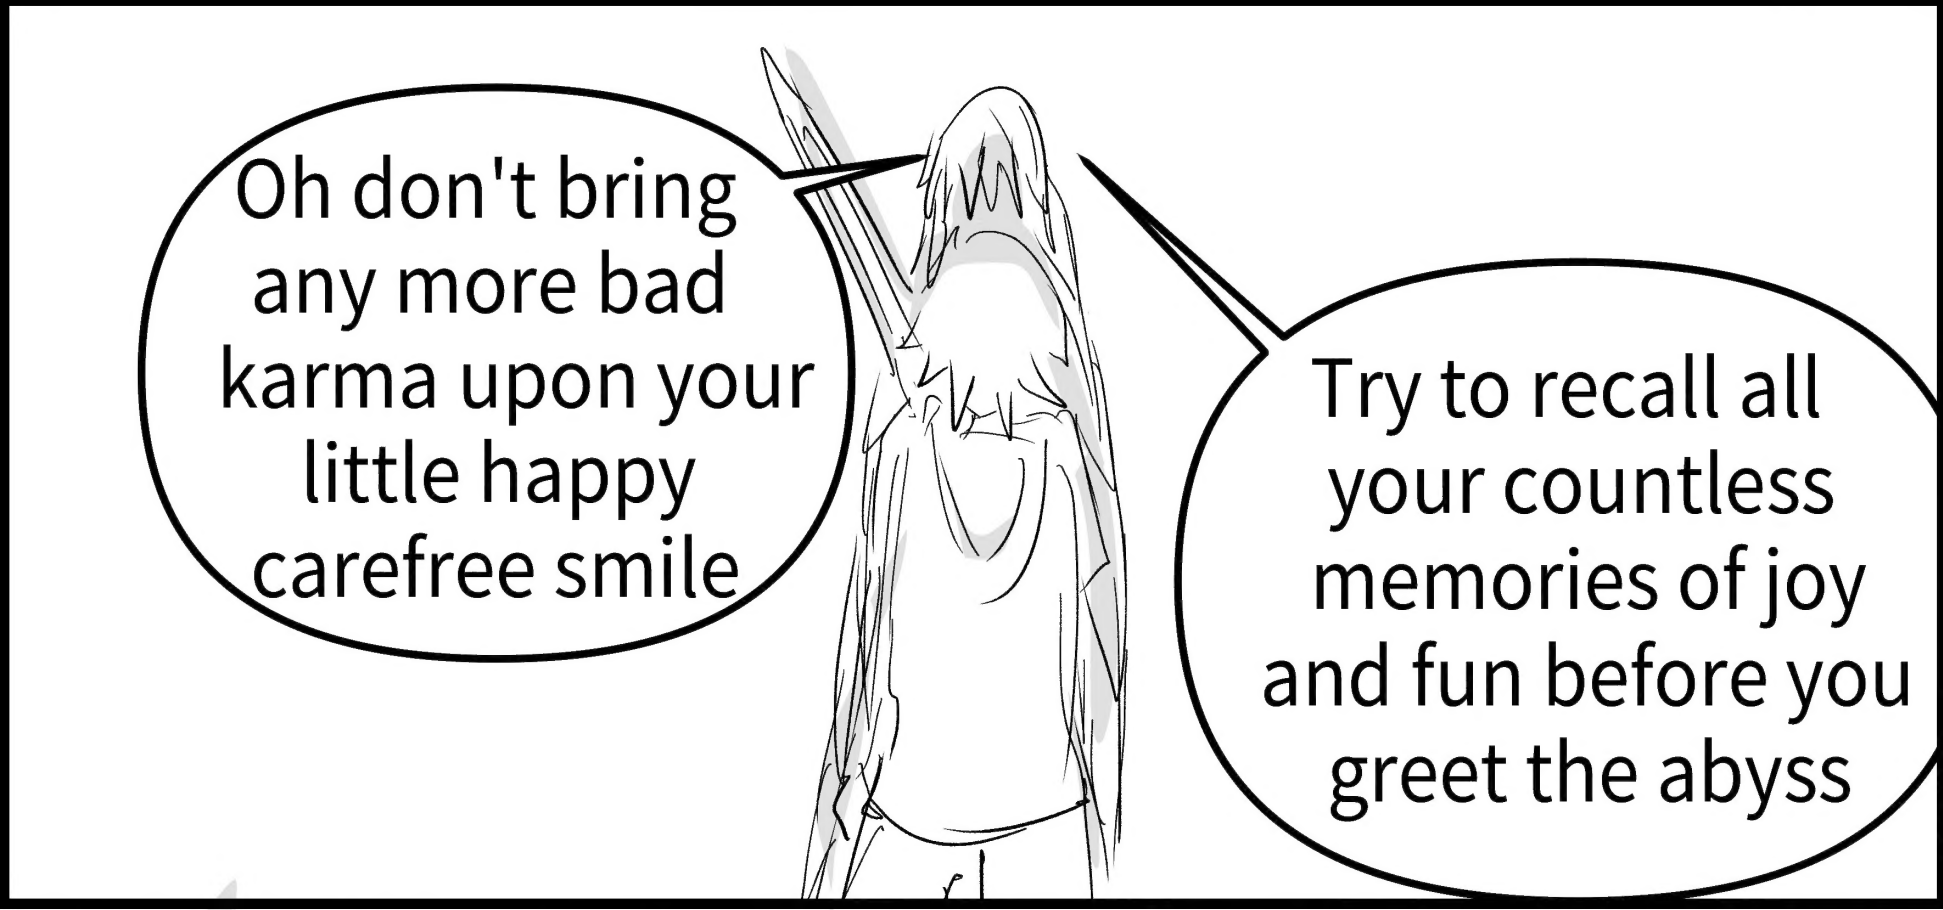

And the reason none of you will ever see each other again!

I understand...

Yeah, somebody beat us to the taring and feathering...

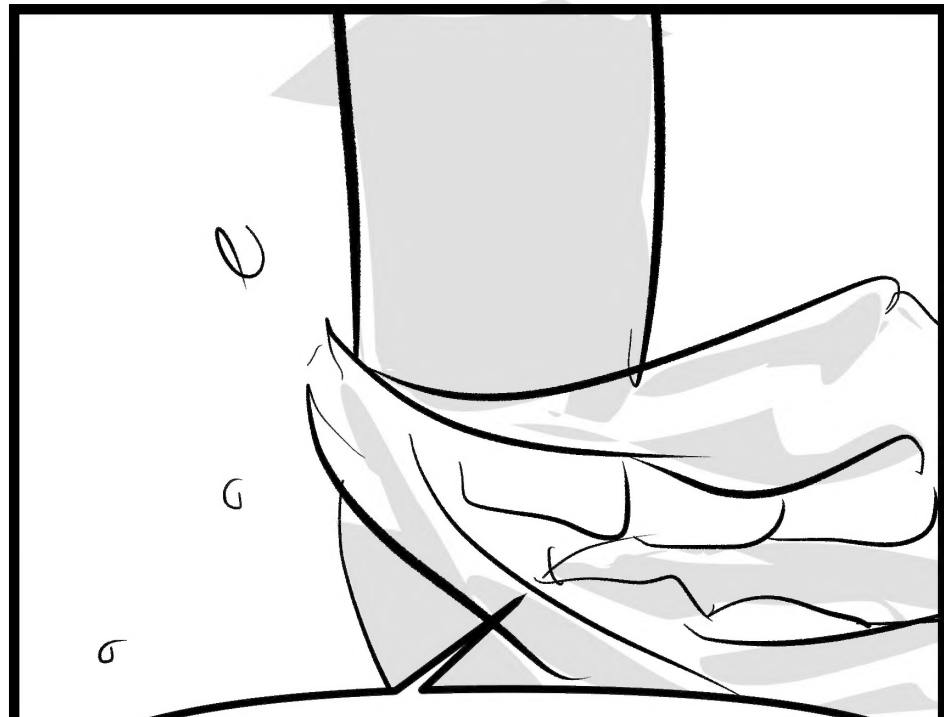

Oh don't bring any more bad karma upon your little happy carefree smile

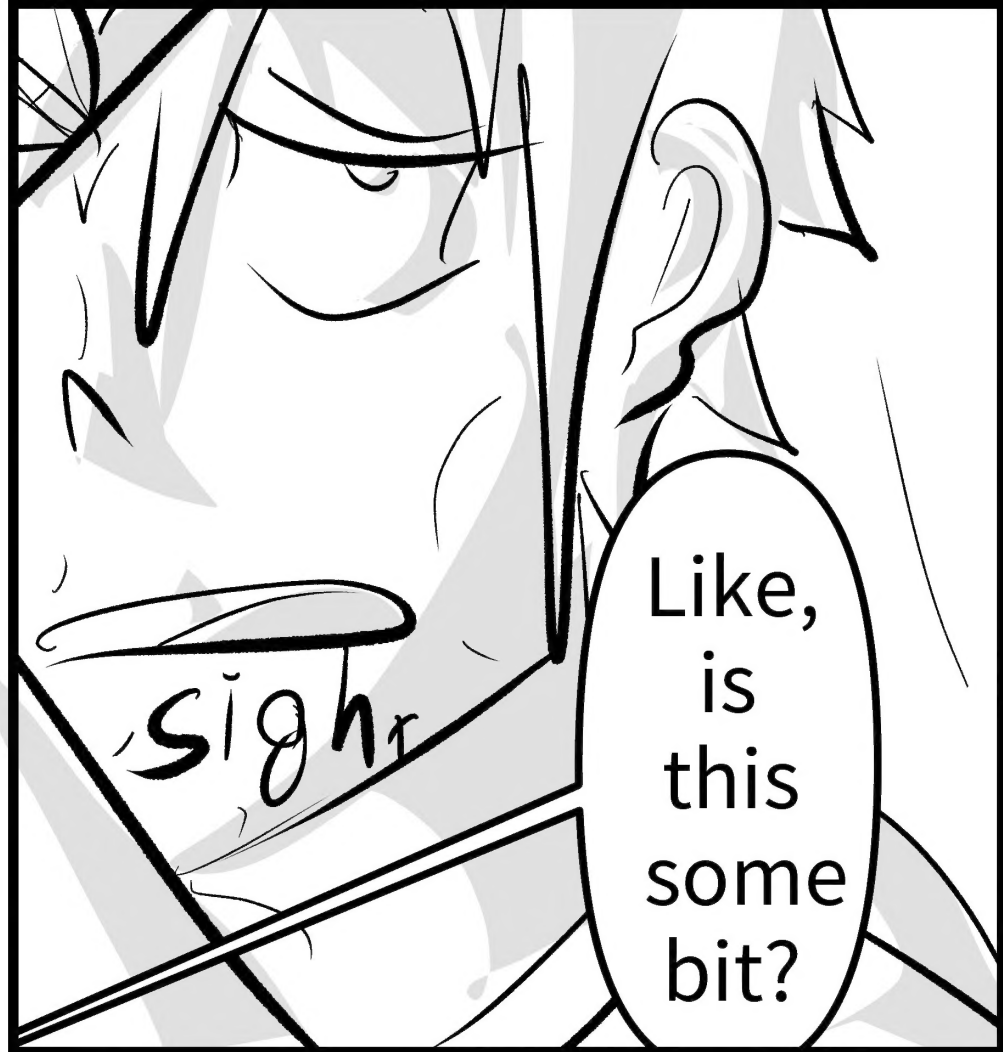

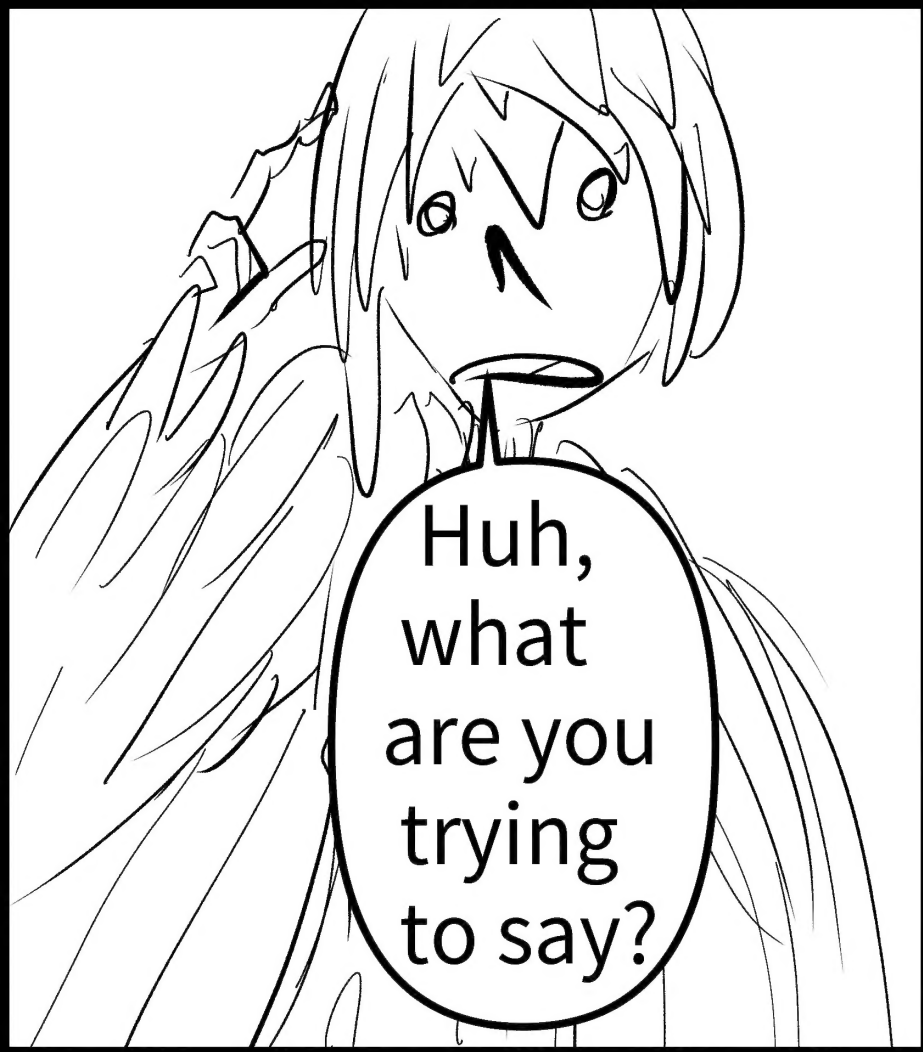

Try to recall all your countless memories of joy and fun before you greet the abyss

Ragnarok, she really must suck at reading people

Yeah, she is more dense than the average movie critic, guipi!

You cursed child!
I barely dodged-
